costco business coupon book: How to Make Money on eBay - Maximize Profits Jill b., 2014-11-08 Secrets of a 16-year Full-Time Seller and Pioneering Power Seller Have you sold some items but are looking for more to sell? Are you looking to expand your eBay business but don't know where to start? This is NOT a garbage book written by someone with little or no eBay experience describing what eBay is and what an eBay business is! I have made a full-time living selling on eBay since 1998. I started selling on eBay in my college dorm room. Within 2 years, I had made enough money to cover 2 years of Ivy League college tuition. I was one of the pioneering Powersellers. In the nearly two decades of selling on eBay, I have been through, and survived many economic booms and busts. I am now moving further into the countryside and semi-retiring from eBay selling. In this book, I will reveal all my closely guarded secrets to selling on eBay including: my best retail sources, how to maximize profits using retail arbitrage, how to find deals from both online and brick and mortar stores, how to reduce risk and shipping costs. ****This book is NOT for eBay novices**** This book assumes the reader has some knowledge of selling on eBay. The ideas in this book apply to all sellers. The details apply to US-based sellers. This book is NOT a get-rich quick scheme. Selling on eBay is easy. But it can also be hard. If everyone could get rich selling on eBay, everyone would be doing it! I will not build castles in the air for you. I will not tell you that you can make money on eBay by selling unspecified items from unspecified wholesalers. I will not give you a list of toys and tell you to go on Craigslist to find them. I will not claim that I work two hours a day selling on eBay and make thousands a month. (Come ON! Get real...) Selling on eBay is a BUSINESS and I have been in this business long enough to know that there are no guarantees, regardless of past performances. Instead, I will give you the TOOLS to help you find products and TOOLS to help you maximize your profits on eBay. Unlike other eBay authors, I do not recommend buying stock wholesale to resell on eBay. I will explain why in this book. I do not look for items to sell at garage sales or storage auctions. Finding a niche market is great, but I will show why you do not need to have a niche to make money on eBay. Instead I will show you how to maximize profits with tricks on how to get the best deals on NEW items from retail sources like Staples, Kohl's, Target and MORE! **** SOME OF THE TRICKS REVEALED IN THIS BOOK ARE NOT FOR THE FAINT OF HEART **** I provide many tools, secrets and tips in this book and hope that it will help you to thrive on eBay in good times and survive in bad times. Are you ready to maximize your profits? Buy This Book Today!

costco business coupon book: Dancing on My Own Simon Wu, 2024-06-25 A Literary Hub Most Noteworthy Nonfiction Book of 2024 • A Brooklyn Rail Best Art Book of 2024 • A The Millions and Hyperallergic Most Anticipated Book of 2024 • A Publishers Weekly Summer Reads Pick A book that emerges out of the moment, electric with timely energies. –Washington Post “Keen and refreshing.” –Cathy Park Hong Genius. –Claudia Rankine An expansive and deeply personal essay collection which explores the aesthetics of class aspiration, the complications of creating art and fashion, and the limits of identity politics. In Robyn’s 2010 track *Dancing on My Own*, the Swedish pop-singer chronicles a night on the dance floor in the shadow of a former lover. She is bitter, angry, and at times desperate, and yet by the time the chorus arrives her frustration has melted away. She decides to dance on her own, and in this way, she transforms her solitude into a more complex joy. Taking inspiration from Robyn’s seminal track, emerging art critic and curator Simon Wu dances through the institutions of art, capitalism, and identity in these expertly researched, beautifully rendered essays. In “A Model Childhood” he catalogs the decades’ worth of clutter in his mother’s suburban garage and its meaning for himself and his family. In “For Everyone,” Wu explores the complicated sensation of the Telfar bag (often referred to as “the Brooklyn Birkin”) and asks whether fashion can truly be revolutionary in a capitalist system—if something can truly be “for everyone” without undercutting someone else. Throughout, Wu centers the sticky vulnerability of living in a body in a world where history is mapped into every choice we make, every party drug we take, and every person we kiss. Wu’s message is that to dance on your own is to move from critique into joy. To approach identity with the utmost sympathy for the kinds of belonging it might promise, and to look beyond it. For readers of Cathy Park Hong and Alexander Chee, *Dancing on My Own* is a deeply felt and ultimately triumphant anthem about the never-ending journey of discovering oneself, and introduces a brilliant new writer on the rise.
