jet ski rental business: The Power of Setbacks Karen Stemmler, Dennis Stemmler, 2016-07-26 The Power of Setbacks is an inspirational journey highlighting the author's struggles with cancer and how it unexpectedly led to an amazing new life. It's all about the intersection of life and work,

connecting with family, and redefining what really matters the most in life. *The Power of Setbacks* is filled with practical advice and insights on overcoming challenges, achieving your dreams, and creating your own success. Their journey began as a distraction. After being diagnosed with cancer, the authors turned to garage and estate sales as a way to distract them from their harsh reality. The sales brought smiles to their faces, kept their minds from wavering with doubt, and over the course of their travels, infused their lives (and their home) with new and exciting objects that carried historical and personal meaning. But as their house began to bust at its seams, they decided it was time to turn their collection into a business. The next few years were welcomed with sale after sale. And as they learned more, grew more, and dove deeper into the garage and estate sale world, they quickly realized they were onto something. And it was not just limited to garage sales. *The Power of Setbacks* is the story of their journey. But more importantly, it is a resource guide to build your own small business and then scale it to amazing heights, all while having fun during the process. Are you unhappy with your current job? Could you use supplementary income? Are you ready to make a change? Whatever the case may be, *The Power of Setbacks* is your handbook to create a new reality for you and your family.

That all changed when he bought a speedboat and began smuggling pot from the Bahamas. jet ski rental business: Forbidden Flights Serge Guéguen, 2016-11-25 Forbidden flights during which mercenary paratroopers are airdropped over central France with their payloads of cocaine... But also the "forbidden flights" of several of the finely-drawn characters seeking vainly to flee their troubled pasts.... Against a backdrop of French popular culture, Serge Guéguen weaves a compelling tale of criminal intent, implacable vengeance and ultimate comeuppance, in an action-packed intrigue which throughout blends realistic narrative with telling psychological insights. A perfect combination of action and mind games for a gripping thriller. EXCERPT It was the

grey, dreary month of November. The prison of Villepinte, in the northern outskirts of Paris, seemed even more sombre and depressing than usual. Laid out in the middle of the fields like a set of Lego blocks, the place was soulless and life-less, despite the yellow bands which the administration had painted on the high barbed-wire-topped walls. In the waterlogged car-park, a bus was waiting for its clients: depending on the time of day, these might be either inmates or visitors. The driver, a Black, probably of mixed race judging by the light-ness of his skin, was absorbed in reading his sports daily. Reflexively, he reached out to turn up the volume of the "Tropiques FM" radio station, as the fast and furious Caribbean Zouk music invaded the cabin without disturbing anyone, since the seats behind him were still empty. Just like every day at that time. ABOUT THE AUTHOR After spending a fulfilling career within a French company and writing plays and scripts, Serge Guéguen decided to focus on what he is most passionate about: crime novels. Today, four of his books have been published and one of them has been awarded the Quai des Orfèvres prize in 2014.
