But MGM has been a competitively insignificant force in the motion picture industry for nearly as long as it once, decades ago, dominated that industry. thirty world-class resorts, and is, or has been, also a recognized leader in the fields of real estate, theme parks, casinos, golf courses, consumer products, and even airlines, all around the world. This book is a look at what made MGM the Mount Rushmore of studios, how it presented itself to the world, and how it influenced everything from set design to merchandising to music and dance, and continues to do so today.
