antoinette frank interview: *Sex, Violence, and Justice* Aline H. Kalbian, 2014-04-03 In 1968, Pope Paul VI published *Humanae vitae*, the encyclical that reaffirmed the Catholic Church's continued opposition to the use of any form of artificial contraception. In *Sex, Violence, and Justice: Contraception and the Catholic Church*, Aline Kalbian outlines the Church's position against artificial contraception as principally rooted in three biblical commandments. In addition, Kalbian shows how discourses about sexuality, both in the Church and in culture, are often tied to discourses of violence, harm and social injustice. These ties reveal that sexual ethics is never just about sex; it is about the vulnerability of the human body and the challenges humans face in trying to maintain just and loving relationships. As Kalbian explores and contrasts the Catholic Church's stance toward condoms and HIV/AIDS, emergency contraception in cases of rape, and contraception and population control, she underscores how contraception is not just a private decision, but a deeply social, cultural, and political one, with profound global implications. Kalbian concludes that even the most tradition-bound communities rely on justificatory schemes that are fluid and diverse. Taking this diversity seriously helps us to understand how religious traditions change and develop. *Sex, Violence, and Justice* will be of interest to students and scholars of Catholic moral theology, sexual ethics, religion and society, gender and religion, as well as to specialists and practitioners in public health.

antoinette frank interview: *Fire on the Levee* Jared Fishman, 2023-04-25 "A riveting tale told with care and expertise." —David Simon, creator of *The Wire* The former federal prosecutor and founder of Justice Innovation Lab tells the story of his struggle to unravel the cover-up of a police shooting, and subsequent incineration of the shooting victim, in Hurricane Katrina-era New Orleans. In 2009, Jared Fishman was a young prosecutor working on low-level civil rights cases in the Justice Department when a file landed on his desk. That folder contained two items: a story from *The Nation* magazine examining a mysterious death in New Orleans following Hurricane Katrina, and an autopsy report for a man named Henry Glover, whose charred remains were found in a burned-out car two weeks after the storm. The autopsy report, bafflingly, listed no cause of death. But according to *The Nation* story, a gravely wounded Glover had last been seen in a car driven by a New Orleans police officer. Intrigued despite the lack of evidence, Fishman set out to learn what happened to Glover. He flew to New Orleans and teamed up with a rookie FBI agent, and together they started to track down anyone with information about what had happened to Glover on that day. *Fire on the Levee* tells the story of a young idealistic prosecutor determined to bring the truth to light. The case

would lead to major reforms in the New Orleans Police Department and ultimately change our understanding of race, policing and justice in post-Katrina New Orleans and beyond.

antoinette frank interview: Shots on the Bridge Ronnie Greene, 2016-09-06 A harrowing story of blue on black violence, of black lives that seemingly did not matter. On September 4, 2005, six days after Hurricane Katrina's landfall in New Orleans, two groups of people intersected on the Danziger Bridge, a low-rising expanse over the Industrial Canal. One was the police who had stayed behind as Katrina roared near, desperate to maintain control as their city spun into chaos. The other was the residents forced to stay behind with them during the storm and, on that fateful Sunday, searching for the basics of survival: food, medicine, security. They collided that morning in a frenzy of gunfire. When the shooting stopped, a gentle forty-year-old man with the mind of a child lay slumped on the ground, seven bullet wounds in his back, his white shirt turned red. A seventeen-year-old was riddled with gunfire from his heel to his head. A mother's arm was blown off; her daughter's stomach gouged by a bullet. Her husband's head was pierced by shrapnel. Her nephew was shot in the neck, jaw, stomach, and hand. Like all the other victims, he was black—and unarmed. Before the blood had dried on the pavement, the shooters, each a member of the New Orleans Police Department, and their supervisors hatched a cover-up. They planted a gun, invented witnesses, and charged two of their victims with attempted murder. At the NOPD, they were hailed as heroes. *Shots on the Bridge* explores one of the most dramatic cases of police violence seen in our country in the last decade—the massacre of innocent people, carried out by members of the NOPD, in the brutal, disorderly days following Hurricane Katrina. It reveals the fear that gripped the police of a city slid into anarchy, the circumstances that drove desperate survivors to the bridge, and the horror that erupted when the police opened fire. It carefully unearths the cover-up that nearly buried the truth. And finally, it traces the legal maze that, a decade later, leaves the victims and their loved ones still searching for justice. This is the story of how the people meant to protect and serve citizens can do violence, hide their tracks, and work the legal system as the nation awaits justice. antoinette frank interview: Learning to Forget Stephen Lassonde, 2008-10-01 div This book offers an insightful view of the complex relations between home and school in the working-class immigrant Italian community of New Haven, Connecticut. Through the lenses of history, sociology, and education, Learning to Forget presents a highly readable account of cross-generational experiences during the period from 1870 to 1940, chronicling one generation's suspicions toward public education and another's need to assimilate. Through careful research Lassonde finds that not all working class parents were enthusiastic supporters of education. Not only did the time and energy spent in school restrict children's potential financial contributions to the family, but attitudes that children encountered in school often ran counter to the family's traditional values. Legally mandated education and child labor laws eventually resolved these conflicts, but not without considerable reluctance and resistance. /DIV

antoinette frank interview: The Sonnet Stephen Regan, 2019-02-28 The Sonnet provides a comprehensive study of one of the oldest and most popular forms of poetry, widely used by Shakespeare, Milton, and Wordsworth, and still used centuries later by poets such as Seamus Heaney, Tony Harrison, and Carol Ann Duffy. This book traces the development of the sonnet from its origins in medieval Italy to its widespread acceptance in modern Britain, Ireland, and America. It shows how the sonnet emerges from the aristocratic courtly centres of Renaissance Europe and gradually becomes the chosen form of radical political poets such as Milton. The book draws on detailed critical analysis of some of the best-known sonnets written in English to explain how the sonnet functions as a poetic form, and it argues that the flexibility and versatility of the sonnet have given it a special place in literary history and tradition.

antoinette frank interview: D-Day Stephen E. Ambrose, 2013-04-23 Stephen E. Ambrose's D-Day is the definitive history of World War II's most pivotal battle, a day that changed the course of history. D-Day is the epic story of men at the most demanding moment of their lives, when the horrors, complexities, and triumphs of life are laid bare. Distinguished historian Stephen E. Ambrose portrays the faces of courage and heroism, fear and determination—what Eisenhower called “the fury of an aroused democracy”—that shaped the victory of the citizen soldiers whom Hitler had disparaged. Drawing on more than 1,400 interviews with American, British, Canadian, French, and German veterans, Ambrose reveals how the original plans for the invasion had to be abandoned, and how enlisted men and junior officers acted on their own initiative when they realized that nothing was as they were told it would be. The action begins at midnight, June 5/6, when the first British and American airborne troops jumped into France. It ends at midnight June 6/7. Focusing on those pivotal twenty-four hours, it moves from the level of Supreme Commander to that of a French child, from General Omar Bradley to an American paratrooper, from Field Marshal Montgomery to a German sergeant. Ambrose's D-Day is the finest account of one of our history's most important days.

antoinette frank interview: Irving Thalberg Mark A. Vieira, 2009-11-05 Hollywood in the 1920s sparkled with talent, confidence, and opportunity. Enter Irving Thalberg of Brooklyn, who survived childhood illness to run Universal Pictures at twenty; co-found Metro-Goldwyn-Mayer at twenty-four; and make stars of Lon Chaney, Norma Shearer, Greta Garbo, Joan Crawford, Clark Gable, and Jean Harlow. Known as Hollywood's Boy Wonder, Thalberg created classics such as Ben-Hur, Tarzan the Ape Man, Grand Hotel, Freaks, Mutiny on the Bounty, and The Good Earth, but died tragically at thirty-seven. His place in the pantheon should have been assured, yet his films were not reissued for thirty years, spurring critics to question his legend and diminish his achievements. In this definitive biography, illustrated with rare photographs, Mark A. Vieira sets the record straight, using unpublished production files, financial records, and correspondence to

confirm the genius of Thalberg's methods. In addition, this is the first Thalberg biography to utilize both his recorded conversations and the unpublished memoirs of his wife, Norma Shearer. Irving Thalberg is a compelling narrative of power and idealism, revealing for the first time the human being behind the legend.

Los Angeles is home to the largest population of people of Middle Eastern origin and descent in the United States. Since the late nineteenth century, Syrian and Lebanese migration to Southern California has been intimately connected to and through Latin America. *Arab Routes* uncovers the stories of this Syrian American community, one both Arabized and Latinized, to reveal important cross-border and multiethnic solidarities in Syrian California. Sarah M. A. Gualtieri reconstructs the early Syrian connections through California, Texas, Mexico, and Lebanon. She reveals the Syrian interests in the defense of the Mexican American teens charged in the 1942 Sleepy Lagoon murder, in actor Danny Thomas's rise to prominence in LA's Syrian cultural festivals, and in more recent activities of the grandchildren of immigrants to reclaim a sense of Arabness. Gualtieri reinscribes Syrians into Southern California history through her examination of powerful images and texts, augmented with interviews with descendants of immigrants. Telling the story of how Syrians helped forge a global Los Angeles, *Arab Routes* counters a long-held stereotype of Arabs as outsiders and underscores their longstanding place in American culture and in interethnic coalitions, past and present.
