powerful business woman: Hunks, Hotties, and Pretty Boys Steven L. Davis, Maglina Lubovich, 2010-08-11 White, heterosexual, middle-class men have long served as the standard for masculine "beauty," even if such men have refused to embrace this term. This study seeks to denaturalize this standard by exploring the connections between beauty and the broad spectrum of masculinities. The chapters included in *Hunks, Hotties, and Pretty Boys* contribute primarily to the field of gender studies, specifically masculinity studies. They consider twentieth-century representations of male beauty through a variety of mediums: performance, literature, art, photography, film and television. Although the contributors hail from both the humanities and the social sciences, all share a concern for how beauty informs, shapes, defines, and re-defines our understanding of masculinity itself. These scholars investigate a range of historical periods and draw from a broad scope of critical approaches. Some interrogate male beauty through the female gaze and look to the influence of female performance on notions of masculine beauty. Others examine how queer and racial constructions of male beauty refuse and offer alternatives to hegemonic models of identity. Another revisits previous philosophical and theoretical conceptions of beauty, only to deconstruct gendered conceptions of the beautiful and the sublime. In all, these essays complicate masculine beauty by examining Chicano, Asian, working class, and female constructions of male beauty in Western culture.

powerful business woman: Of Adam's Rib J. Thomas Stroud, Jr., 2017-02-08 Why do men and women fail in relationships and marriages and in the households they have sworn to uphold? Why do Sport Superstars cheat, and fall to prey with women outside of the marriage when they still love their wives? The answer will surprise you as we discover that a Human relationship is two-fold. It may be the man's or husband's failure but it is not without the woman's' or wife's contribution to that failure. Men are just not smart enough to round out a relationship on their own; this is why God gave women the gift of communication. With this gift she is to unravel who he is and what kind of provider he will become, before she has sex with him. Steve Harvey's book Act like a Woman, Think like a Man is also highly recommended by this author. Yet to know why men and women must fall into order with the rest of God's Creations, Of Adam's Rib addresses that in earnest.

powerful business woman: Leading the Night Philo Ikonya, 2010 Deprived of being heard, people still have a voice. They make it heard in ways that disturb the status quo. This book is an engagement with such voices. Can Deni, Wairi, Yaadi, matatu people, militia people and taxi drivers in Kenya also ask Who am I to be brilliant, gorgeous, talented, fabulous? as Nelson Mandela did. Why do two men wearing bling bling turn into two snakes dancing in Rika's imagination? The web of corruption is intricate. No-one can lead this night alone. It takes many constellations, each one twinkling in its own radius. Many rays of light dispel darkness. The peoples' good leadership alone can check politicians' terrible ways. Philo Ikonya is the author of two poetry anthologies, This Bread of Peace and Out if Prison.

powerful business woman: Crime, Media, and Reality Venessa Garcia, Samantha G. Arkerson, 2017-12-08 In today's society, the public perception of crime has been skewed by how the media depicts it. People use the media for enjoyment, companionship, surveillance, and interpretation. The problem is that it becomes hard to separate fact from entertainment. This raises several questions. How are we consuming media? Are we consuming reality within the news? And are we consuming harmless pleasure from entertainment media? In Crime, Media, and Reality: Examining Mixed Messages about Crime and Justice in Popular Media, Venessa Garcia and Samantha Garcia Arkerson focus predominantly on the social constructions of crime and justice and how we absorb them. They look at the influence of crime news and true crime television series that prevent the public from understanding pure entertainment from the realities of crime and justice. They bring to light the social science knowledge missed by media infotainment, which has blurred the line between information and entertainment. Throughout, all different forms of media are discussed, news media, crime dramas and true crime television series. In doing so, they keep all of its fascinating coverage while uncovering the reality of crime and justice. This book adds significant information to the constructs held by the general public by placing media depictions into historical, legal, and social context.

powerful business woman: Mary Wollstonecraft and the Feminist Imagination Barbara Taylor, 2003-03-13 In the two centuries since Mary Wollstonecraft published A Vindication of the Rights of Woman (1792), she has become an icon of modern feminism: a stature that has paradoxically obscured her real historic significance. In this in-depth 2003 study of Wollstonecraft's thought, Barbara Taylor develops an alternative reading of her as a writer steeped in the utopianism of Britain's radical Enlightenment. Wollstonecraft's feminist aspirations, Taylor shows, were part of a revolutionary programme for universal equality and moral perfection that reached its zenith during

the political upheavals of the 1790s but had its roots in the radical-Protestant Enlightenment. Drawing on all of Wollstonecraft's works, and locating them in a vividly detailed account of her intellectual world and troubled personal history, Taylor provides a compelling portrait of this fascinating and profoundly influential thinker.

powerful business woman: Emergent Feminisms Jessalynn Keller, Maureen E. Ryan, 2018-02-21 Through twelve chapters that historicize and re-evaluate postfeminism as a dominant framework of feminist media studies, this collection maps out new modes of feminist media analysis at both theoretical and empirical levels and offers new insights into the visibility and circulation of feminist politics in contemporary media cultures. The essays in this collection resituate feminism within current debates about postfeminism, considering how both operate as modes of political engagement and as scholarly traditions. Authors analyze a range of media texts and practices including American television shows *Being Mary Jane* and *Inside Amy Schumer*, Beyoncé's *Formation* music video, misandry memes, and Hong Kong cinema.
