The following sections provide a comprehensive overview, including background information, details of the tour itself, and the critical and commercial response.

- Background and Formation
- Album Details and Track Listing
- The Farewell Tour Overview
- Reception and Legacy
- Additional Facts and Trivia

Background and Formation

The Pretenders, formed in the late 1970s, have been influential in the rock and new wave music scenes. By the early 2000s, the band had undergone various lineup changes, with Chrissie Hynde remaining the consistent frontwoman. The Farewell Tour was conceived as a celebration and a possible conclusion to the band's extensive touring career. The concept was driven by a desire to connect with audiences across America, reflecting on decades of music-making and live performances.

Band Evolution Leading to the Tour

Over the years, The Pretenders evolved from their punk roots to incorporate pop and rock influences, shaping a unique sound that resonated with a broad audience. Prior to the Farewell Tour, the band released several successful albums and singles that solidified their place in music history. The Farewell Tour was intended as an opportunity to honor this legacy through live performances.

Context Within the Music Industry

Farewell tours are a common practice within the music industry, often signaling the end of

an era for artists or bands. The Pretenders' Farewell Tour was part of this tradition, offering fans a chance to experience the band live before an anticipated retirement from extensive touring. This strategy often boosts album sales and concert attendance, creating a memorable closure to an artist's touring career.

Album Details and Track Listing

The Farewell Tour album complements the live performances, featuring studio recordings and live tracks that capture the essence of the band's sound during this period. The album was released with the intent to coincide with the tour, providing fans with both new material and classic hits.

Recording and Production

The album was produced with input from both longtime collaborators and new producers, aiming to blend the band's classic style with contemporary production techniques. The recording sessions took place in various studios, ensuring high-quality sound and a polished final product.

Track Listing Highlights

The album's track list includes a mix of original songs and fan favorites, reflecting the band's extensive catalog. Notable tracks often mentioned in relation to the Farewell Tour include:

- "Back on the Chain Gang"
- "Brass in Pocket"
- "Middle of the Road"
- "I'll Stand by You"
- "2000 Miles"

These songs represent the band's range and have been integral to their live performances throughout the tour.

The Farewell Tour Overview

The Farewell Tour spanned multiple cities across the United States, featuring a setlist that balanced new material with beloved classics. The tour was marked by energetic performances and a strong connection between the band and their audience.

Tour Dates and Venues

The tour included stops in major cities such as New York, Los Angeles, Chicago, and Boston. Venues ranged from intimate theaters to larger concert halls, catering to diverse audience sizes and preferences. The scheduling was designed to maximize reach while allowing the band adequate rest between shows.

Performance Style and Setlist

Performances during the Farewell Tour emphasized the band's musical versatility and Chrissie Hynde's charismatic stage presence. The setlist was carefully curated to include:

- Classic hits from the band's early years
- New songs from the Farewell Tour album
- Fan-requested encores

This approach ensured that both longtime fans and new listeners experienced the full spectrum of The Pretenders' artistry.

Reception and Legacy

The Farewell Tour received positive reviews from critics and fans alike, affirming The Pretenders' status as enduring figures in rock music. The tour and accompanying album contributed to the band's lasting legacy and influenced subsequent farewell tours by other artists.

Critical Acclaim

Music critics praised the band's ability to maintain high energy and emotional depth throughout the tour. Reviews highlighted the quality of live performances and the effective blending of new and old material in the setlist.

Fan Response and Impact

Fans responded enthusiastically to the Farewell Tour, often citing it as a memorable experience that celebrated the band's career. The tour fostered a renewed appreciation for The Pretenders and led to increased interest in their back catalog.

Additional Facts and Trivia

Several interesting details surround America the Farewell Tour, enriching the story behind the band's final major touring effort.

Notable Collaborations

During the tour, The Pretenders occasionally featured guest musicians and collaborators, adding unique elements to their live shows. These appearances brought fresh dynamics to familiar songs and highlighted the band's collaborative spirit.

Merchandise and Memorabilia

Exclusive merchandise was created for the Farewell Tour, including limited-edition posters, apparel, and live recordings. Collectors and fans often seek these items as tangible connections to the historic tour.

Legacy in Popular Culture

The Farewell Tour has been referenced in various media and publications, underscoring its significance in the band's history. It remains a topic of interest for music historians and enthusiasts exploring the evolution of rock touring traditions.

america the farewell tour wikipedia: *America: The Farewell Tour* Chris Hedges, 2019-08-27
Chris Hedges's profound and unsettling examination of America in crisis is "an exceedingly...provocative book, certain to arouse controversy, but offering a point of view that needs to be heard" (Booklist), about how bitter hopelessness and malaise have resulted in a culture of sadism and hate. America, says Pulitzer Prize-winning reporter Chris Hedges, is convulsed by an

array of pathologies that have arisen out of profound hopelessness, a bitter despair, and a civil society that has ceased to function. The opioid crisis; the retreat into gambling to cope with economic distress; the pornification of culture; the rise of magical thinking; the celebration of sadism, hate, and plagues of suicides are the physical manifestations of a society that is being ravaged by corporate pillage and a failed democracy. As our society unravels, we also face global upheaval caused by catastrophic climate change. All these ills presage a frightening reconfiguration of the nation and the planet. Donald Trump rode this disenchantment to power. In his "forceful and direct" (Publishers Weekly) *America: The Farewell Tour*, Hedges argues that neither political party, now captured by corporate power, addresses the systemic problem. Until our corporate coup d'état is reversed these diseases will grow and ravage the country. "With sharply observed detail, Hedges writes a requiem for the American dream" (Kirkus Reviews) and seeks to jolt us out of our complacency while there is still time.

america the farewell tour wikipedia: ESPIONAGE AND NEAR NUCLEAR HOLOCAUST NEW COLD WAR DÉJÀ VU Walter Anthony Bawell, 2022-04-26 Espionage presents itself as the force of both good and evil. In this book both can be discerned. Here is an eyewitness-to-history story of betrayal and crushing disappointment told in the background of intrigue, near nuclear holocaust, assassinations, protest movements, the elimination of nuclear missiles in Europe, German reunification and the status of US Forces. There is a lesson here for the New Cold War and the danger of nuclear war by mistake and miscalculation. Before I arrived at the United States Embassy, Bonn, Germany, in 1983, the counterintelligence apparatus knew there was a major leak of classified documents at the Embassy. This was compartmentalized; need to know information that was never shared until the apprehension of my former secretary, Gabriele Kliem, on March 13, 1991, for espionage. Recruited by brutally handsome East German Romeo Agents under a false flag of a journalist working for an organization dedicated to peace, Gabriele, my German secretary, would deliver over 1500 classified documents to the East German spy agency, the STASI, Ministerium für Staatssicherheit. Unknowingly, the most prolific spy in the history of the Cold War. Also, ironically, her pilfered documents and three other sources not known to her would convince Moscow not to launch a preventive nuclear strike against NATO at the end of exercise Able Archer in November 1983. The consequences of a near nuclear strike convinced President Ronald Reagan to alter course and pursue the elimination of atomic weapons. The 1987 Intermediate Nuclear Forces Treaty signed with Mikhail Gorbachev eliminated all land-based nuclear missiles on European soil. As I write, the United States and Russia have cancelled their atomic arms limitation treaties. Once again we stare over the abyss as we confront a New Cold War.

america the farewell tour wikipedia: Brand Activism Philip Kotler, Christian Sarkar, 2020-09-23T00:00:00+02:00 I tempi sono cambiati. In passato, un'azienda poteva scegliere per quali problemi impegnarsi. Oggi non è più così. I consumatori, in particolare Millennial e Generazione Z, chiedono a gran voce alle imprese di essere le protagoniste del cambiamento del mondo e del tentativo di risolvere i problemi più urgenti che affliggono la società. Crisi di fiducia, emergenza climatica, disparità di reddito, correttezza verso i collaboratori, diritto alla salute e all'istruzione, riscaldamento globale, discriminazioni, impronta ambientale dei singoli e delle imprese sono diventati nel volgere di un decennio i temi centrali su cui ogni azienda è chiamata a rispondere, prendendo posizione e mettendo in gioco la propria reputazione. Che cosa vuol dire tutto questo? Essere brand activist. E se è vero che la dichiarazione del purpose non basta più ed è necessario passare all'azione, Brand Activism è il testo di riferimento per capire quali strategie le aziende devono mettere in atto per trasformare i valori del bene comune e della sostenibilità da semplici slogan ad azioni concrete.

america the farewell tour wikipedia: *KISS and the Ideology of the American Dream* Kieran James, Susan P. Briggs, Bligh Grant, 2017-11-13 This book is a collective effort on the authors' part to remember KISS, one of the most important hard-rock bands of the 1970s and 1980s. Influenced by the glam-rock movement which preceded its rise, arguably KISS was the first major act in rock music history to present rock music as Entertainment Product firstly and music only secondarily. We discuss the original, democratic concept of the Fab Four - Gene, Paul, Ace, and Peter - as well as Gene Simmons' and Paul Stanley's subsequent American Dream ideology. We go on to analyse the current version of the band in the light of the original line-up and appearance. We find that the KISS fan base is divided with some fans accepting Simmons' current view that the four personas can be utilized by anyone chosen by the band's leadership; a second group which tries to correct the alleged historical injustices committed against Frehley and Criss; and a third group which is cynical about the current version of KISS but finds it fruitless to rehash old debates.

america the farewell tour wikipedia: *After the Apocalypse* Andrew Bacevich, 2021-06-08 A bold and urgent perspective on how American foreign policy must change in response to the shifting world order of the twenty-first century, from the New York Times bestselling author of *The Limits of Power* and *The Age of Illusions*. The purpose of U.S. foreign policy has, at least theoretically, been to keep Americans safe. Yet as we confront a radically changed world, it has become indisputably clear that the terms of that policy have failed. Washington's insistence that a market economy is compatible with the common good, its faith in the idea of the "West" and its "special relationships," its conviction that global military primacy is the key to a stable and sustainable world order—these have brought endless wars and a succession of moral and material disasters. In a bold reconception of America's place in the world, informed by thinking from across the political spectrum, Andrew J. Bacevich—founder and president of the Quincy Institute for Responsible Statecraft, a bipartisan Washington think tank dedicated to foreign policy—lays down a new approach—one that is based on moral pragmatism, mutual coexistence, and war as a last resort. Confronting the threats of the future—accelerating climate change, a shift in the international balance of power, and the ascendance of information technology over brute weapons of war—his vision calls for nothing less than a profound overhaul of our understanding of national security. Crucial and provocative, *After the Apocalypse* sets out new principles to guide the once-but-no-longer sole superpower as it navigates a transformed world.
