It's a delightful start to a series that promises to be good fun.—Publishers Weekly This is the romcom Carrie Bradshaw would have written if she were a dog person, and I'm obsessed!—Teri Wilson, USA Today bestselling author of *A Spot of Trouble* How do you start over when the biggest mistake of your life has more than one million views? Forget diamonds—the internet is forever. Social media consultant Isla Thompson learned that lesson the hard way when she went viral for all the wrong reasons. A month later, Isla is still having nightmares about the moment she ruined a young starlet's career and made herself the most unemployable influencer in Manhattan. But she doesn't have the luxury of hiding until she's no longer Instagram poison. Not when her fourteen-year-old sister, Dani, needs Isla to keep a roof over their heads. So, she takes the first job she can get: caring for Camilla, a glossy-maned, foul-tempered hellhound. After a week of ferrying Camilla from playdates to pet psychics, Isla starts to suspect that the dachshund's bark is worse than her bite—just like her owner, Theo Garrison. Isla has spent her career working to make people likable and here's Theo—happy to hide behind his reputation as a brutish recluse. But Theo isn't a brute—he's sweet and funny, and Isla should not see him as anything but the man who signs her paychecks. Because loving Theo would mean retreating to his world of secluded luxury, and Isla needs to show Dani that no matter the risk, dreams are always worth chasing. *Paws in the City* Don't forget to check out Stefanie London's next book, *Pets of Park*

Written in a lively and accessible style, the book includes thoughtful and provocative chapters exploring: the evolution of the man's suit; boutique culture in a global reality; the influence of Orientalism; the designer's ambivalent relationship with the fashion press; the business of vertical branding; the use of the evening dress to construct the house's history; power dressing for the modern woman; the relationship between textiles, film and the contours of masculinity; the continued dialogue with early twentieth-century aesthetics; as well as the spaces and bodies of the theatre of fashion.
