For Sale--American Paradise focuses on the experiences of William Jennings Bryan and Edwin Menninger, the two men who shaped the image of Florida that we know today and who sold that image as America's paradise. business for sale stuart: **The History of Beaufort County, South Carolina** Lawrence S. Rowland, Alexander Moore, George C. Rogers, Jr., 2020-06-22 The complex, colorful history of South Carolina's southeastern corner In the first volume of The History of Beaufort County, South Carolina, three distinguished historians of the Palmetto State recount more than three centuries of Spanish and French exploration, English and Huguenot agriculture, and African slave labor as they trace the history of one of North America's oldest European settlements. From the sixteenth-century forays of the Spaniards to the invasion of Union forces in 1861, Lawrence S. Rowland, Alexander Moore, and George C. Rogers, Jr., chronicle the settlement and development of the geographical region comprised of what is now Beaufort, Jasper, Hampton, and part of Allendale counties. The authors describe the ill-fated attempts of the Spanish and French to settle the Port Royal Sound area and the arrival of the British in 1663, which established the Beaufort District as the southern frontier of English North America. They tell of the region's bloody Indian Wars, participation in the American Revolution, and golden age of prosperity and influence following the introduction of Sea Island cotton. In charting the approach of civil war, Rowland, Moore, and Rogers relate Beaufort District's decisive role in the Nullification Crisis and in the cultivation, by some of the district's native sons, of South Carolina's secessionist movement. Of particular interest, they profile the local African American, or Gullah, population - a community that has become well known for the retention of its African cultural and linguistic heritage.
