antoinette frank victims: Women Criminals Vickie Jensen, 2011-11-10 A unique, two-volume study that examines female crime and the women who commit it. The two-volume *Women Criminals: An Encyclopedia of People and Issues* addresses both key topics and key figures in women's crime. The first volume provides topical essays about areas critical to the understanding of female criminals, such as the definition of women's crime, explanations of women's criminality, ethnic and age diversity in female criminals, and responses of the criminal justice system. The second volume comprises biographical entries profiling women who are obviously criminals, such as Aileen Wuornos and Myra Hindley, and also women who were victims of circumstance, unjust laws, or narrowly applied definitions of crime, such as Rosa Parks, Harriet Tubman, and Sophie Scholl. In addition to highlighting the breadth of women's criminality, these portraits provide a holistic, multifaceted understanding of the dynamics of women's crime and why it occurs, connecting the individual stories to the larger social-scientific perspectives. Care has been taken to include the women's own voices and perspectives where possible and to address the intentions and reasoning of the system that responded to their criminality.

antoinette frank victims: Law Enforcement-Perpetrated Homicides Tom Barker, 2020-07-15 Police violence of all types receives much attention from the media, and this is especially true for police homicides that often lead to demonstrations and protests. Police violence is a volatile, recurring social justice issue that often receives media attention, leads to demonstrations or protests and increases the tension between law enforcement agencies and the community they serve. Tom Barker examines police homicide and the different behavior patterns that lead to it, ranging from misadventure to intent. To better understand this complex issue, Barker has created 3 main categories: accidental homicides, justifiable homicides and criminal homicides. Louisiana beckons those the world over with its culture and Spanish moss-draped beauty. But that magnetic pull has also summoned a cast of reprobates vile enough to fill a book. In this version of Louisiana, pirate Jean Lafitte and gentlemanly train robber Eugene Bunch go ahead and help themselves to whatever they like, murderous dentist Etienne De Champs is the stuff of dentophobic nightmares, a psychotic killer known as "The Axeman" stalks the streets of New Orleans and a hail of bullets greets Bonnie and Clyde. Indeed, the sadistic Delphine LaLaurie and Voodoo Queen Clementine Barnabet are quite comfortable in this decidedly non-moss-draped history.

antoinette frank victims: Called to Heal the Brokenhearted William H. Barnwell, 2016-03-21 In this stirring book, William H. Barnwell tells the stories of prison inmates and the Kairos Prison

Ministry volunteers who work with them. Set mostly at the huge Louisiana State Penitentiary at Angola, Barnwell's narrative illustrates how offenders who have done the worst can and do change, becoming model inmates and, if released, productive citizens. The stories also reveal how Kairos volunteers have found healing for broken hearts. Given that the United States incarcerates more people per capita than any country in the world, reformers are seeking radically new ways to reduce our prison populations. Kairos volunteers and inmates alike have much to contribute to the ongoing reform discussions. Now serving 300 state and federal prisons, 30,000 Kairos volunteers work with 20,000 inmates each year. They take part in long weekend retreats with the inmates and follow up with regular prison visits. Since its beginning in 1976, Kairos has served over 250,000 inmates. Broad-based, nondenominational, and nonjudgmental Christian, Kairos seeks to carry out its slogan—"listen, listen, love, love"—among inmates who have had few to listen to them, and fewer still to love them. In *Called to Heal the Brokenhearted* are stories of undeniable redemption. They point the way to personal transformation for the inmates and the volunteers. One Kairos inmate speaks of the change this way: he makes guitars out of the good wood "hidden beneath the surface" of throwaway pianos. "I find my work incredibly fulfilling," he says. "I see myself in every piano, discarded by society but redeemed and put to use in a new way."

antoinette frank victims: New Orleans, Mon Amour Andrei Codrescu, 2004-01-04 A "lovely collection" of essays by the NPR commentator about his beloved adopted city, both before and after Hurricane Katrina (Publishers Weekly). NPR commentator Andrei Codrescu has long written about the unique city he calls home. How apt that a refugee born in Transylvania found his place where vampires roam the streets and voodoo queens live around the corner; where cemeteries are the most popular picnic spots; the ghosts of poets, prostitutes, and pirates are palpable; and in the French Quarter, no one ever sleeps. Codrescu's essays have been called "satirical gems," "subversive," "funny," "gonzo," and "wittily poignant"—here is a writer who perfectly mirrors the wild, voluptuous character of New Orleans itself. This retrospective follows him from newcomer to near native: first seduced by the lush banana trees in his backyard and the sensual aroma of coffee at the café down the block, Codrescu soon becomes a Window Gang regular at the infamous bar Molly's on Decatur; does a stint as King of Krewe de Vieux Carré at Mardi Gras; befriends artists, musicians, and eccentrics; and exposes the city's underbelly of corruption, warning presciently about the lack of planning for floods in a city high on its own insouciance. Alas, as we all now know, Paradise is lost, but here Codrescu also writes about how the city's heart still beats even after 2005's devastating hurricane. *New Orleans, Mon Amour* is a portrait of an incomparable place, from a writer who "manages to be brilliant and insightful, tough and seductive about American culture" (The New York Times Book Review). "Finely honed portraits of a fabled city and its equally fabled inhabitants. The author, who has called the Big Easy home for two decades, shows how, like some gigantic bohemian magnet, New Orleans attracts some of the world's most talented, self-indulgent freaks. Codrescu finds himself quite at home there. He expertly weaves pages of New Orleans history through his stories of personal discovery and debauchery. . . . Readers can't help coming away from reading it without an abiding hope in the ability of ordinary people, under the worst circumstances, rising to whatever challenges they face." —Publishers Weekly

antoinette frank victims: The Death of Innocents Helen Prejean, 2006-01-24 From the author

of the national bestseller *Dead Man Walking* comes a brave and fiercely argued new book that tests the moral edge of the debate on capital punishment: What if we're executing innocent men? Two cases in point are Dobie Gillis Williams, an indigent black man with an IQ of 65, and Joseph Roger O'Dell. Both were convicted of murder on flimsy evidence (O'Dell's principal accuser was a jailhouse informant who later recanted his testimony). Both were executed in spite of numerous appeals. Sister Helen Prejean watched both of them die. As she recounts these men's cases and takes us through their terrible last moments, Prejean brilliantly dismantles the legal and religious arguments that have been used to justify the death penalty. Riveting, moving, and ultimately damning, *The Death of Innocents* is a book we dare not ignore.
