

jewell triggers out of business

jewell triggers out of business has become a significant topic of discussion in the firearms industry, particularly among enthusiasts and collectors. This phrase encapsulates the recent developments surrounding the company Jewell Triggers, known for producing high-quality triggers for various firearms. The article will explore the background of Jewell Triggers, the reasons behind its closure, the impact on the market, and alternatives for consumers seeking trigger solutions. Additionally, we will address frequently asked questions to clarify common concerns related to this topic.

- Introduction
- Background of Jewell Triggers
- Reasons Behind the Closure
- Impact on the Firearms Market
- Alternatives to Jewell Triggers
- Conclusion
- FAQ

Background of Jewell Triggers

Jewell Triggers was founded by a passionate gunsmith who aimed to create precision trigger mechanisms for firearms. Established in the early 1990s, the company quickly gained a reputation for its commitment to quality and performance. Specializing in precision triggers for rifles, Jewell Triggers became a preferred choice for competitive shooters and firearms enthusiasts alike. Their products, renowned for their reliability and customizability, served a diverse clientele, from casual shooters to professional marksmen. Over the years, the company expanded its product line, introducing various trigger models that catered to different shooting needs and preferences.

One of the key innovations introduced by Jewell Triggers was the ability to adjust trigger pull weights, allowing users to fine-tune their firearms for optimal performance. This feature appealed particularly to competitive shooters who required precise control over their triggers. The brand built a loyal customer base, and its products were often regarded as industry standards. However, despite this success, the company faced challenges that ultimately led to its closure.

Reasons Behind the Closure

The closure of Jewell Triggers can be attributed to several interrelated factors. Understanding these reasons provides insight into the complexities

of running a specialized manufacturing business in the firearms sector.

Financial Challenges

Like many small manufacturers, Jewell Triggers faced significant financial pressures. The cost of materials, labor, and compliance with regulatory standards in the firearms industry has steadily increased over the years. Moreover, competition from larger companies with more extensive resources made it difficult for Jewell to maintain its market share while keeping prices competitive.

Supply Chain Issues

The COVID-19 pandemic severely disrupted global supply chains, impacting many manufacturers, including Jewell Triggers. Delays in obtaining essential materials and components hindered the production process, leading to longer wait times for customers. This situation forced the company to make difficult decisions regarding inventory and production capacity, ultimately affecting its ability to meet market demands.

Changes in Market Demand

The firearms market has experienced shifts in consumer preferences and regulations over the years. Increased scrutiny on firearms-related products and changes in gun control laws have led to fluctuating demand. Jewell Triggers, with its niche focus, struggled to adapt to these market dynamics, resulting in reduced sales and profitability.

Impact on the Firearms Market

The closure of Jewell Triggers has had a noticeable impact on the firearms community and the broader market. As a respected brand, its absence has left a void that competitors are now trying to fill. This section will explore the implications of Jewell Triggers going out of business.

Loss of a Trusted Brand

Jewell Triggers was synonymous with quality and precision. Its closure signifies the loss of a trusted brand that many shooters relied on for performance upgrades. Customers who previously favored Jewell products may now find themselves in search of alternatives that can match the quality and reliability they once enjoyed.

Market Shifts and Opportunities for Competitors

With the exit of Jewell Triggers, competitors have an opportunity to capture the market share left vacant. Companies that produce similar products are now vying for the attention of former Jewell customers. This could lead to increased competition, innovation, and potentially better pricing as brands strive to attract new clientele.

Alternatives to Jewell Triggers

For consumers who relied on Jewell Triggers, it is essential to explore viable alternatives that can meet their needs. Several brands manufacture high-quality triggers that could serve as substitutes for Jewell products. Below is a list of some notable alternatives:

- **Timney Triggers:** Known for their wide range of triggers and excellent craftsmanship, Timney offers adjustable models suitable for various firearms.
- **Huber Concepts:** Specializing in precision triggers for rifles, Huber Concepts provides options that focus on smooth operation and reliability.
- **Trigger Tech:** With innovative technology, Trigger Tech offers triggers that provide a unique feel and adjustable features for enhanced performance.
- **Geissele Automatics:** Renowned for their high-quality products, Geissele triggers are a popular choice among competitive shooters and tactical enthusiasts.

Each of these brands has its own unique strengths and product offerings, making them worthy considerations for those seeking alternatives to Jewell Triggers. It is advisable for consumers to research and test these products to find a suitable replacement that meets their specific shooting needs.

Conclusion

The closure of Jewell Triggers marks a significant change in the firearms landscape, particularly for enthusiasts who valued the company's precision products. Financial challenges, supply chain issues, and shifts in market demand contributed to this outcome. As the market adapts to the absence of Jewell, consumers are encouraged to explore alternative brands that can fulfill their trigger needs. The firearms community continues to evolve, and while Jewell Triggers may no longer be in business, the pursuit of quality and performance in firearms remains a priority for many shooters.

FAQ

Q: What led to Jewell Triggers going out of business?

A: Jewell Triggers faced financial challenges, supply chain disruptions due to the pandemic, and changes in market demand, which ultimately led to its closure.

Q: What are some alternatives to Jewell Triggers?

A: Alternatives to Jewell Triggers include Timney Triggers, Huber Concepts, Trigger Tech, and Geissele Automatics, all of which offer high-quality trigger options.

Q: How can I find the right trigger for my firearm now that Jewell is out of business?

A: Research different brands, compare features, and consider your specific shooting needs. Testing various triggers can also help you find the best fit.

Q: Will Jewell Triggers products still be available in the market?

A: Existing stock of Jewell Triggers products may still be available through retailers, but once sold out, no new products will be produced.

Q: How did Jewell Triggers impact the firearms industry?

A: Jewell Triggers was known for its quality and innovation in trigger design, influencing many competitors and setting standards in the industry.

Q: Are there any plans for Jewell Triggers to reopen or resume production?

A: As of now, there are no public plans for Jewell Triggers to reopen or resume production following its closure.

Q: What should I consider when choosing a trigger for competition shooting?

A: Consider factors such as adjustability, pull weight, and overall feel. It is also important to choose a trigger that aligns with your shooting style and preferences.

Q: Are Jewell Triggers known for specific types of firearms?

A: Yes, Jewell Triggers primarily specialized in precision triggers for rifles, particularly for competitive shooting and high-performance applications.

Q: Can I still get parts or service for Jewell Triggers products?

A: Availability of parts or service for Jewell Triggers products may be limited, and it is advised to contact retailers or gunsmiths who may have remaining stock.

Q: What is the future of trigger manufacturing without Jewell Triggers?

A: The future may see increased competition among existing brands, potential innovations in trigger technology, and opportunities for new entrants in the market to fill the void left by Jewell.

jewell triggers out of business: *Contagious* Scott Sigler, 2008-12-30 From the acclaimed author of *Infected* comes an epic and exhilarating story of humanity's secret battle against a horrific enemy. Across America, a mysterious pathogen transforms ordinary people into raging killers, psychopaths driven by a terrifying, alien agenda. The human race fights back, yet after every battle the disease responds, adapts, using sophisticated strategies and brilliant ruses to fool its pursuers. The only possible explanation: the epidemic is driven not by evolution but by some malevolent intelligence. Standing against this unimaginable threat is a small group, assembled under the strictest secrecy. Their best weapon is hulking former football star Perry Dawsey, left psychologically shattered by his own struggles with this terrible enemy, who possesses an unexplainable ability to locate the disease's hosts. Violent and unpredictable, Perry is both the nation's best hope and a terrifying liability. Hardened CIA veteran Dew Phillips must somehow forge a connection with him if they're going to stand a chance against this maddeningly adaptable opponent. Alongside them is Margaret Montoya, a brilliant epidemiologist who fights for a cure even as she reels under the weight of endless horrors. These three and their team have kept humanity in the game, but that's not good enough anymore, not when the disease turns contagious, triggering a fast countdown to Armageddon. Meanwhile, other enemies join the battle, and a new threat — one that comes from a most unexpected source — may ultimately prove the most dangerous of all. Catapulting the reader into a world where humanity's life span is measured in hours and the president's finger hovers over the nuclear button, rising star Scott Sigler takes us on a breathtaking, hyper-adrenalized ride filled with terror and jaw-dropping action. *Contagious* is a truly grand work of suspense, science, and horror from a new master.

jewell triggers out of business: **Dying Hard** French MacLean, 2024-09-28 Of the 177 enlisted men who formed Company B in 1941, less than 7% percent were still with the unit in May 1945. Many of the absent 93% had died hard, brutal deaths in combat. In the mold of the classic *Band of Brothers*, Colonel French MacLean presents a dramatic, personalized history of a single company of the US Army through brutal combat in battles at locations such as Normandy, the Ardennes and Hürtgen Forests, Merode Castle, and Remagen Bridge. This is the story of the 9th Division's 39th Infantry Regiment, Company B, a true American melting pot of soldiers from diverse ethnic,

religious, racial, and national backgrounds, including Black, Hispanic, White, Mexican, Lakota, Quechan, Canadian, Cuban, Hungarian, Austrian, Norwegian, Scottish, Korean, Filipino, Chinese, Italian, Irish, Greek, Polish, Jewish, Catholic, and Protestant. Of the 177 enlisted men who formed Company B in 1941, less than 7% percent were still with the unit in May 1945. Many of the 93% whose lives were lost died hard, brutal deaths in combat. Readers will learn about the heritage, upbringing, and experiences of individual soldiers along with the history of the unit. This is a personal, dramatic history. Numerous vignettes appear throughout the text, which provide contextual information about equipment, terminology, locations, and more. They function like a glossary, but with greater detail and narrative effect. In total, 40 photos and 10 maps are included, most of which are previously unpublished. French MacLean is a retired colonel in the US Army and author of more than a dozen books on the Second World War; he is a recognized expert and experienced researcher. His father, Myron, served as a private in Company B.

jewell triggers out of business: Ebony , 1999-05 EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.

jewell triggers out of business: Complete Book of the .22 Wayne Van Zwoll, 2006-08-01 Here's the perfect companion to that most popular starter rifle, the venerable .22. The best isn't always the biggest--and the .22 is not only the perfect first rifle, but also one that many hunters and shooters come back to and use throughout their days afield. Wayne van Zwoll, a longtime expert on the subject, takes experts and beginners alike through the history, variety, and use of the classic .22. He writes appealingly about his first .22, and the ones he bought for later competitive use. He describes hunting with the .22, target shooting, and details the care and upkeep of the weapon. He discusses the evolution of the gun, and the refinements of the ammo that go with it. Included are chapters on: *The .17 *Practical scopes *Squirrel rifles *Supports *Browning *Getting to zero *Winchester *Holding a rifle still *Remington*The sling *Cooper*Prepping for the field *Ruger*A bullet's way through the wind *Savage*Cleaning *Real gunstocks *Ballistics *Better sights *. . . and more The .22's accuracy, economy, and versatility have made it an all-time best-seller. Now there's a book to go with every one.

jewell triggers out of business: *A History of the Apocalypse* Catalin Negru, 2018-07-26 Every generation of people think that their problems are the most important ever. As history flows without interruption and doomsday scenarios fail, the following generations focus on their own contemporary events, ignoring or underestimating the past. In this way people always see signs in their times and the end of the world is constantly a fresh subject.

jewell triggers out of business: Field & Stream , 2007-07 FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

jewell triggers out of business: Shtum Jem Lester, 2017-05-23 A man shares a house with his autistic son and cranky elderly father in this "moving, darkly funny novel" (The Washington Post). Ben Jewell has hit a breaking point. His profoundly autistic ten-year-old son, Jonah, has never spoken, and Ben and his wife Emma are struggling to cope. When Ben and Emma fake a separation—a strategic yet ill-advised decision to further Jonah's case in an upcoming tribunal to determine the future of his education—father and son are forced to move in with Georg, Ben's elderly and cantankerous father. In a small house in north London, three generations of men—one who can't talk; two who won't—are thrown together. As Ben confronts single fatherhood, he must battle a string of well-meaning social workers and his own demons to advocate for his son, learning some harsh lessons about accountability from his father along the way. As the tribunal draws near, Jonah, blissful in his innocence, becomes the prism through which all the complicated strands of

personal identity, family history, and misunderstanding are untangled, in this “funny yet heartbreaking” prize-winning debut (The Independent). “Whether you think Shtum is a novel about autism or about marriage (it’s both, by the way), you will agree that it is, in the end, a love story infused with wit, charm, and a deep appreciation for the complex beauty of damaged souls.” —Jonathan Tropper, New York Times-bestselling author of *This is Where I Leave You* “This is the literary territory of Tony Parsons and Nick Hornby, infused with the Jewish humor of Howard Jacobson and Shalom Auslander . . . an exhilarating roller coaster ride between pathos, comedy and anger.” —The Guardian “A remarkable book, at once hilarious, horrifying, and heartbreaking, written with the glum humor only Brits can carry off.” —The Toronto Star

jewell triggers out of business: All Thirteen: The Incredible Cave Rescue of the Thai Boys' Soccer Team Christina Soontornvat, 2020-10-13 Winner of the 2021 Kirkus Prize for Young People's Literature A 2021 Newbery Honor Book A 2021 Robert F. Sibert Honor Book A 2021 YALSA Award for Excellence in Nonfiction for Young Adults Finalist A 2021 Orbis Pictus Honor Book A unique account of the amazing Thai cave rescue told in a heart-racing, you-are-there style that blends suspense, science, and cultural insight. On June 23, 2018, twelve young players of the Wild Boars soccer team and their coach enter a cave in northern Thailand seeking an afternoon’s adventure. But when they turn to leave, rising floodwaters block their path out. The boys are trapped! Before long, news of the missing team spreads, launching a seventeen-day rescue operation involving thousands of rescuers from around the globe. As the world sits vigil, people begin to wonder: how long can a group of ordinary kids survive in complete darkness, with no food or clean water? Luckily, the Wild Boars are a very extraordinary ordinary group. Combining firsthand interviews of rescue workers with in-depth science and details of the region's culture and religion, author Christina Soontornvat—who was visiting family in Northern Thailand when the Wild Boars went missing—masterfully shows how both the complex engineering operation above ground and the mental struggles of the thirteen young people below proved critical in the life-or-death mission. Meticulously researched and generously illustrated with photographs, this page-turner includes an author’s note describing her experience meeting the team, detailed source notes, and a bibliography to fully immerse readers in the most ambitious cave rescue in history.

jewell triggers out of business: *Custom Rifles of Great Britain* Bruce Potts, 2017-03-31 If you are contemplating buying a custom rifle, or if you already own one and wish to make further modifications, then this is the book for you. Bruce Potts takes you on the journey of choosing, building, owning and shooting a custom rifle. The three major types of custom rifle are covered: the factory custom (special or limited editions); the semi-custom (a factory rifle that is customized by the addition of upgraded parts requested by the owner); and the full-blown custom (a complete rifle designed in accordance with the customer's specific requirements and utilizing the very best precision parts and the highest quality materials to produce a unique rifle). On a chapter-by-chapter basis each of the constituent parts of the custom rifle is considered and the reader is made fully aware of all of the choices that have to be made, and the issues involved. Bruce Potts has been lucky enough to meet some of the best custom rifle makers in Britain and test many of their rifles, and this book showcases their work and demonstrates what is available to the British shooter. Aimed at all those shooters who are interested in customizing a part, or several parts, of their rifles, or who would like information regarding the purchase of a new, completely customized rifle, and superbly illustrated with nearly 400 colour photographs.
