Now, with her first book, she looks set to become the national institution she deserves to be. With her customary wit and keen insight into social, political and cultural affairs, Lerato shines a bright - and controversial - light on South African society and the quirky ways of the country. but thats none of my business kermit: Make Me a Liar Melissa Landers, 2023-12-05 Caught red handed, for a crime she didn't commit. Within the secret circles of Harvey Davis High School, everyone knows Tia Dante is worth her weight in hall passes. Using her genetic gift of transferable consciousness, she can slip inside your mind and do your dirty work—humiliate your cheating boyfriend, bring a bully to his knees, tell your boss where to stick it—and then return your body with no one the wiser. No task is too awkward, and unlike the competition, she takes care of business without peeking at your goods. But while Tia is occupied during a routine payback mission, someone uses her body for a few dirty deeds of their own...like murdering the town prosecutor. With the crime caught on camera and no concrete alibi, Tia is forced to ask her infuriatingly gorgeous ex—Nash Brock—to help unravel the mystery. The heat is on, in more ways than one, and a few stray bullets later, Tia is in a frantic race against the clock to find the killer before they find her.

but thats none of my business kermit: Doing Text Pete Bennett, Julian McDougall, 2017-02-14 This collection re-imagines the study of English and media in a way that decentralises the text (e.g. romantic poetry or film noir) or media formats/platforms (e.g. broadcast media/new media). Instead, the authors work across boundaries in meaningful thematic contexts that reflect the ways in which people engage with reading, watching, making, and listening in their textual lives. In so doing, this project recasts both subjects as combined in a more reflexive, critical space for the study of our everyday social and cultural interactions. Across the chapters, the authors present applicable learning and teaching strategies that weave together art works, films, social practices, creativity, 'viral' media, theater, TV, social media, videogames, and literature. The culmination of this range of strategies is a reclaimed 'blue skies' approach to progressive textual education, free from constraining shackles of outdated ideas about textual categories and value that have hitherto alienated generations of students and both English and media from themselves.

but thats none of my business kermit: The Gold I Carried As Stone Jackie Khomotso Seja, 2021-01-25 You are special! You are amazing! All that this book does is remind you of that and does its best in assisting you to let the gold that you are shine forth. The truth is that in life you can never achieve anything above how you view yourself nor your mind would allow you to work at achieving it. There is a scripture that I love from the bible which says: "As a man thinketh, so is he" proverbs 23:24. It is similar to a quote by one of my favourite philosophers Confucius: "He who think he can and he who think he can't are both usually right" I have endeavoured in this book to show the potential that you have and that you are already awesome and you should let yourself busk in the glory and purity of your awesomeness.

but thats none of my business kermit: No Heroes Jamie Hall, 2017-12-14 Michaels life is one of little importance, which is a far cry from his dreams of being a hero throughout childhood. Several traumas in his life lead Michael down a path of vengeance in his fathers name. Guided by the desire to leave a legacy and create change, Michael battles disease and internal demons to catch his fathers killer and those that prey on society. As he delves deeper into a world of violence, Michael must balance his personal life, newfound identity, and the darkness that inevitably creeps into his life as he struggles to complete his mission.

but thats none of my business kermit: Critical Memetic Literacies in English Education Leah Panther, Darren Crovitz, 2023-12-01 This edited collection introduces English and literacy educators to the theoretical, research-based, and practical dimensions of using digital memetic texts—"memes"—in the classroom. Digital memetic texts come with new affordances, particularly as avenues for student creativity, voice, and advocacy. But these texts can also be put to manipulative,

propagandistic, and nefarious purposes, posing critical challenges to an informed, democratic citizenry. Grounded in multimodality and critical literacy, this book investigates the fascinating digital dimension of texts, audiences, and meaning, and considers how English educators might take up these conversations in practical ways with students. With authentic examples from teachers and students, this volume provides a road map to researchers and educators—both preservice and in-service—interested in critical and productive uses of these modern phenomena.
