Masucci, Andrew McIntosh, Jorge E. Moraga, Leigh M. Moscovitz, David C. Ogden, Joel Nathan Rosen, Kevin A. Stein, and Henry Yu In this fifth book on sport and the nature of reputation, editors Lisa Doris Alexander and Joel Nathan

Rosen have tasked their contributors with examining reputation from the perspective of celebrity and spectacle, which in some cases can be better defined as scandal. The subjects chronicled in this volume have all proven themselves to exist somewhere on the spectacular spectrum—the spotlight seemed always to gravitate toward them. All have displayed phenomenal feats of athletic prowess and artistry, and all have faced a controversy or been thrust into a situation that grows from age-old notions of the spectacle. Some handled the hoopla like the champions they are, or were, while others struggled and even faded amid the hustle and flow of their runaway celebrity. While their individual narratives are engrossing, these stories collectively paint a portrait of sport and spectacle that offers context and clarity. Written by a range of scholarly contributors from multiple disciplines, *The Circus Is in Town: Sport, Celebrity, and Spectacle* contains careful analysis of such megastars as LeBron James, Tonya Harding, David Beckham, Shaquille O'Neal, Maria Sharapova, and Colin Kaepernick. This final volume of a project that has spanned the first three decades of the twenty-first century looks to sharpen questions regarding how it is that reputations of celebrity athletes are forged, maintained, transformed, repurposed, destroyed, and at times rehabilitated. The subjects in this collection have been driven by this notion of the spectacle in ways that offer interesting and entertaining inquiry into the arc of athletic reputations.

what business does shaq own: [A-List Angels](#) Zack O'Malley Greenburg, 2020-03-10 How Hollywood cashed in on the latest tech boom-and changed the face of Silicon Valley. When Ashton Kutcher first heard about 50 Cent's nine-figure Vitaminwater windfall in 2007, the actor realized he'd been missing out. He soon followed the rapper's formula-seeking equity instead of cash for endorsement deals-but with a twist: as the first person to top 1 million Twitter followers, Kutcher leveraged his social reach to accumulate stakes in a vast range of user-hungry tech startups. A decade later, Kutcher is perhaps the brightest in a firmament of star investors from Beyoncé and Jay-Z to Jennifer Lopez and Alex Rodriguez. Bartering credibility and connections in exchange for early (and often discounted) access to the world's most coveted investment opportunities, this diverse group changed the face of venture capital while amassing portfolios packed with companies like Airbnb, Spotify, and Uber. But how did two once-dissonant universes-Silicon Valley and Hollywood-become intertwined? Forbes senior editor Zack O'Malley Greenburg told the first chapter of Kutcher's transformation for the magazine's cover story in 2016. Now he offers a lively, page-turning account of how this motley crew of talent managers, venture capitalists, and celebrities helped the creative class forge a brand-new blueprint for generational wealth. Through extensive reporting and exclusive interviews with more than 100 key players-including Shaq, Nas, Joe Montana, Sophia Bush, Steve Aoki, Tony Gonzalez, and dozens of behind-the-scenes power brokers-Greenburg sheds light on the unlikely group that fundamentally transformed the value of fame.
