Butryn, Brian Carroll, Arthur T. Challis, Roxane Coche, Curtis M. Harris, Jay Johnson, Melvin Lewis, Jack Lule, Rory Magrath, Matthew A. Masucci, Andrew McIntosh, Jorge E. Moraga, Leigh M. Moscovitz, David C. Ogden, Joel Nathan Rosen, Kevin A. Stein, and Henry Yu In this fifth

book on sport and the nature of reputation, editors Lisa Doris Alexander and Joel Nathan Rosen have tasked their contributors with examining reputation from the perspective of celebrity and spectacle, which in some cases can be better defined as scandal. The subjects chronicled in this volume have all proven themselves to exist somewhere on the spectacular spectrum—the spotlight seemed always to gravitate toward them. All have displayed phenomenal feats of athletic prowess and artistry, and all have faced a controversy or been thrust into a situation that grows from age-old notions of the spectacle. Some handled the hoopla like the champions they are, or were, while others struggled and even faded amid the hustle and flow of their runaway celebrity. While their individual narratives are engrossing, these stories collectively paint a portrait of sport and spectacle that offers context and clarity. Written by a range of scholarly contributors from multiple disciplines, *The Circus Is in Town: Sport, Celebrity, and Spectacle* contains careful analysis of such megastars as LeBron James, Tonya Harding, David Beckham, Shaquille O'Neal, Maria Sharapova, and Colin Kaepernick. This final volume of a project that has spanned the first three decades of the twenty-first century looks to sharpen questions regarding how it is that reputations of celebrity athletes are forged, maintained, transformed, repurposed, destroyed, and at times rehabilitated. The subjects in this collection have been driven by this notion of the spectacle in ways that offer interesting and entertaining inquiry into the arc of athletic reputations.

In his 19-year career, Shaq racked up 28,596 career points (including 5,935 free throws!), 13,099 rebounds, 3,026 assists, 2,732 blocks, and 15 All-Star appearances. These are statistics that are almost as massive as the man himself. His presence—both physically and psychologically—made him a dominant force in the game for two decades. But if you follow the game, you also know that there's a lot more to Shaquille O'Neal than just basketball. Shaq is famous for his playful, and at times, provocative personality. He is, literally, outsize in both scale and persona. shaq business portfolio: A-List Angels Zack O'Malley Greenburg, 2020-03-10 How Hollywood cashed in on the latest tech boom-and changed the face of Silicon Valley. When Ashton Kutcher first heard about 50 Cent's nine-figure Vitaminwater windfall in 2007, the actor realized he'd been missing out. He soon followed the rapper's formula-seeking equity instead of cash for endorsement deals-but with a twist: as the first person to top 1 million Twitter followers, Kutcher leveraged his social reach to accumulate stakes in a vast range of user-hungry tech startups. A decade later, Kutcher is perhaps the brightest in a firmament of star investors from Beyoncé and Jay-Z to Jennifer Lopez and Alex Rodriguez. Bartering credibility and connections in exchange for early (and often discounted) access to the world's most coveted investment opportunities, this diverse group changed the face of venture capital while amassing portfolios packed with companies like Airbnb, Spotify, and Uber. But how did two once-dissonant universes-Silicon Valley and Hollywood-become intertwined? Forbes senior editor Zack O'Malley Greenburg told the first chapter of Kutcher's transformation for the magazine's cover story in 2016. Now he offers a lively, page-turning account of how this motley crew of talent managers, venture capitalists, and celebrities helped the creative class forge a brand-new blueprint for generational wealth. Through extensive reporting and exclusive interviews with more than 100 key players-including Shaq, Nas, Joe Montana, Sophia Bush, Steve Aoki, Tony Gonzalez, and dozens of behind-the-scenes power brokers-Greenburg sheds light on the unlikely group that fundamentally transformed the value of fame.

shaq business portfolio: *The Paradox of Urban Revitalization* Howard Gillette, Jr., 2022-06-07 In the twenty-first century, cities in the United States that had suffered most the shift to a postindustrial era entered a period widely proclaimed as an urban renaissance. From Detroit to Newark to Oakland and elsewhere commentators saw cities rising again. Yet revitalization generated a second urban crisis marked by growing inequality and civil unrest reminiscent of the upheavals associated with the first urban crisis in the mid-twentieth century. The urban poor and residents of color have remained very much at a disadvantage in the face of racially biased capital investments, narrowing options for affordable housing, and mass incarceration. In profiling nine cities grappling with challenges of the twenty-first century, author Howard Gillette, Jr. evaluates the uneven efforts to secure racial and class equity as city fortunes have risen. Charting the tension between the practice of corporate subsidy and efforts to assure social justice, *The Paradox of Urban Revitalization* assesses the course of urban politics and policy over the past half century, before the COVID-19 pandemic upended everything, and details prospects for achieving greater equity in the years ahead.

shaq business portfolio: *Title IX, Pat Summitt, and Tennessee's Trailblazers* Mary Ellen Pethel, 2022-10-18 In June 1972, President Richard Nixon put pen to paper and signed the Educational Amendments of 1972 into law. The nearly 150-page document makes no mention of "gender," "athletics," "girls," or "women." The closest reference to "sport" is transportation. In fact, the bill did not appear to contain anything earth shattering. But tucked into its final pages, a heading appears, "Title IX—Prohibition of Sex Discrimination." These 37 words would change the world for girls and women across the United States. On its face, Title IX legally guaranteed equal opportunity in education. In time, Title IX would serve as the tipping point for the modern era of women's sport. Slowly but surely, women's athletics at the high school and collegiate levels grew to prominence, and Tennessee fast emerged as a national leader. In *Title IX, Pat Summitt, and Tennessee's Trailblazers*, Mary Ellen Pethel introduces readers to past and present pioneers—each instrumental to the success of women's athletics across the state and nation. Through vibrant profiles, Pethel celebrates the lives and careers of household names like Pat Summitt and Candace Parker, as well as equally important forerunners such as Ann Furrow and Teresa Phillips. Through their lived experiences, these fifty individuals laid the foundation for athletic excellence in Tennessee, which in

turn shaped the national landscape for women's sports. The book also provides readers with a fuller understanding of Title IX, as well as a concise history of women's athletics in the pre- and post-Title IX eras. With interviewees ranging from age 20 to 93, Pethel artfully combines storytelling with scholarship. Guided by the voices of the athletes, coaches, and administrators, Pethel vividly documents achievement and adversity, wins and losses, and advice for the next generation. This book represents the first statewide compilation of its kind—offering readers a behind-the-scenes perspective of Tennessee women who dedicated their lives to the advancement of sport and gender equality. Readers will delight in Title IX, Pat Summitt, and Tennessee's Trailblazers: 50 Years, 50 Stories.

Each chapter includes discussion questions and exercises. Appendices provide directories of sporting goods vendors, retailers, and multi-sport media and trade associations.
