mind my business in spanish: Street God Dimas Salaberrios, 2015-08-20 His street name was Daylight. But he was a nightmare. On the streets of New York, darkness and violence reigned. Dimas "Daylight" Salaberrios popped his first pill when he was eleven years old, and just days later, he was selling drugs to his schoolmates. By fifteen, he was facing time at the notorious Rikers Island Prison. It was never safe to turn your back, and Dimas saw only one chance to survive: to become a street god. He would be the richest, most powerful ruler in the hood . . . or die trying. But in one terrifying moment, with a gun pointed at his head, Dimas had to decide: How far would he go? Was he finished taking reckless chances to rule as a god of the streets? Would he dare to entrust his life to the real God—an even riskier path? Because that God would send Dimas back down the darkest streets he'd ever known on a rescue mission after those still in danger. Street God is the true story of one man's

against-all-odds journey from the streets to the altar and back again. A modern-day The Cross and the Switchblade for a new generation, it reveals that we're never too far gone for God to change us—and shows how a single spark can illuminate even the darkest existence.

mind my business in spanish: Rich Mind Rich Man Coert Coetzee, 2022-06-01 Coert Coetzee is a successful property investor and has presented hundreds of seminars in various countries, teaching his unique property investment methods. When meeting his students again years later, he is often astounded at the vastly different results they achieve. Some use the information to build spectacular wealth, while others do absolutely nothing with it. The question arises why people who receive exactly the same message, respond to it so differently. After years of research and discussions with thousands of his students, Coetzee has concluded that one's mindset plays a very important role – like sowing seed in prepared versus unprepared soil. In this book, he first gives the reader step-by-step instructions in programming the mind for lasting success, then he takes the reader through the principles of his popular and unique investment methods. These methods have already created more millionaires than all other methods put together. Coetzee firmly believes that creating lasting wealth is a holistic process and his motto is: A poor man with a rich mind is richer than a rich man with a poor mind, but nobody is richer than a rich man with a rich mind
