For scholars interested in the intersection of writing and online instruction, *Writing in Online Courses: How the Online Environment Shapes Writing and Practice* examines both the theoretical and practical implications of writing in online courses. The essays in this collection reflect upon what the authors have learned about the synergistic way that writing helps to shape online instruction and how online instruction helps to shape the writing process. While many educators continue to question the reasons for teaching online, these essays demonstrate the useful ways in which it enhances and informs student writing and learning. From the vantage point of

different disciplines, the authors examine how the writing process is revealed and changed when it is placed at the center of an online learning environment. free business writing courses online: Social Smarts Strategies That Earn Free Book Publicity Anne Hart, 2006-03 Empathy and social smarts help you earn free book publicity by connecting you with key people, media, schools, and the publications of nonprofit agencies. As a writer, you can promote your own book and earn free book publicity by connecting key people, media, and nonprofits' newsletters with schools. Social intelligence used in book promotion is like a three-ring circus. Use empathy, that is people smarts, as a catalyst to bring together schools, nonprofit agencies, and authors. Observe, simplify, and offer commitment as charisma. Query editors of nonprofit publications. These nonprofit agencies often publish high-circulation newsletters and sometimes also publish sizable, glossy magazines. Some produce videos or documentaries. To connect with the nonprofit agencies' editors, use your social intelligence skills to make connections in the nonprofit agencies' public relations and communications departments. Join public relations societies, national associations, and help out the nonprofit agencies or organizations of your choice focusing on what gets published in their magazines or newsletters. If you want to earn free publicity for your book, supply these editors with facts, findings, and trends. Bring the nonprofits in contact with schools. When you talk to school assemblies or classrooms, relate your book topic to any specific work or project done by a nonprofit association for whom you could write an article for that association's newsletter or glossy magazine. Use social intelligence to connect to people. What you need to earn free publicity is self-awareness and an understanding of how the main topic of your book influences your own behavior and how others perceive your behavior.
