georgia southern business major: "What's Your Favorite Song?" G. Ross Kelly, 2015-02-20 If you enjoyed reading about The Lady of 6,000 Songs in the best seller *Midnight in the Garden of Good and Evil*, you will love going behind the scenes to learn more about how the remarkable entertainer and her husband successfully juggled their marriage, her Hall of Fame music career, his sign business, and at the same time, raise ten children. Though Emma Kelly was mostly known as the piano player who could seemingly play any song ever written, the close friend and collaborator of songwriter Johnny Mercer is revealed in *What's Your Favorite Song?* to have achieved even greater accomplishments as a wife and mother. Learn how she and her husband overcame challenges and hardships through the Great Depression, a World War, and through the baby boom years to raise ten children who would become an integral part of her musical performances and, later, successful college-educated adults. Author Ross Kelly chronicles a firsthand account of a nonstop, whirlwind family music fest that will border on feeling out of control, only in the end to reveal a loving, close-knit family guided by their commitment to one another, their love of music, and a foundation of principles employed by his parents to guide and shape his life and the lives of his nine brothers and sisters. Far beyond being about a large musical family growing up in South Georgia in the 1960s, *What's Your Favorite Song?* could almost serve as a guide for how families of any size, anywhere, can successfully manage their own challenges of juggling relationships, careers, and children. Emma Kelly was known as The Lady of Six Thousand Songs, but she could also have been called the Lady of Six Million Fans, among whom I enthusiastically include myself. Read this affectionate tribute by her son Ross, and you will understand why. John Berendt, *Midnight in the Garden of Good and Evil*. What makes the Kellys such an intriguing family? On the surface, it was thought that it was simply the musical genius and celebrity of Emma Kelly, the famed Lady of 6,000 Songs. But there seemed to be more, much more. Was it the added dimension of how she and her husband together raised ten children, each of whom was an active participant in the Kelly family music shows performed around south Georgia during the 1950s, 60s and 70s? Or was it the unusual, but seemingly highly effective formula George and Emma Kelly employed to balance their two careers, their marriage, and raise each of their children to become college educated and successful adults, and instill an almost unheard of closeness between each of them that continues to this day? Or is it that the family legacy that George and Emma Kelly left, today now numbers close to 100 members, all of whom carry on that same tradition of a devotion to music and family that began almost eighty years ago. Perhaps it is all of those factors and even more.

georgia southern business major: *In Our Own Words* Various Authors, 2017-08-24 When Georgia Southern College in the small town of Statesboro opened its doors to its first six colored students in 1965, it did so without much of the very public outcry faced at other schools and colleges as part of desegregation. These six pioneers share their personal memories of integrating the college, which opened doors for those who would follow. In 2014, more than 5,400 African American students enrolled at the school, now known as Georgia Southern University (GSU). The essays of those initial pioneers—as well as those by fifteen other alums through the Class of 1985—demonstrate the perseverance of the human spirit and illustrate how social change can be achieved by boldly confronting difficult and frightening situations to bring about lasting reform. Their stories of integration at the southern school tell of emotional ordeals, some of which led to lasting scars and times of defeat. Life wasn't easy if you were black on a predominantly white college campus. But in the midst of despair comes triumph. *In Our Own Words* also shares the determination and dedication of those early students, most of whom went on to successful careers and personal accomplishments. This powerful collection of essays that needed to be written showcases a group of students who never dreamed they would one-day help shape the college's

history and leave a legacy that would allow others to follow in their footsteps.
