chicago secretary of state business search: *Overweight Sensation* Mark Cohen, 2013 Allan Sherman was the Larry David, the Adam Sandler, the Sacha Baron Cohen of 1963. He led Jewish humor and sensibilities out of ethnic enclaves and into the American mainstream with explosively funny parodies of classic songs that won Sherman extraordinary success and acclaim across the board, from Harpo Marx to President Kennedy. In *Overweight Sensation*, Mark Cohen argues persuasively for Sherman's legacy as a touchstone of postwar humor and a turning point in Jewish American cultural history. With exclusive access to Allan Sherman's estate, Cohen has written the first biography of the manic, bacchanalian, and hugely creative artist who sold three million albums in just twelve months, yet died in obscurity a decade later at the age of forty-nine. Comprehensive, dramatic, stylish, and tragic, *Overweight Sensation* is destined to become the definitive Sherman biography.

chicago secretary of state business search: *The City Aroused* Damon Scott, 2024-01-02 A history of San Francisco that studies change in the postwar urban landscape in relation to the city's queer culture. *The City Aroused* is a lively history of urban development and its influence on queer political identity in postwar San Francisco. By reconstructing the planning and queer history of waterfront drinking establishments, Damon Scott shows that urban renewal was a catalyst for community organizing among racially diverse operators and patrons with far-reaching implications for the national gay rights movement. Following the exclusion of suspected homosexuals from the maritime trades in West Coast ports in the early 1950s, seamen's hangouts in the city came to resemble gay bars. Local officials responded by containing the influx of gay men to a strip of bars on the central waterfront while also making plans to raze and rebuild the area. This practice ended when city redevelopment officials began acquiring land in the early 1960s. Aided by law enforcement, they put these queer social clubs out of business, replacing them with heteronormative, desexualized land uses that served larger postwar urban development goals. Scott argues that this shift from queer containment to displacement aroused a collective response among gay and transgender drinking publics who united in solidarity to secure a place in the rapidly changing urban landscape.

chicago secretary of state business search: *Maplecrest Turkey Farms, Inc.: A. C. Gingerich & the Turkey Industry in Wellman, Iowa* Gordon W. Miller, 2016-06-20 In the late 1920s until 1965 Maplecrest Turkey Farms of Wellman, Iowa, was a leading pioneer in the modern commercial turkey industry. A. C. Gingerich, an Amish-Mennonite farmer and entrepreneur, was able to successfully develop his business from a handful of turkeys to make Wellman both a "Turkey Capital/Center of the World" and have it uniquely proclaimed as "Thanksgiving Town" by the late 1930s. The Maplecrest brand was known for its premium quality and was available, by name, in leading restaurants also by the late 1930s. This historical book looks at how the modern turkey industry was able to initiate itself largely through knowledge of disease prevention through sanitation means. Some chapters include topics such as how the turkeys were raised, processed and marketed, especially to Eastern markets, e.g. New York City, Boston, etc., and a chapter on World War II discusses the major role that Maplecrest played in producing not only turkeys, but beef, pork and lamb for the armed forces.
