[When you go to study at a Cdn University, you're there to STUDY - you're not there to make your clique chuckle w/ your smart-ass insulence, only to LEARN, to improve your MIND - TO CONTRIBUTE, TO YOUR WHOLE SOCIETY and ADVANCE KNOWLEDGE (but what do I know eh, having had TWO books on advanced commonwealth tax case analysis after 6 yrs in E. Cdn best law libraries, AS I WAS FINISHING a mere BComm in Accountancy, accepted in two law faculty libraries, for Kim, as always) - so while you may not have the resources or brain-power to 'be the best', you do tend to try to admire and respect your professors, remembering their syllables, hoping they'll remember you and you'll always have their basic guidance as you professionally mature. You're there to acquire maturity - by honestly immersing yourself in the milieu, as maturely as you can - w/out resentment/tongue-in-cheek or mere mouth honour (or worse). They're a COSMOPOLITAN 'World' where you meet and exchange thought on broad classes of issues with those from all parts of the World, not just those local. All true universities are. I tried to document it, all along, as always. I left my mark, as fleeting emotive memories are the last to fade w/ a mental illness: strong bi-polarity from caring too much. <https://www.youtube.com/watch?v=MlVl6gkqRxU> This case compilation, meant to be d/loaded as merely a stepping stone to get you INTO as a mere intro to the case-stream, was put together in 2016. End of my day (and days) always aimed for that since nothing compares to you. And I now know that I'll probably never see you again, and I wouldn't recognize myself anyway: I brought back the World, not just some puny flash-in-the-pan gang. And maybe we all need more R. vs. eBay and its progeny. 2008 FCA 141 More auditors and fines do pay for a lot - collecting \$38.12 or Bentleys AND leveraged, tasteless, sheds, tho what can our population sustain? Maybe our population needs to be clamped down on, as the little guys are always, ALWAYS, looking for their little loop-holes, but in the arena of our tax law, of YES or NO, only, who is more guilty and a contributor, he who offers or he who assents to or acquiesces? Bookkeepers swim in a sea of small business tax cheats out there (that's why I finally got back to picking up the CFE, for Cda), and that's where a vast amount of unsophisticated tax evasion occurs, since NO ONE wants to simply PAY THEIR, so called, DAMN TAXES, ridiculing those who have their own discipline to not cheat the Tax Man and sacrifice to NOT do it. But, you don't grow your country, any country, CHEATING its tax system!! REMEMBER THAT! BUT, I once wrote a bunch of books on tax law, and this is the one I put together on Collection / Enforcement / Prosecution. Just in case people didn't think I didn't know how, but never worked for the CRA as an employee. Grow a brain, discipline it to want more and add to it while you can, then maybe try your hand at adding to the milieu w/ your own: maybe yours will encompass the evolving, thankfully growing spirit thereof in your time too. Kim got me to study tax law, I merely got to make it my life-long study.

<https://www.youtube.com/watch?v=s1gr3KGxUjc> Kim Neufeld, CA only was a Sessional Tax I Professor in 1987 when I took her class, wanting to be a lawyer too. She moved on from it in her professional life, I stuck w/ it and focused perhaps too much wanting to specialize in tax, thus the reason to spend 5-6 yrs cloistered in Cda's Eastern Law and or. Libraries, where ideas meet, in front of Judges. I learned a lot there. And then I met Larry Jacobson teaching Professional Tax at Concordia, last class (Ya Kim, I'm 'that guy' who stuck around. I grew highly addicted to 'your magic'...that's my 'personal mortgage' to you: owed into perpetuity. An Ode to a Very Very Particular 'Law' Professor: who gave me a SPECTACULAR honest hard-working life...and got me to 'pay my dues, early'.) This is why you shouldn't argue and BE PATRIOTIC as a bookkeeper/client/business-man: if you prosper, contribute! THE MONEY HAS TO COME FROM SOMEWHERE!!! <https://www.youtube.com/watch?v=pdNRNDrgKTE> (In my idealist World there's hardly any 'what's mine is mine: what's yours is yours': I don't like hogs or extreme capitalism - just contributions to everyone else.) I could just as easily show you vids on our health care system, since we do have to pay for that: In fact, why don't you inform yourself by looking up some shorts on Youtube. But sorry, We tax the wine too!...better than poisoning yourself operating a basement coke-bottle still... It was Kim who set me off on this path of, God knows, World.... YOU TOO, GET TO HELP BUILD A COUNTRY! As advised by the Person at the Podium: you're just as important as they are, but they have far broader responsibilities... You have a far more narrow scope of responsibilities: work if you can w/out mental/physical disability, don't break the laws of the country to draw our resources in our courts and prison, and pay YOUR TAXES: that's all, NOTHING compared to an elected official carrying the yoke of a public office. In other words, be a simpler consuming constructive citizen. So, don't complain about the quality of the wood or the size of the nails...just get busy. Since IT IS The Best Deal In Your Life, for what others, professionally and legally compliant and caring, use it to Your Benefit! [I once spent the better focus of my life in the taxation of trusts and estate planning, heard the phrase where there's a will there's a way. Have you? BTW,

that got me pretty far. Where can your will lead you!? [IF YOU SPENT AS MUCH TIME SCHEMING TO NOT PAY TAX ON ACTUALLY MAKING THE MONEY JUST IMAGINE WHERE YOU'D BE, eh?]

Keep applying, your thoughts and 'keep your stick on the ice'.]

Volunteer to always collect and pay: Don't cheat and don't let others!

<https://www.youtube.com/watch?v=IsoqRvYqWDg> After all, do you like the condition of this country?

Its homeless camps, its food programs, its small business environment, its entrepreneurial environment, its academic environment, its EFFICIENCY and its TRADE w/ The World, its VERY HUMANITY? We have great dreams in Canada: and we can systematically work towards realizing them, individually, jointly, or en masse. BUT, the government NEEDS its money - BECAUSE IT'S - ALL OF US - OUR MONEY! Would you stop a purse-snatcher, NOT house a wild-fire victim when you could, NOT respect law enforcement when responding, NOT CONTRIBUTE when it would be such a great warming experience, for everyone? PAY YOUR TAXES! It's a MORAL OBLIGATION! On each and every one of us! Complain all you want about what they do with it - THERE ARE PLENTY OF CHECKS AND BALANCES on that - BUT THE SYSTEM WORKS. Do YOU manage YOUR resources as well!? https://www.youtube.com/watch?v=sSN__MSiqsM So please don't grow cynical: just CONTRIBUTE, HONESTLY. AND, BE PROUD OF IT. There is no Limitations on tax evasion - it's an indictable: it's a CC offence and it's a very slippery slope when you start, and you don't want to be looking back 10 years, etc. when a junior investigator gets the bit between his teeth in your life, and they have all the time in their World and resources to do it: THEIR CALLING, honing it all along thru experienced supervision! As I have myself seen spoken, the CRA can tell you how much sliced bread costs, in Nova Scotia - we have the best databases in the country. Better not lie to him (now I know why he was smiling so much) - and net worth assessments can be acute - down to \$100.

<https://www.youtube.com/watch?v=cyZdgmBzguk> This tome of case compilation was meant for you to read, thoroughly, and Yes, I did read them, like you should too: there are no short-cuts to developing your mind. KNOW THE LAW! And follow it! Since in your hands money, individually, is, while rare and squeezed, it's much more useful to the experts who enact and administer our laws. Our ITA law has moved on from this, thankfully CRA's ability to collect has been honed to high finesse to ferret out tax cheats/advisors. Perhaps it's just a question now of having more acute collection capacity/technique, court capacity and jails, since why so many...Why So Few!!? I've seen my share of tax cheats and larger fraud artists in my life: when do we all say ENOUGH IS ENOUGH, and collect! WITHOUT a glitter in our eyes...since there's only ever One truth, with all its contributing attendant reason: it's OUR money too! I was noting on LinkedIn a populace website the other day that someone was criticizing the CRA for sending out a FORM 38.12 collection letter. Everyone 'jumped on and laughed' unfortunately. No one commented about when that same process spending that same stamp and envelope sends out a demand letter for \$480,000 or \$3,800,000 'coz then you know you've garnered the attention of The Whole Glory of Our Processes and - Our - Teams. And this is why this book is about collection etc thereof. It was composed a long time ago, but its principles, its processes and committed people remain the same: Thankfully for us all. Not much gets by the CRA: we rely on them for the collection of our funding, so why cheapen yourself, needing it all, when your parents didn't bring you into this World to NOT contribute if you could, legally, and you have a great chance to be a simple warmly-hearted philanthropist: legal and settled? Tax evasion is ILLICIT! It's A LIE you're perpetrating on the World and it cheapens you - you're CHEATING the application of the King's statute/regs to YOURSELF and your OBLIGATIONS to those who don't (how would you like it if EVERYONE, everyone, did that to you? - just like you would stealing a purse or

running a traffic signal, thinking You're more important and the law doesn't apply.): like your first tasting of a environment that you think you can handle as EVERYONE is telling you to NOT! I've met MANY who think they can stop some day, but they become addicted: after all A little pinch here won't hurt? when it's THEFT, on EVERYONE! And the line is fine, but don't go near it, since I have met enough who can't control themselves. [That all leads to an underground economy and more illegalities 'once that ball gets rolling'. Wanta go there? For yourself and your fellow stranger? 'Neighbour'?] After all, would you LIE to your parents when they know or could investigate your dealings like the back of their hand? YOU'D BE STUPID TO as they too were sent into the World like lambs amongst the wolves and had to grow to having YOU!!! ...You were born in a hospital in Cda and had your care - at least one time in your Cdn life - taken care of there, like your parents - or, would you disrespect them too/your family's pedigree/name - where do you think that ALL comes from!!!? The NEED to avoid taxes thru GAAR-sanctionable planning, or straight-out evasion is because you're driving your car too fast in effort to get There outside the norms of the rules. If you were to take your foot off the gas and respect the rules you would/could get there, thru discipline/restricted need, more surely, without causing mishap to yourself and, thru the full measure of s. 239(1), at least someone else, damageless, and feeling relieved you made it another day in a World where you have to drive for everyone else too. And able to sleep at night. In each case you read herein you have to ask yourself, WHY DID THEY DO THAT!!? WERE THEY THAT SO DESPERATE FOR SOMEONE ELSE'S MONEY ILLEGALLY OBTAINED thru AVOIDANCE PLANNING THAT THEY HAD TO CONNIVE THEMSELVES TO SUCH A LENGTH!? And that's the tragedy: the NEED for more, faster, better BEYOND your means to obtain it legally. That's my pulpit, my religion: it's secular and you can march straight into any court in this country with it and have a truly, nationally-minded, LEARNED judge accept it, and it came from respecting far smarter people than I made their careers on it, treasuring the paths they made to follow. Whose commitment BUILT ... everything around you, appeasing thru consensus all those who would be affected, including as a footnote, a spec, you.

Yes, life can be very hard, for the weakest, bringing out hardness in them that they didn't know they'd be tested on. But there's only, ever, one truth also. In our lives of law, order, and good government.

canada business corporations search: *Corporate Citizen* Oonagh E. Fitzgerald, 2020-10-06

The contributors to *Corporate Citizen* explore the legal frameworks and standards of conduct for multinational corporations. In a globalized world governed by domestic and international law, these corporations can be everywhere and nowhere at once, reaping financial benefits and enjoying the protections of investor-state arbitration but rarely being held accountable for the economic, environmental, and human rights harms they may have caused. Given the far-reaching power and success of the transnational corporation, and the many legal tools allowing these companies to avoid liability, how can governments protect their citizens? Broad-ranging in perspective, colourful and thought-provoking, the chapters in *Corporate Citizen* make the case that because the success of corporate global citizenship risks undermining national and international democratic governance, the multinational corporation must be more closely scrutinized and controlled - in the service of humanity and the protection of the natural environment.
