haslam business building: St. Petersburg Scott Taylor Hartzell, 2002 Voices of America: St. Petersburg is peppered with anecdotes, documented histories, and journalistic accounts. Revealed inside is the impact that Swedish immigrant Josef Henschen had in birthing and naming the city. Readers will experience the coming of the Orange Belt Railroad and delve into the lives of pioneers, including postmaster Roy Hanna, cowboy Jay Starkey, and mayor and builder A.C. Pheil. They will travel to the day the 1921 hurricane struck and revel in the antics of mayors Noel Mitchell and Frank Fortune Pulver. Historic photographs, including scenes from Williams Park and the Princess Martha Hotel, abound in this book. C. Perry Snell's rise as a local developer is documented. George Gandy's bridge, once the nation's largest over-water span, is featured, as is the Coliseum, once the nation's most celebrated dance hall. Recognized also is the valor of the Rev. Enoch Davis and Chester James Sr., local civil rights leaders.

haslam business building: Crossing the Aisle Keel Hunt, 2021-04-30 The latter third of the twentieth century was a time of fundamental political transition across the South as increasing numbers of voters began to choose Republican candidates over Democrats. Yet in the 1980s and '90s, reform-focused policymaking—from better schools to improved highways and health care—flourished in Tennessee. This was the work of moderate leaders from both parties who had a capacity to work together across the aisle. The Tennessee story, as the Pulitzer Prize-winning author Jon Meacham observes in his foreword to this book, offers striking examples of bipartisan cooperation on many policy fronts—and a mode of governing that provides lessons for America in this frustrating era of partisan stalemate. haslam business building: Once a Vol, Always a Vol! Gus Manning, Haywood Harris, 2006 We can't speak for other schools, but at the University of Tennessee, they never want to turn loose of their sports heroes. After bidding their seniors farewell in their final game at Neyland Stadium, Vol fans begin charting the career paths of the school's athletes. When safety Charles Davis is featured on national television providing commentary for a West Coast football game, they will tune in. Or if towering offensive lineman Tim Irwin becomes the judge at Knoxville's Juvenile Court, they rejoice in their community's good fortune. It's safe to say UT fans have trouble letting go. On these pages are

collected the stories of 25 former Tennessee football players. They were not chosen for the impact they had on the school's proud gridiron tradition, although it's fair to say all performed with distinction. Rather, it was their unusual-in some cases, daring-lives after college that captured the authors' attention. To a man, each player credited the lessons acquired playing football at Tennessee with helping him achieve rich accomplishments later in life. Fans will enjoy reading how Jim Haslam built the gigantic Pilot Oil Co., Bill Emendorfer put together a string of successful restaurants, and Dr. Bob Overholt became a popular television personality in his hometown. From Willie Gault to Doug Atkins, from Mallon Faircloth to Fuad Reveiz, *Once a Vol, Always a Vol!* details the lives of many a proud man of the Volunteer Nation.

haslam business building: Ragged Edge Stuart Barker, 2023-05-11 One week in June. One small island. 40,000 annual visitors. Raw speed. Numerous annual deaths. The Isle of Man TT motorcycle road race. Five minutes to go. The claxon sounds, harsh as an air raid siren. Television crews attempt last-minute interviews with riders. The thousand yard-stares give it away: they're really not listening now. Four minutes to go. The grandstand is packed. Some racers tell their mechanics, 'I'll see you later for a pint' - just to make themselves believe they will. Three minutes to go. For the first man on the road, hidden dangers exist. He will have no-one to follow. And he is the hare that the greyhounds will be chasing. Two minutes to go. By the end of the first lap, riders will be howling past faster than a bullet from the barrel of a gun. A full 160pmh. And that's not even the fastest part of the course. One minute to go. The atmosphere is palpably tense. It's like no other sporting event on earth. Formula 1 drivers can crash spectacularly and just walk away. Everyone knows that's not the case here. Five seconds. The starter raises the chequered flag, ready to snap down. No more time for nerves, for doubts. The race has started. How it will end, no-one knows. The TT has begun. In *Ragged Edge*, Stuart Barker will write the definitive story of this unique event, from the tarmac up. The history, the atmosphere, the heroes, tragedies and legends. And most importantly: our fascination with this seductive yet perilous test of skill and daring. This is the unvarnished, raw truth behind the world's most dangerous sporting event - in the words of those who ride it.
