escape room business plan: Business Plan for the First CBD Restaurant in Germany. Effects and Potentials of the Hemp Plant Virginia Schütze, Marlon Decke-Cornill, 2022-05-10 Seminar paper from the year 2022 in the subject Business economics - Company formation, Business Plans, grade: 1,3, , language: English, abstract: Nowadays, many people think of the word cannabis directly in terms of smoking pot and have prejudices. But hemp is one of the oldest and most versatile useful and cultivated plants. This is exactly what we want to show the visitors of the first CBD restaurant in Germany. In our restaurant CannaBowl we present what is possible with the plant. The hemp plant is not only versatile but also sustainable and healthy. Due to its unusually high nutrient density, hemp is one of those foods that can definitely be called a superfood. In the form of seeds, oil, or nuts, it is rich in antioxidants, omega-3 fatty acids, vitamin E, B vitamins and all nine essential amino acids. In addition, all components of the hemp plant can be utilized and it requires little to no use of synthetic pesticides and herbicides in cultivation, keeping environmental impact low. The hemp plant also has a positive effect on the soil structure of the growing area. It suppresses the growth of weeds and improves the subsoil, which also benefits other organic crops. For these reasons, the hemp plant is ideal for organic and sustainable cultivation. We want to establish ourselves as one of the first CBD restaurants in Germany and support regional suppliers and global ecological projects together with our customers. In doing so, we would like to actively participate in the preservation of the environment and ecosystems. We also want to educate people about the potential of the hemp plant and restore its reputation.

escape room business plan: *Teach for Authentic Engagement* Lauren Porosoff, 2023-07-24 Finding meaning, vitality, and community is the purpose of engagement—and school itself. Authentic

engagement is a choice students make every day to bring themselves to their learning, work, and relationships—rather than simply go through the motions of school. It means sharing experiences; asking questions; trying new things; making mistakes; and allowing themselves to be seen, heard, and cared for. It's an active choice that can lead to tremendous growth and satisfaction. In *Teach for Authentic Engagement*, Lauren Porosoff shows how to design instruction that lets students with diverse interests, strengths, needs, identities, and values connect to their learning. Included are strategies, tools, and classroom anecdotes that help students

- * Engage with the content so it becomes a source of meaning in their lives.
- * Engage with their work so it becomes a source of vitality.
- * Engage with each other so the class becomes a source of community.

It takes intellectual and emotional effort to teach in a way that fosters authentic engagement. But when students feel connected to the content, they engage with their work. And when they feel like their learning matters, they use that learning to understand and respect each other.

For those that survive the night, it will be a Christmas to remember.

escape room business plan: Between You and Me Gregory Ashe, Hunting a killer is scary. Talking about your feelings is scarier. Dashiell Dawson Dane is certain the universe is conspiring against him. After all, things have been good—almost too good—for way too long. He's got a great group of friends. He's writing regularly. And things with Bobby seem like they might, maybe, possibly be moving beyond friend territory. It's all so good, in fact, that it feels like the setup for something truly catastrophic. Not to mention, it's the weekend before Valentine's Day. So, when Dash and his friends visit Shipwreck Shores, a local amusement park, he's not terribly surprised when he stumbles across a body in the fun house. The surprising part comes when the body disappears before park security—or the sheriff—can see it. And while no one will say it to his face, some people in Hastings Rock seem to suspect Dash is making it up. No body means no official investigation, so Dash finds himself forced into his own search for answers. But the killer isn't done yet. And Dash's sleuthing sets the two of them on a collision course.
