

anti-immigrant cartoons american history

anti-immigrant cartoons american history have played a significant role in shaping public opinion and reflecting societal attitudes toward immigration across different periods. These cartoons, often published in newspapers and magazines, used caricature, symbolism, and satire to express fears, prejudices, and political sentiments about immigrants. From the 19th century's nativist movements to the early 20th century's restrictive immigration laws, anti-immigrant cartoons served as both a mirror and a catalyst for xenophobic sentiments. This article explores the historical context, prominent themes, and notable examples of anti-immigrant cartoons in American history. It also examines the impact these cartoons had on immigration policy and public discourse. Finally, the discussion includes the legacy of these images in contemporary society and their relevance to ongoing debates about immigration.

- Historical Context of Anti-Immigrant Cartoons in America
- Common Themes and Imagery in Anti-Immigrant Cartoons
- Notable Examples of Anti-Immigrant Cartoons in American History
- Impact on Immigration Policy and Public Opinion
- Legacy and Contemporary Relevance of Anti-Immigrant Cartoons

Historical Context of Anti-Immigrant Cartoons in America

Anti-immigrant cartoons american history is deeply intertwined with waves of immigration and the social tensions they provoked. During the 19th and early 20th centuries, the United States experienced large influxes of immigrants from Europe, Asia, and other regions. These newcomers often faced suspicion and hostility, which was vividly captured in editorial cartoons. The rise of nativist groups such as the Know-Nothings in the mid-1800s fueled negative portrayals of immigrants in the press. These cartoons reflected broader anxieties about cultural change, economic competition, and national identity. They often targeted specific ethnic groups, reinforcing stereotypes and promoting exclusionary attitudes.

The Role of the Know-Nothing Movement

The Know-Nothing Party, officially known as the American Party, was a political force in the 1850s that opposed immigration, especially from Catholic countries like Ireland and Germany. Their agenda was prominently supported by anti-immigrant cartoons that depicted immigrants as threats to Protestant American values. These cartoons often portrayed immigrants as untrustworthy, violent, or incapable of assimilation. This visual rhetoric helped galvanize public support for restrictive immigration policies and nativist political campaigns during that era.

Immigration Waves and Cartoon Representation

Subsequent immigration waves, including those from Southern and Eastern Europe in the late 19th and early 20th centuries, were similarly targeted by anti-immigrant cartoons. The imagery evolved to depict Italians, Jews, Poles, and Chinese immigrants with exaggerated ethnic features and negative traits. These cartoons often linked immigrants to crime, poverty, and radical politics, reinforcing social divisions and fears. Anti-immigrant cartoons were a powerful tool in shaping the cultural landscape surrounding immigration debates.

Common Themes and Imagery in Anti-Immigrant Cartoons

Anti-immigrant cartoons in American history reveals recurring themes and visual motifs designed to evoke fear and mistrust. Caricatured depictions of immigrants emphasized physical differences and cultural stereotypes. The cartoons frequently framed immigrants as dangerous outsiders undermining American society. Understanding these themes is essential to grasp how visual media influenced public attitudes toward immigration.

Dehumanization and Stereotyping

One pervasive theme in anti-immigrant cartoons was the dehumanization of immigrant groups. Cartoonists exaggerated physical features to create grotesque or animalistic representations. For instance, Chinese immigrants were often depicted with slanted eyes and exaggerated queues, while Irish immigrants were shown with red hair and aggressive expressions. These stereotypes reduced complex communities to simplistic, negative caricatures that justified exclusion and discrimination.

Portrayal of Immigrants as Economic Threats

Many cartoons depicted immigrants as competitors for jobs, portraying them as willing to work for lower wages and thus threatening native-born workers. This economic anxiety was visually represented by images of immigrants swarming factories or taking over workplaces. The cartoons reinforced the notion that immigrants were a burden on the economy and a drain on public resources.

Association with Crime and Radicalism

Anti-immigrant cartoons often linked immigrants to criminality and political radicalism. Some cartoons portrayed immigrants as anarchists, socialists, or criminals who would destabilize law and order. This theme was particularly prevalent during periods of political unrest, such as the Red Scare following World War I. The imagery reinforced fears that immigrants were not only culturally different but also dangerous to the nation's security.

- Exaggerated ethnic features to promote stereotypes
- Depictions of immigrants as job stealers

- Linking immigrants to crime and political radicalism
- Portrayals of immigrants as cultural threats
- Use of symbolism to convey exclusionary messages

Notable Examples of Anti-Immigrant Cartoons in American History

Throughout American history, numerous anti-immigrant cartoons have become emblematic of the era's prevailing prejudices. These examples illustrate the styles and messages used to sway public opinion and justify restrictive immigration policies.

Thomas Nast's Cartoons and Irish Immigration

Thomas Nast, a prominent 19th-century cartoonist, depicted Irish immigrants in a complex light. While he criticized political corruption linked to immigrant communities, some of his cartoons contributed to negative stereotypes by portraying Irish immigrants as violent and unruly. Nast's work reflected the ambivalence of mainstream American attitudes during the period.

The Chinese Exclusion Act Era Cartoons

During the late 19th century, anti-Chinese sentiment culminated in the Chinese Exclusion Act of 1882, the first significant law restricting immigration based on ethnicity. Cartoons from this era depicted Chinese immigrants as inscrutable, unassimilable, and a threat to American laborers. These images helped legitimize exclusionary policies and widespread discrimination against Chinese communities.

Early 20th Century Depictions of Southern and Eastern Europeans

Immigrants from Italy, Poland, and Russia were often targeted in cartoons that emphasized their "foreignness" and supposed inability to integrate. Caricatures portrayed these groups as criminals, radicals, or burdens on society. This visual rhetoric supported the passage of restrictive laws such as the Immigration Act of 1924, which severely limited immigration from these regions.

Impact on Immigration Policy and Public Opinion

Anti-immigrant cartoons in American history demonstrate that visual media significantly influenced both public opinion and immigration policy. These cartoons shaped perceptions of immigrants in ways that justified exclusion and discrimination. By reinforcing negative stereotypes, cartoons contributed to the political climate that enabled restrictive legislation and social marginalization.

Influence on Legislation

Cartoons reflecting and amplifying anti-immigrant sentiment played a role in the enactment of laws such as the Chinese Exclusion Act (1882), the Immigration Act of 1917, and the Immigration Act of 1924. These policies institutionalized racial and ethnic discrimination and set immigration quotas that favored certain groups over others. Editorial cartoons provided visual justification for these measures by framing immigrants as threats to American society.

Shaping Public Attitudes

By simplifying complex social issues into striking images, anti-immigrant cartoons made xenophobic ideas accessible and persuasive to a broad audience. They helped normalize fear and suspicion of immigrants, influencing voters, policymakers, and communities. This visual rhetoric contributed to an environment in which discrimination and exclusion were politically and socially acceptable.

Legacy and Contemporary Relevance of Anti-Immigrant Cartoons

The legacy of anti-immigrant cartoons in American history continues to resonate in modern debates about immigration and national identity. While the style and context have evolved, the use of visual media to promote exclusionary messages remains prevalent. Understanding this history is critical to recognizing and addressing ongoing issues of xenophobia and ethnic stereotyping in media today.

Modern Parallels and Media Representation

Contemporary political cartoons and media often echo historical themes by portraying immigrants as economic threats or cultural outsiders. These representations can perpetuate stereotypes and influence public discourse similarly to their historical counterparts. Recognizing these patterns helps foster a more informed and critical engagement with media portrayals of immigration.

Educational Importance and Critical Reflection

Studying anti-immigrant cartoons from American history provides valuable insights into the power of imagery in shaping social attitudes. It encourages critical reflection on how visual rhetoric can promote prejudice and exclusion. Educational initiatives that analyze these cartoons contribute to a deeper understanding of immigration history and the challenges of combating xenophobia.

Frequently Asked Questions

What role did anti-immigrant cartoons play in American

history?

Anti-immigrant cartoons in American history were used to spread xenophobic and nativist sentiments, often depicting immigrants in stereotypical and negative ways to influence public opinion and policy against immigration.

Which immigrant groups were most commonly targeted by anti-immigrant cartoons in the 19th and early 20th centuries?

Irish, Chinese, Italian, and Eastern European immigrants were frequently targeted by anti-immigrant cartoons, which portrayed them as threats to American values, jobs, and social order.

How did anti-immigrant cartoons reflect the social and political climate of their time?

These cartoons mirrored widespread fears about economic competition, cultural differences, and national identity, often aligning with political movements such as the Know-Nothing Party or the Chinese Exclusion Act era, reinforcing exclusionary attitudes.

Can you give an example of a famous anti-immigrant cartoon from American history?

One famous example is Thomas Nast's 1871 cartoons that depicted Irish immigrants as violent and drunken, reinforcing negative stereotypes during a time of intense anti-Irish sentiment in the U.S.

What impact did anti-immigrant cartoons have on immigration policies in the United States?

Anti-immigrant cartoons helped shape public opinion that supported restrictive immigration laws, such as the Chinese Exclusion Act of 1882 and the Immigration Act of 1924, by fostering fear and prejudice against certain immigrant groups.

Additional Resources

1. *American Cartoons and the Immigrant Experience: A Historical Perspective*

This book explores how political cartoons have depicted immigrants in American history from the 19th century to the present. It analyzes the visual rhetoric and symbolism used to portray immigrants, often highlighting xenophobia and anti-immigrant sentiments. The author also discusses the impact of these cartoons on public opinion and immigration policy.

2. *Drawing Prejudice: Anti-Immigrant Cartoons in Early American Newspapers*

Focusing on the 19th and early 20th centuries, this volume examines the role of newspapers in spreading anti-immigrant attitudes through cartoons. It provides a detailed study of caricatures targeting Irish, Chinese, and other immigrant groups, revealing the intersection of media, politics, and nativism. The book also considers the responses from immigrant communities.

3. *Ink and Intolerance: Visualizing Immigration Hostility in American Political Cartoons*

This book offers a comprehensive look at how political cartoons have been used to express hostility towards immigrants throughout American history. It traces the evolution of anti-immigrant imagery and themes, connecting them to broader social and political movements such as the Know-Nothing Party and the Chinese Exclusion Act. The author highlights key cartoonists and their influence on public discourse.

4. Cartooning the Other: Representation of Immigrants in American Visual Culture

Exploring both historical and contemporary cartoons, this book investigates how immigrants have been depicted as “the Other” in American visual culture. It discusses stereotypes, exclusionary narratives, and the role of cartoons in shaping national identity. The work also contrasts anti-immigrant cartoons with counter-narratives from immigrant artists.

5. Lines of Exclusion: Political Cartoons and the Anti-Immigrant Movement in America

This text delves into the use of political cartoons by nativist movements to mobilize anti-immigrant sentiment. It covers major periods of immigration restriction and the visual strategies used to depict immigrants as threats to American values and security. The book also evaluates the lasting effects of these images on immigration policy debates.

6. From Caricature to Crisis: Anti-Immigrant Imagery in American History

Tracing the history of anti-immigrant imagery from caricatures in the 1800s to modern-day political cartoons, this book highlights how visual satire has both reflected and influenced public fears about immigration. It examines specific historical moments, such as the immigration waves during the Progressive Era and post-9/11 anxieties. The analysis includes the role of media in reinforcing exclusionary attitudes.

7. Visual Nativism: The Role of Cartoons in Shaping Anti-Immigrant Sentiment

This scholarly work investigates how cartoons have been instrumental in shaping and spreading nativist ideologies in the United States. It discusses key themes such as racialization, economic competition, and cultural assimilation portrayed through cartoon imagery. The author also considers the ethical implications of using satire to marginalize immigrant groups.

8. Enemy Images: Political Cartoons and the Construction of Immigrant Threats

Focusing on the portrayal of immigrants as enemies in American political cartoons, this book analyzes the creation of threat narratives from the 19th century onward. It explores how cartoons have depicted immigrants in relation to crime, disease, and political radicalism, contributing to social exclusion. The work situates these images within broader historical contexts of immigration policy and public sentiment.

9. Cartoons as Cultural Commentary: Anti-Immigrant Themes in American History

This book presents a collection of essays examining how cartoons have served as cultural commentary on immigration in the United States. Covering various immigrant groups and historical periods, the essays explore visual strategies used to convey anti-immigrant themes. The volume also reflects on the power of cartoons to influence cultural narratives and political action.

anti immigrant cartoons american history: A New History of Immigration Jaclyn Backhaus, Jennifer Sabin, 2022-08-30 An accessible and frank primer on immigration in the United States. [A] much-needed exploration of the truths behind U.S. immigration history. -- STARRED REVIEW, School Library Journal Introducing a new nonfiction series that uncovers hidden histories of the United States. The true story of a nation of immigrants and its dreamers. The United States has long been touted as a place where anyone with a little grit and determination could come to pursue the American Dream. But as more walls are erected and borders are closed, is that dream still alive today? Complete with an 8-page color photo insert, A New History of Immigration introduces young readers to alternative histories of immigration beyond Ellis Island and amplifies the voices of marginalized immigrants and their stories of success.

anti immigrant cartoons american history: The Third Option Miles McPherson, 2020-02-25 Miles McPherson, founder of The Rock Church in San Diego, presents "a discussion about race that we desperately need...a must read" (Bishop T.D. Jakes, Senior Pastor, The Potter's House) and argues that we must learn to see people not by the color of their skin, but as God sees them—humans created in the image of God. Pastor Miles McPherson, senior pastor of The Rock Church in San Diego, addresses racial division, a topic many have shied away from, for fear of asking the wrong question or saying the wrong thing. Some are oblivious to the impact racism has, while others pretend it doesn't exist. Even the church has been affected by racial division, with Sunday now being the most segregated day of each week. Christians, who are called to love and honor their neighbors, have fallen into culture's trap by siding with one group against another: us vs. them. Cops vs. protestors. Blacks vs. whites. Racists vs. the "woke." The lure of choosing one option over another threatens God's plan for unity among His people. Instead of going along with the culture, Pastor Miles directs us to choose the Third Option: honoring the priceless value of God's image in every person we meet. He exposes common misconceptions that keep people from engaging with those of different racial and ethnic backgrounds, and identifies the privileges and pitfalls that we all face. The Third Option challenges us to fully embrace God's creativity and beauty, as expressed in the diversity of His people. By following the steps and praying the prayers outlined in his book, Pastor Miles teaches us how we can all become leaders in unifying our communities, our churches, and the nation.

anti immigrant cartoons american history: New York City Eric Homberger, 2002 New York City epitomizes modernity. Its skyscrapers and neon nightlife, together with its inner-city ghettos, symbolize all the excitements and tribulations of contemporary urban living. The city is world-famous, a magnet for friends and enemies alike, a fact reinforced by the tragic events of

September 2001. But the city's powerful contemporary presence is also built upon a dramatic history. Settled by Dutch traders, seized at gunpoint by an English fleet, its development into a mega-city reveals a story as astounding as any in American history. Home to generations of migrants, an international center of finance and fashion, New York is a world city both entrepreneurial and self-promoting.

anti immigrant cartoons american history: *Ideas and Movements That Shaped America* Michael Green, Scott L. Stabler, 2015-07-28 America was founded on bold ideas and beliefs. This book examines the ideas and movements that shaped our nation, presenting thorough, accessible entries with sources that improve readers' understanding of the American experience. Presenting accessibly written information for general audiences as well as students and researchers, this three-volume work examines the evolution of American society and thought from the nation's beginnings to the 21st century. It covers the seminal ideas and social movements that define who we are as Americans—from the ideas that underpin the Bill of Rights to slavery, the Civil Rights movement, and the idea of gay rights—even if U.S. citizens often strongly disagree on these topics. Organized topically rather than chronologically, this encyclopedia combines primary sources and secondary works or historical analyses with text describing the ideas and movements in question. In addition, each entry includes a list of suggestions for further reading that directs readers to supplementary sources of information. The set's unique perspective serves to depict how American society has evolved from the nation's beginnings to the present, revealing how Americans as a people have acted and responded to key ideas and movements.

anti immigrant cartoons american history: *United States Immigration, 1800-1965: A History in Documents* James S. Pula, 2020-08-01 The debate over immigration has been a hallmark of the American nation since its earliest days, and it persists in generating a complex spectrum of opinions and emotions. *United States Immigration, 1800-1965* provides a compact yet diverse selection of primary documents that helps to illuminate immigration as one of the defining features of the American social, cultural, and political landscape. A wide array of primary sources is included: documents written by immigrants that chronicle their own experiences; examples of pro- and anti-immigration sentiments and arguments; and government documents, including immigration laws and federal court rulings. In all, 75 documents (including 20 images) help to tell the story of United States immigration from roughly 1800 through to the Hart-Celler Act of 1965.

anti immigrant cartoons american history: *The Intellectual Devotional: American History* David S. Kidder, Noah D. Oppenheim, 2007-10-16 A year's worth of daily readings from the secular arena provides subject matter for intellectual growth and advancement, in a volume that features passages from the rich annals of American history, capturing pivotal events, biographical profiles, and words of wisdom from such important figures as Thomas Jefferson, Ben Franklin, and Martin Luther King, Jr., among others. 250,000 first printing.

anti immigrant cartoons american history: *Making the World Over* R. Marie Griffith, 2021-05-04 Political polarization and unrest are not exclusive to our era, but in the twenty-first century, we are living with seemingly unresolvable disagreements that threaten to tear our country apart. Discrimination, racism, tyranny, religious fundamentalism, political schisms, misogyny, fake news, border walls, the #MeToo moment, foreign intervention in our electoral process—these cultural and social rifts charge our world, and we have failed to find a path toward agreement or unity. *Making the World Over* is Marie Griffith's thoughtful response to an imperiled nation that has forgotten how to listen and debate productively, at a time when it needs vigorous discourse more than ever. Griffith performs the urgent work of examining the histories behind the issues at the root of our country's conflicts both past and present, from race and immigration to misogyny and reproductive rights. This is more than a study of the issues; it is an attempt to shed real light on how to encourage constructive dialogue and move society forward.

anti immigrant cartoons american history: *Debates on U.S. Immigration* Judith Gans, Elaine M. Replogle, Daniel J. Tichenor, 2012-08-17 This issues-based reference work (available in both print and electronic formats) shines a spotlight on immigration policy in the United States. The

U.S. is a nation of immigrants. Yet while the lofty words enshrined with the Statue of Liberty stand as a source of national pride, the rhetoric and politics surrounding immigration policy all-too-often have proven far less lofty. In reality, the apparently open invitation of Lady Liberty seldom has been without restriction. Throughout our history, impassioned debates about the appropriate scope and nature of such restriction have emerged and mushroomed, among politicians, among scholars of public policy, among the general public. In light of the need to keep students, researchers, and other interested readers informed and up-to-date on status of U.S. immigration policy, this volume uses introductory essays followed by point/counterpoint articles to explore prominent and perennially important debates, providing readers with views on multiple sides of this complex issue. While there are some brief works looking at debates on immigration, as well as some general A-to-Z encyclopedias, we offer more in-depth coverage of a much wider range of themes and issues, thus providing the only fully comprehensive point/counterpoint handbook tackling the issues that political science, history, and sociology majors are asked to explore and to write about as students and that they will grapple with later as policy makers and citizens. Features & Benefits: The volume is divided into three sections, each with its own Section Editor: Labor & Economic Debates (Judith Gans), Social & Cultural Debates (Judith Gans), and Political & Legal Debates (Daniel Tichenor). Sections open with a Preface by the Section Editor to introduce the broad theme at hand and provide historical underpinnings. Each section holds 12 chapters addressing varied aspects of the broad theme of the section. Chapters open with an objective, lead-in piece (or headnote) followed by a point article and a counterpoint article. All pieces (headnote, point article, counterpoint article) are signed. For each chapter, students are referred to further readings, data sources, and other resources as a jumping-off spot for further research and more in-depth exploration. Finally, volume concludes with a comprehensive index, and the electronic version includes search-and-browse features, as well as the ability to link to further readings cited within chapters should they be available to the library in electronic format.

anti immigrant cartoons american history: The West Point History of the Civil War The United States Military Academy, 2014-10-21 The definitive military history of the Civil War, featuring the same exclusive images, tactical maps, and expert analysis commissioned by The United States Military Academy to teach the history of the art of war to West Point cadets. The United States Military Academy at West Point is the gold standard for military history and the operational art of war. West Point has created military history texts for its cadets since 1836. For the first time in over forty years, the United States Military Academy has authorized a new military history series that will bear the name West Point. That text has been updated repeatedly, but now it has been completely rewritten and The West Point History of the Civil War is the first volume to result in a new series of military histories authorized by West Point. The West Point History of the Civil War combines the expertise of preeminent historians commissioned by West Point, hundreds of maps uniquely created by cartographers under West Point's direction, and hundreds of images, many created for this volume or selected from West Point archives. Offering careful analysis of the political context of military decisions, The West Point History of the Civil War is singularly brilliant at introducing the generals and officer corps of both Union and Confederacy, while explaining the tactics, decisions, and consequences of individual battles and the ebb and flow of the war. For two years it has been beta-tested, vetted, and polished by cadets, West Point faculty, and West Point graduates and the results are clear: This is the best military history of its kind available anywhere. This is the standard ebook edition. It is a reproduction of the hardcover edition. It does not include any enhanced or interactive features.

anti immigrant cartoons american history: Immigrants and Comics Nhora Lucía Serrano, 2021-03-09 Immigrants and Comics is an interdisciplinary, themed anthology that focuses on how comics have played a crucial role in representing, constructing, and reifying the immigrant subject and the immigrant experience in popular global culture of the twentieth and twenty-first centuries. Nhora Lucía Serrano and a diverse group of contributors examine immigrant experience as they navigate new socio-political milieus in cartoons, comics, and graphic novels across cultures and time

periods. They interrogate how immigration is portrayed in comics and how the 'immigrant' was an indispensable and vital trope to the development of the comics medium in the twentieth century. At the heart of the book's interdisciplinary nexus is a critical framework steeped in the ideas of remembrance and commemoration, what Pierre Nora calls lieux de mémoire. This book will be of interest to students and scholars in Visual Studies, Comparative Literature, English, Ethnic Studies, Francophone Studies, American Studies, Hispanic Studies, art history, and museum studies.

anti immigrant cartoons american history: A Companion to Multiethnic Literature of the United States Gary Totten, 2023-12-27 Provides the most comprehensive collection of scholarship on the multiethnic literature of the United States A Companion to the Multiethnic Literature of the United States is the first in-depth reference work dedicated to the histories, genres, themes, cultural contexts, and new directions of American literature by authors of varied ethnic backgrounds. Engaging multiethnic literature as a distinct field of study, this unprecedented volume brings together a wide range of critical and theoretical approaches to offer analyses of African American, Latinx, Native American, Asian American, Jewish American, and Arab American literatures, among others. Chapters written by a diverse panel of leading contributors explore how multiethnic texts represent racial, ethnic, and other identities, center the lives and work of the marginalized and oppressed, facilitate empathy with the experiences of others, challenge racism, sexism, homophobia, and other hateful rhetoric, and much more. Informed by recent and leading-edge methodologies within the field, the Companion examines how theoretical approaches to multiethnic literature such as cultural studies, queer studies, ecocriticism, diaspora studies, and posthumanism inform literary scholarship, pedagogy, and curricula in the US and around the world. Explores the national, international, and transnational contexts of US ethnic literature Addresses how technology and digital access to archival materials are impacting the study, reception, and writing of multiethnic literature Discusses how recent developments in critical theory impact the reading and interpretation of multiethnic US literature Highlights significant themes and major critical trends in genres including science fiction, drama and performance, literary nonfiction, and poetry Includes coverage of multiethnic film, history, and culture as well as newer art forms such as graphic narrative and hip-hop Considers various contexts in multiethnic literature such as politics and activism, immigration and migration, and gender and sexuality A Companion to the Multiethnic Literature of the United States is an invaluable resource for scholars, researchers, undergraduate and graduate students, and general readers studying all aspects of the subject

anti immigrant cartoons american history: Willful Ignorance Helen T. Boursier, 2022-04-27 Using ethnographic research, *Willful Ignorance: Overcoming the Limitations of (Christian) Love for Refugees Seeking Asylum* examines the attitudes of clergy and lay leaders regarding their (in)attention to racism as it intersects with the harsh reality of U.S. immigration policies and practices. This multi-faceted work begins with a reality check on the scope of forced migration and its intersection with the historical legacy of racism in America, including testimonies from displaced migrants and immigration advocates who help to alleviate state-inflicted suffering at the U.S.-Mexico border. Helen T. Boursier examines the rationales Christian leaders use to justify the local church's nominal response, including the discursive buffers and stall tactics they use to deflect their lack of preaching, teaching, leadership and/or ministry with displaced migrants who are their near neighbors. The Christian church's firm foundation to embody love as social justice provides a historical rebuttal, while case studies of congregations that offer displaced migrants compassionate hospitality model exemplary contemporary response. Closing with practical suggestions for how to begin building bridges with migrants, Boursier argues for a philosophy of religion that embraces resistance to racism and exclusion from asylum, through a missiology of compassion that exemplifies an ecclesiology of love.

anti immigrant cartoons american history: Heirs of Yesterday Barbara Cantalupo, Lori Harrison-Kahan, 2020-11-03 A reissue of the controversial novel about middle-class Jewish life in Old San Francisco. Originally published in 1900 and set in fin-de-siècle California, *Heirs of Yesterday* by Emma Wolf (1865-1932) uses a love story to explore topics such as familial loyalty, the conflict

between American individualism and ethno-religious heritage, and anti-Semitism in the United States. The introduction, co-authored by Barbara Cantalupo and Lori Harrison-Kahan, includes biographical background on Wolf based on new research and explores key literary, historical, and religious contexts for *Heirs of Yesterday*. It incorporates background on the rise of Reform Judaism and the late nineteenth-century Jewish community in San Francisco, while also considering Wolf's relationship to the broader literary movement of realism and to other writers of her time. As Cantalupo and Harrison-Kahan demonstrate, the publication history and reception of *Heirs of Yesterday* illuminate competing notions of Jewish American identity at the turn of the twentieth century. Compared to the familiar ghetto tales penned by Yiddish-speaking, Eastern European immigrant writers, *Heirs of Yesterday* offers a very different narrative about turn-of-the-twentieth-century Jewish life in the United States. The novel's central characters, physician Philip May and pianist Jean Willard, are not striving immigrants in the process of learning English and becoming American. Instead, they are native-born citizens who live in the middle-class community of San Francisco's Pacific Heights, where they interact socially and professionally with their gentile peers. Tailored for students, scholars, and readers of women's studies, Jewish studies, and American literature and history, this new edition of *Heirs of Yesterday* highlights the art, historical value, and controversial nature of Wolf's work.

anti immigrant cartoons american history: A Pictorial History of Immigration Oscar Handlin, 1972 Traces the course of immigration to America and discusses its impact on the nation's historical and cultural development.

anti immigrant cartoons american history: *Immigration* Carl J. Bon Tempo, Hasia R. Diner, 2022-01-01 A sweeping narrative history of American immigration from the colonial period to the present A masterly historical synthesis, full of wonderful detail and beautifully written, that brings fresh insights to the story of how immigrants were drawn to and settled in America over the centuries.--Nancy Foner, author of *One Quarter of the Nation* The history of the United States has been shaped by immigration. Historians Carl J. Bon Tempo and Hasia R. Diner provide a sweeping historical narrative told through the lives and words of the quite ordinary people who did nothing less than make the nation. Drawn from stories spanning the colonial period to the present, Bon Tempo and Diner detail the experiences of people from Europe, Asia, Africa, and the Americas. They explore the many themes of American immigration scholarship, including the contexts and motivations for migration, settlement patterns, work, family, racism, and nativism, against the background of immigration law and policy. Taking a global approach that considers economic and personal factors in both the sending and receiving societies, the authors pay close attention to how immigration has been shaped by the state response to its promises and challenges.
