how do mattress stores stay in business: The Zane Collection #1 Zane, 2012-07-03

Sometimes romantic, sometimes raw, New York Times bestselling author Zane presents three novels of intoxicating sensuality. The Sex Chronicles With a unique ability to tell it like it is—and also to tell it like it could be in your wildest dreams—Zane crafts stories about everyone from the sensual housewife who wants her husband to experiment more to a secret underground sorority of women that organizes some rather unconventional social events. By turns tender and outrageous, The Sex Chronicles is a pleasure from beginning to end. Nervous Jonquinette has always been nervous around men, but on the weekends her alter ego, Jude, goes on intense sexual escapades. When Jonquinette seeks the help of Dr. Marcella Spencer, the psychiatrist Zane originated in her bestselling novel Addicted, Jude's response is to go on a sexual rampage. In the meantime, Jonquinette becomes interested in her new neighbor, Mason, but Jude has no intention of letting Jonquinette fall in love—not when Jude's having so much fun. Based on a short story of the same title from her bestselling collection The Sex Chronicles, Nervous is classic Zane with an edge. So, relax, sit back. You're in for a nerve-tingling read. Skyscraper Most corporations hand out bonus checks or gift certificates for Christmas, but Wolfe Industries hands out drama. Skyscraper chronicles the week before the annual Christmas party at Wolfe Industries, an African American-owned automobile manufacturer. The week leading up to the Wolfe Industries annual Christmas party is unforgettable, as the lives of four people who have barely interacted with one another in the past begin to cross paths in the most disturbing ways. By the time the party is over, they will be lucky if the skyscraper is still standing.

Hassan, of doubtful parentage, is the youngest child in a rich and powerful Muslim family. Lonely and insecure at university, he joins Dorothy at a political protest that goes wrong, and finds himself in a terrorist organisation. Appalled by their activities, he escapes and enters the Army's officer candidate school. When Lucia starts hearing voices, it is Miranda who must find a way to reach her sister. Lucia impetuously plows ahead, but the bitter constant is that she is, in fact, mentally ill. Lucia lives life on a grand scale, until, inevitably, she crashes to earth. Miranda leaves her own self-contained life in Switzerland to rescue her sister again—but only Lucia can decide whether she wants to be saved. Everything Here Is Beautiful is, at its heart, an immigrant story, and a young woman's quest to find fulfillment and a life unconstrained by her illness. But it's also an unforgettable, gut-wrenching story of the sacrifices we make to truly love someone—and when loyalty to one's self must prevail over all.
