Features of Costco Business Visa

The Costco Business Visa offers a variety of features aimed at making business purchases easier and more rewarding. One of the standout features is its cashback rewards program, which provides a percentage of cash back on various categories of purchases. The card does not charge an annual fee if you maintain a Costco membership, which is essential for applying. This aspect makes it a cost-effective option for small business owners who frequently shop at Costco.

Cashback Structure

The cashback structure of the Costco Business Visa is particularly beneficial for businesses. Cardholders earn:

- 2% cash back on purchases made at Costco and Costco.com.
- 3% cash back on restaurants and eligible travel purchases.
- 1% cash back on all other purchases.

This tiered cashback system allows business owners to maximize their savings based on their spending habits.

Additional Perks

Aside from the cashback rewards, the Costco Business Visa also includes travel and emergency assistance services, auto rental collision damage waiver, and purchase protection. These added benefits enhance the value of the card, especially for businesses that often travel or make significant purchases.

Benefits of Using the Card
