burberry business card holder: Annotated Leading Trademark Cases in Major Asian Jurisdictions Kung-Chung Liu, 2019-10-08 There has been little or no study on trademark laws in Asia on a cross-jurisdictional level. This book aims at filling the existing gap and provides a comprehensive overview of trademark laws of eight major Asian jurisdictions and their most-updated trademark case law. The book analyses six of the principal issues that best reflect Asian features in trademark law and trademark development. The cases in the book are principally the most authoritative decisions, usually the first to deal with certain new emerging issues, or the first to apply particular statutory provisions in the respective jurisdiction. Also included are a small number of direction-changing, outlying or even controversial decisions. Each case report is divided into six sections: summary, legal context, facts, reasoning of the court, legal analysis, and commercial or industrial significance. Readers will find this book useful in both its overview of the legal context and how those cases are to be interpreted legally and commercially.

burberry business card holder: The Reckoners Doranna Durgin, 2015-10-15 The Reckoners (Author Cut): A powerful ghostbuster raised by a spirit, her brilliantly eccentric backup team, a cat who isn't a cat at all...and a fiercely driven bounty hunter from a different dimension who brings them together when worlds collide. Heart, adventure, and buckets of wonder. --Julie Czerneda, Aurora-winning author of the Reunification Trilogy Skilled ghosthunter Lisa Garrie McGarrity not only sees dead people, she wrangles them into submission. But her beloved ghostly mentor moved on years ago, and the Southwest has gone quiet under Garrie's hand. Garrie and her team have grown restless and...well, face it. Maybe willing to take a risk or two. So when the relentlessly mysterious and fiercely driven Trevarr (and his not-cat!) shows up asking for help, Garrie is inclined to listen. And when he describes big trouble at the San Jose Winchester Mystery House, she's inclined to go with him, even if it splits her team along the way. But she doesn't expect a mansion crammed with spirits on the brink of madness, and she doesn't expect to face off against the powerful and unfamiliar energies of semi-ethereal beings from another dimension. She definitely doesn't expect the fabric of her own world to unravel around her--with no one but her to stop it. And truly, she has no idea how deep Trevarr's secrets run. ~~~ The Reckoners is certain to carry readers along at a break-neck pace that is nonetheless savored along the way. --Jennifer Roberson, author of the Karavans series. Ghosts, aliens, danger, romance, and a non-cat. As Lisa McGarrity might say, what's not to like? --Anne Bishop, author of the Black Jewels series Heroic figures with problems even bigger than they are. --Jacqueline Lichtenberg, The Monthly Aspectarian Readers will enjoy the humorous dialogue and ghost-busting lingo... --Publisher's Weekly THE RECKONERS is an original paranormal adventure which will fuel your imagination on every page. --Single Titles Delightful beginning to a new series that's funny and lively with a memorable cast of characters. --Fresh Fiction Doranna Durgin makes her mark with her new urban fantasy series, THE RECKONERS. The delicious debut titled, THE RECKONERS, features a topnotch ghost-hunting team, a tracker from another world, his mysterious sidekick, and all sorts of paranormal activity. The pacing is excellent and the plot engaging. Ms. Durgin's word-building is edgy and she provides some interesting takes on supernatural elements. Overall, the central mystery is complex, the action plentiful, and the developing relationship between the protagonists satisfying.... It is an exceptional read. --Romance Junkies Like all of Durgin's books, Reckoners has glorious 3D characters. It has all the joy of Ghostbusters, all the incredible monsters of the paranormal, and a delightful romance that never lets you down. Durgin deftly avoids cliché, and builds a rock-solid high-tension story. Best of

burberry business card holder: Burberry Days Brian Kitson, 2016 At the end of the 1950s the 100-year-old clothing firm Burberry was a troubled company with an uncertain future, whose new owners did not know what to do with it once they had secured it. Brian Kitson joined Burberry in 1958 expecting a temporary summer job and stayed for over twenty years. His research into the company's distinguished past, encouraged by the last Mr Burberry, began to suggest a possible direction for regeneration... Written with great verve and wit, Burberry Days tells of the author's unexpected adventures as an international travelling Burberry salesman throughout the 1960s and '70s, as well as exploring the origins of the company's emblematic trench coat and the familiar house check. The book also offers some controversial reasons why Britain, with so much to offer - from the Savile Row suit, the Jermyn Street shirt and Scottish cashmere to workforce skills and great design talent - can still only count Burberry in the premier league of international fashion houses.

burberry business card holder: How to Use Your Business Cards for Success G. Lee Mikules, 2003 Your business card is usually the first tangible thing a customer/client will take with him or her after meeting you. Does it communicate the message you want it to? G. Lee Mikules offers guidelines on how to get the most from your card- from design to distribution. Everyone is concerned about what is important to them before they are concerned about anything else. And you,

as the one who hands them out, must realize that your ego will clash with that of the person who receives your card...The person you hand your card to does not care about your name or the fact that you have been in business for 25 years, or that you have every credential possible, and so forth. The only thing he is interested in is what your business, product, or service can do for him. Will it save or make him money? Will it feed his ego? You have to distill the essence of what your business is, and, most importantly, what it can do for your customer into a concise, benefit-oriented, hard-hitting sales message. Then put that message front and centre on your card!
