business for lady: The Business of Women Melanie Buddle, 2011-01-01 In the past, Western women inhabited a conceptual space divorced from the world of business. Historians have consequently tended to overlook the experiences of women entrepreneurs. Who were these women, and how were they able to justify their work outside the home? The Business of Women explores the world of women entrepreneurs in early twentieth-century British Columbia. Contrary to expectation, the typical businesswoman was not unmarried or particularly rebellious, but a woman who reconciled entrepreneurship with her femininity and her identity as a wife, mother, or widow. The entrepreneurial woman was the product of a frontier ethos in British Columbia that translated into higher rates of marriage for women and more married women working outside the home than in any other province in Canada. Like men, they worked to support their families.

business for lady: Familiarity Is the Kingdom of the Lost Dugmore Boetie, 2020-11-03 A fast-paced romp through apartheid-era South Africa that exemplifies the creative human capacity to overcome seemingly omnipotent enemies and overwhelming odds. The picaresque hero of this novel, Duggie, is a dispossessed black street kid turned con man. Duggie's response to being confined to the lowest level of South Africa's oppressive and humiliating racial hierarchy is to one-up its absurdity with his own glib logic and preposterous schemes. Duggie's story, as one critic puts it, offers "an encyclopedic catalogue of rip-offs, swindles, and hoaxes" that regularly land him in jail and rely on his white targets' refusal to admit a black man is capable of outsmarting them. Duggie exploits South Africa's bureaucratic pass laws and leverages his artificial leg every chance he gets. As "a worthless embarrassment to the authorities and a bad example to the convicts," Duggie even manages to get himself thrown out of jail. From Duggie's Depression-era childhood in urban Johannesburg to World War II and the rise of the white supremacist apartheid regime to his final, bitter triumph, Boetie's narrative celebrates humanity's relentless drive to survive at any cost. This new edition of Boetie's out-of-print classic features a recently discovered photograph of the author, an introduction replete with previously unpublished research, numerous annotations, and is

accompanied by Lionel Abrahams' haunting poem, "Soweto Funeral," composed after attending Boetie's interment, all of which render the text accessible to a new generation of readers.
