Historical Background of Black British Migration to America

The migration of Black British people to America has been influenced by historical, economic, and social factors spanning several decades. While migration flows between the United Kingdom and the United States have long existed, the post-World War II period marked a significant increase in movement, including that of Black British citizens. Many sought educational opportunities, professional advancement, and cultural exchange across the Atlantic.

Post-War Migration Trends

After World War II, the United States became a destination for many British citizens, including Black British individuals seeking new prospects. The expansion of higher education and civil rights movements in America attracted those interested in engaging with progressive social changes and accessing world-class institutions.

Modern Migration Patterns

In recent decades, globalization and international mobility have facilitated greater numbers of Black British people moving to America. These migrants often include students, professionals in technology and finance, artists, and entrepreneurs who contribute to the economic and cultural fabric of American society.

Cultural Identity and Integration

Black British people in America often experience a layered identity that reflects their British heritage and African or Caribbean ancestry, combined with their evolving American context. This multicultural identity influences how they relate to both the British and American cultural landscapes.

Negotiating Dual Identities

Balancing British cultural norms with American social dynamics can be complex. Black British individuals may find themselves navigating differences in language, social attitudes, and racial constructs between the UK and the US, which shape their sense of belonging and self-expression.

Community and Cultural Preservation

Despite integrating into American society, many Black British people maintain strong ties to British customs, music, cuisine, and social practices. Cultural events and community gatherings serve as vital spaces for preserving heritage and fostering connections among expatriates.

Contributions to American Society

Black British people in America have made significant contributions across various fields, enriching the country's cultural, academic, and economic landscape. Their diverse talents and perspectives bring fresh insights and innovation.

Arts and Entertainment

Numerous Black British artists, musicians, and actors have found success in the American entertainment industry. Their work often reflects a blend of British and American influences, adding to the multicultural vibrancy of the arts scene.

Academia and Research

Black British scholars contribute to American universities and research institutions, bringing expertise in fields such as history, sociology, literature, and science. Their transatlantic perspectives enhance academic discourse and enrich educational environments.

Business and Entrepreneurship

Entrepreneurs and professionals from the Black British community have established innovative businesses and leadership roles within U.S. markets. Their contributions support economic growth and foster cross-cultural business relationships.

Challenges Faced by Black British People in America

Despite their successes, Black British people in America encounter various challenges related to identity, social integration, and systemic issues. These difficulties can affect their personal and professional experiences.

Racial and Cultural Misunderstandings

Black British individuals may face misunderstandings due to differences in racial terminology and social expectations between the UK and the US. This can lead to challenges in social interactions and workplace environments.

Immigration and Legal Hurdles

Securing visas, work permits, and legal residency often poses significant obstacles for Black British migrants. Navigating the complex American immigration system requires resources and support that are not always readily available.

Social Isolation and Community Access

The relative size and visibility of Black British communities in America can be limited, resulting in feelings of isolation. Access to culturally relevant support networks is essential for successful integration.

Notable Black British Individuals in America

Several Black British figures have gained prominence in the United States, exemplifying the diverse achievements and influence of this community.

- **Stormzy** – The British rapper and activist has extended his influence globally, including in America, through music and social advocacy.
- **Naomie Harris** – An acclaimed actress known for her roles in American films, Harris exemplifies the transatlantic success of Black British talent.
- **Dr. Kehinde Andrews** – A prominent academic and author who has engaged with American audiences on issues of race, identity, and social justice.
- **John Boyega** – Renowned for his work in Hollywood, Boyega represents the growing impact of Black British actors in American cinema.

Community Organizations and Support Networks

Various organizations and informal networks exist to support Black British people in America, fostering community cohesion and providing resources for adaptation and success.

Cultural Associations

Groups dedicated to celebrating British heritage and African diasporic culture offer social events, educational programs, and cultural exchange initiatives. These associations help maintain cultural identity and facilitate networking.

Professional Networks

Professional organizations provide mentorship, career development, and advocacy for Black British professionals in American industries. These networks play a crucial role in addressing workplace challenges and promoting leadership opportunities.

Educational and Social Support

Resources aimed at students and newcomers assist with academic adjustment, legal guidance, and community integration. Support centers often collaborate with universities and local agencies to enhance the migrant experience.

Future Trends and Outlook

The population of Black British people in America is expected to grow as transatlantic connections deepen through technology, education, and business. This evolution will likely enhance cultural exchange and contribute to ongoing discussions about race, identity, and belonging within diverse societies.

Increasing Visibility and Influence

As more Black British individuals establish themselves in America, their visibility in media, politics, and social movements will rise, providing new perspectives and leadership within multicultural contexts.

Strengthening Transatlantic Ties

Collaborations between British and American institutions, communities, and individuals will continue to promote shared cultural heritage and mutual understanding, benefiting both nations.

Frequently Asked Questions

What is the historical significance of Black British people in America?

Black British people have contributed to America's cultural, academic, and social landscapes, often bringing unique perspectives shaped by their experiences in the UK, and participating in various fields including arts, education, and activism.

How do the experiences of Black British people in America differ from those of African Americans?

While both groups face racial challenges, Black British people in America may experience cultural differences, including accents, social norms, and identity perceptions, sometimes encountering stereotypes distinct from those faced by African Americans.

What are some notable Black British individuals who have made an impact in America?

Notable Black British individuals in America include actors like Idris Elba and Chiwetel Ejiofor, musicians such as Stormzy, and academics who have contributed significantly to their fields while residing in the U.S.

How has the Black British diaspora influenced American culture?

The Black British diaspora has influenced American culture through contributions in music, fashion, literature, and academia, often blending British and American influences to create unique cultural expressions.

Are there communities or organizations that support Black British people living in America?

Yes, there are organizations and social groups that support Black British expatriates in America, providing networking opportunities, cultural events, and resources to help with integration and community building.

What challenges do Black British people face when relocating to America?

Challenges include navigating visa and immigration processes, cultural adjustment, encountering racial biases, and sometimes facing misunderstandings related to their identity and accent.

How do Black British accents and cultural identities affect social interactions in America?

Black British accents can sometimes lead to misconceptions or curiosity in America, influencing social interactions positively or negatively, and contributing to a complex negotiation of identity within American society.

In what ways have Black British academics contributed to American institutions?

Black British academics have enriched American educational institutions through research, teaching, and participation in diversity and inclusion initiatives, often bringing international perspectives to their disciplines.

What role do media representations play in shaping perceptions of Black British people in America?

Media representations can both challenge and reinforce stereotypes; positive portrayals of Black British individuals in American media help foster understanding and appreciation, while negative or limited portrayals may perpetuate misconceptions.

Additional Resources

1. Black British, Black American: A Comparative History

This book explores the historical and cultural connections between Black British and Black American communities. It examines shared experiences of racial discrimination, cultural identity, and activism. The author highlights how the transatlantic ties influence contemporary social and political movements on both sides.

2. The African Diaspora in the United States and Britain

A comprehensive study of the African diaspora's migration patterns, this book focuses on Black British people who have settled in America. It delves into the challenges they face,

such as navigating racial identity in a different cultural context. The text also discusses how diasporic communities maintain cultural heritage while adapting to new environments.

3. *From London to Harlem: Black British Voices in America*

This collection of essays and interviews presents the experiences of Black British artists, scholars, and activists living in America. It provides insight into their contributions to American culture and the complexities of dual identity. The book highlights the intersections of race, nationality, and creativity.

4. *The Transatlantic Black Experience: British and American Perspectives*

Focusing on the shared and divergent histories of Black people in Britain and America, this book offers a transatlantic perspective on race relations. It addresses themes like slavery, migration, and civil rights movements. The author argues for a more integrated understanding of Black history across both nations.

5. *Black British Immigrants in the United States: Stories of Struggle and Success*

This narrative-driven book shares personal stories from Black British immigrants who have made America their home. It covers topics such as cultural adjustment, professional challenges, and community building. The stories reveal resilience and the pursuit of identity in a new cultural landscape.

6. *Race, Identity, and Belonging: Black British People in America*

Examining the complexities of identity, this book investigates how Black British individuals perceive themselves and are perceived in the United States. It explores issues of belonging, racial categorization, and cultural expression. The book uses sociological research to analyze identity formation in transnational contexts.

7. *Cultural Crossings: Black British Influence on African American Arts*

This work highlights the impact of Black British artists on the African American art scene. It discusses music, literature, visual arts, and performance, showcasing collaborative and inspirational relationships. The book underscores the dynamic cultural exchange between the two communities.

8. *Negotiating Race and Nationality: Black British Migrants in America*

By focusing on the lived experiences of Black British migrants, this book investigates how they navigate issues of race and nationality in the U.S. It explores legal, social, and cultural challenges, as well as strategies for adaptation and resistance. The book contributes to broader discussions on migration and identity politics.

9. *Black British and Black American: Dialogues on Race and Culture*

This dialogue-based book features conversations between Black British and Black American thinkers, activists, and writers. It covers topics such as racial justice, cultural heritage, and political activism. The exchanges reveal both commonalities and differences in experiences and perspectives.

black british people in america: Black British Music in America, 1967-2000 Mike Alleyne, 2025-03-11 Black British Music in America 1967-2000: Atlantic Crossover historically examines musical and cultural relationships through popular music recordings, exploring the transatlantic journeys via academic, critical, and commercial reception of the music. It addresses an overlooked area of Black popular music, investigating the fluctuating fortunes of artists and the contradictions of exporting such recordings to America. Examining a complex history spanning the last four decades of the twentieth century, the author reveals the chronologies and the recording industry circumstances shaping the presence of Black British music in America. Readers will discover the conditions under which key recordings were made and released, through detailed analysis and new interviews with participating producers and artists. Including exploration of chart histories, this book also dissects the content of the recordings, uncovering the elements that made many of them successful. Black British Music in America 1967-2000 will interest all those who study popular music, cultural studies, and music production, as well as popular music listeners.

black british people in america: Black British Drama Michael Pearce, 2017-07-14 Black British Drama: A Transnational Story looks afresh at the ways black theatre in Britain is connected to and informed by the spaces of Africa, the Caribbean and the USA. Michael Pearce offers an exciting new approach to reading modern and contemporary black British drama, examining plays by a range of writers including Michael Abbensetts, Mustapha Matura, Caryl Phillips, Winsome Pinnock, Kwame Kwei-Armah, Debbie Tucker Green, Roy Williams and Bola Agbaje. Chapters combine historical documentation and discussion with close analysis to provide an in-depth, absorbing account of post-war black British drama situated within global and transnational circuits. A significant contribution to black British and black diaspora theatre studies, Black British Drama is a must-read for scholars and students in this evolving field.

black british people in america: Black British History Hakim Adi, 2019-03-15 For over 1500 years before the Empire Windrush docked on British shores, people of African descent have played a significant and far-ranging role in the country's history, from the African soldiers on Hadrian's Wall to the Black British intellectuals who made London a hub of radical, Pan-African ideas. But while there has been a growing interest in this history, there has been little recognition of the sheer breadth and diversity of the Black British experience, until now. This collection combines the latest work from both established and emerging scholars of Black British history. It spans the centuries from the first Black Britons to the latest African migrants, covering everything from Africans in Tudor England to the movement for reparations, and the never ending struggles against racism in between. An invaluable resource for both future scholarship and those looking for a useful introduction to Black British history, Black British History: New Perspectives has the potential to transform our understanding of Britain, and of its place in the world.

black british people in america: The Cultural Memory of Africa in African American and Black British Fiction, 1970-2000 Leila Kamali, 2016-12-10 This book offers a new approach to reading the cultural memory of Africa in African American fiction from the post-Civil Rights era and in Black British fiction emerging in the wake of Thatcherism. The critical period between the decline of the Civil Rights Movement and the dawn of the twenty-first century saw a deep contrast in the distinctive narrative approaches displayed by diverse African diaspora literatures in negotiating the crisis of representing the past. Through a series of close readings of literary fiction, this work examines how the cultural memory of Africa is employed in diverse and specific negotiations of narrative time, in order to engage and shape contemporary identity and citizenship. By addressing the practice of "remembering" Africa, the book argues for the signal importance of the African diaspora's literary interventions, and locates new paradigms for cultural identity in contemporary times.

black british people in america: *Reading Contemporary Black British and African American Women Writers* Jean Wyatt, Sheldon George, 2020-01-28 Contemporary African American and Black British Women Writers: Narrative, Race, Ethics brings together British and American scholars to explore how, in texts by contemporary black women writers in the U. S. and Britain, formal narrative techniques express new understandings of race or stimulate ethical thinking about race in a reader. Taken together, the essays also demonstrate that black women writers from both sides of the Atlantic borrow formal structures and literary techniques from one another to describe the workings of structural racism in the daily lives of black subjects and to provoke readers to think anew about race. Narratology has only recently begun to use race as a category of narrative theory. This collection seeks both to show the ethical effects of narrative form on individual readers and to foster reconceptualizations of narrative theory that account for the workings of race within literature and culture.

black british people in america: Black British Lives Matter Lenny Henry, Marcus Ryder, 2021-11-16 Featuring essays from David Olusoga, Dawn Butler MP, Kit de Waal, Kwame Kwei-Armah, and many more. In response to the international outcry at George Floyd's death, Lenny Henry and Marcus Ryder have commissioned this collection of essays to discuss how and why we need to fight for Black lives to matter - not just for Black people but for society as a whole. Recognising Black British experience within the Black Lives Matter movement, nineteen prominent Black figures explain why Black lives should be celebrated when too often they are undervalued. Drawing from personal experience, they stress how Black British people have unique perspectives and experiences that enrich British society and the world; how Black lives are far more interesting and important than the forces that try to limit it. We achieve everything not because we are superhuman. We achieve the things we achieve because we are human. Our strength does not come from not having any weaknesses, our strength comes from overcoming them Doreen Lawrence. I always presumed racism would always be here, that it was a given. But the truth is, it was not always here, it was invented. David Olusoga Our identity and experience will shape every story, bleed into every poem, inform every essay whether it's about Black 'issues' or not Kit de Waal

black british people in america: **Brilliant Black British History** Atinuke,, 2023-08-31 'This powerful, vividly illustrated book proudly reframes Black British history' The Guardian '... a brilliant, fascinating history book' The Week Junior, Book of the Week 'I started reading and couldn't put it down. This fascinating book will change everything you thought you knew about our green-grey British isles. 'We would recommend this book to any child, adult or teacher' Stop Hate UK

black british people in america: Black British Writing Lauri Ramey, 2004-09-03 This collection of essays provides an imaginative international perspective on ways to incorporate black British writing and culture in the study of English literature, and presents theoretically sophisticated and practical strategies for doing so. It offers a pedagogical, pragmatic and ideological introduction to the field for those without background, and an integrated body of current and stimulating essays for those who are already knowledgeable. Contributors to this volume include scholars and writers

from Britain and the U.S. Following on recent developments in African American literature, postcolonial studies and race studies, the contributors invite readers to imagine an enhanced and inclusive British canon through varied essays providing historical information, critical analysis, cultural perspective, and extensive annotated bibliographies for further study.

black british people in america: Psychological Growth After Trauma Simon Wharne, 2025-08-26 *Psychological Growth After Trauma* is a guide to moving away from assumptions about trauma as a simple form of 'psychological damage.' Each chapter promotes an understanding of difficult experiences as learning opportunities that help us attune to the reality of existence and become more at ease with the truths that trigger our anxieties. The book holds close to a phenomenological stance in which understanding emerges through experience and reflection. This is not a book that argues for a model that practitioners would be required to adopt and impose on their clients. Instead, *Psychological Growth After Trauma* brings insights and explorations together, allowing the reader to build their own framework for understanding.

black british people in america: Black British Culture and Society Kwesi Owusu, 2003-09-02 *Black British Culture and Society* brings together in one indispensable volume key writings on the Black community in Britain, from the 'Windrush' immigrations of the late 1940s and 1950s to contemporary multicultural Britain. Combining classic writings on Black British life with new, specially commissioned articles, *Black British Culture and Society* records the history of the post-war African and Caribbean diaspora, tracing the transformations of Black culture in British society. *Black British Culture and Society* explores key facets of the Black experience, charting Black Britons' struggles to carve out their own identity and place in an often hostile society. The articles reflect the rich diversity of the Black British experience, addressing economic and social issues such as health, religion, education, feminism, old age, community and race relations, as well as Black culture and the arts, with discussions of performance, carnival, sport, style, literature, theatre, art and film-making. The contributors examine the often tense relationship between successful Black public figures and the media, and address the role of the Black intellectual in public life. Featuring interviews with noted Black artists and writers such as Aubrey Williams, Mustapha Matura and Caryl Phillips, and including articles from key contemporary thinkers, such as Stuart Hall, A. Sivanandan, Paul Gilroy and Henry Louis Gates, *Black British Culture and Society* provides a rich resource of analysis, critique and comment on the Black community's distinctive contribution to cultural life in Britain today.

black british people in america: Black British Migrants in Cuba Jorge L. Giovannetti-Torres, 2018-10-25 *Black British Migrants in Cuba* offers a comprehensive study of migration from the British Caribbean to Cuba in the pre-World War II era, spotlighting an important chapter of the larger trajectory of the Afro-Atlantic diaspora. Grounded in extensive and rigorous multi-sited research, this book examines the different migration experiences of Jamaican, Leeward, and Windward Islanders, along with the transnational processes of labor recruitment and the local control of workers in the plantation. The book also explains the history of racial fear and political and economic forces behind the marking of black migrants as the 'Other' and the resulting discrimination, racism, and violence against them. Through analysis of the oppositional and resistance strategies employed by British Antilleans, the author conveys migrants' determination to work, live, and survive in the Caribbean.

black british people in america: Black British Gospel Music Dulcie A. Dixon McKenzie, Pauline E. Muir, Monique M. Ingalls, 2024-06-04 *Black British Gospel Music* is a dynamic and multifaceted musical practice, a diasporic river rooted in the experiences of Black British Christian communities. This book examines gospel music in Britain in both historical and contemporary perspectives, demonstrating the importance of this vital genre to scholars across disciplines. Drawing on a plurality of voices, the book examines the diverse streams that contribute to and flow out of this significant genre. Gospel can be heard resonating within a diverse array of Christian worship spaces; as a form of community music-making in school halls; and as a foundation for 'secular' British popular music, including R&B, hip hop and grime.

black british people in america: This is Why I Resist Dr Shola Mos-Shogbamimu, 2021-01-21 The essential anti-racist book from one of the world's leading voices for change 'With This Is Why I Resist, Dr Shola is shaking a nation out of its slumber.' Annie Lennox OBE 'Smart and courageous, this book should be on everyone's must-read list.' Naomi Campbell 'Written with fearless articulacy, this book recalibrates the conversation on race to ignite transformational change.' David Lammy MP 'This book is a passionate call to arms for anyone who wishes to look the other way. It is a must read.' Professor Kate Williams 'Inclusive, exciting and focused, This Is Why I Resist is a fantastic point of reference for intersectional anti-racism work, no matter who you are.' Munroe Bergdorf In 2020 we have seen clearer than ever that Black people are still fighting for the right to be judged by the content of their character and not the colour of their skin. In the words of the author, there is no freedom without rights and no rights without the freedom to exercise those rights. This book demands change, because Black people are done waiting. In This Is Why I Resist activist and political commentator, Dr Shola Mos-Shogbamimu digs down into the deep roots of racism and anti-blackness in the UK and the US. Using real life examples from the modern day, Dr Shola shows us the different forms racism takes in our day-to-day lives and asks us to raise our voice to end the oppression. She delves into subjects not often explored such as racial gatekeepers, white ingratitude, performative allyship (those black squares on Instagram), current identity politics and abuse of the Black trans community. This book will challenge you. It will make you think. Bust most importantly, it will inspire you take action. It's time for a conscious revolution.

black british people in america: Black Enterprise , 1989-12 BLACK ENTERPRISE is the ultimate source for wealth creation for African American professionals, entrepreneurs and corporate executives. Every month, BLACK ENTERPRISE delivers timely, useful information on careers, small business and personal finance.

black british people in america: British Antifascism and the Holocaust, 1945-79 Joshua Cohen, 2022-10-14 British Antifascism and the Holocaust, 1945-79 explores the extent to which the Holocaust has shaped British antifascism. The author tests assertions of an uncomplicated relationship between Holocaust memory and the imperative to resist postwar fascist revivals. For those with a scholarly interest in how antifascists confront their opponents, it is essential to understand whether the Holocaust has always been seen as an insurmountable barrier against fascism: is the idea of the genocide's constant antifascist 'use' actually a dangerous assumption and, if so, what are the implications of this for 'Antifa' as its battle with the contemporary far right unfolds? This book provides a political and structural history of the Holocaust's relationship to antifascist organisations and questions whether networks of solidarity formed around Holocaust memory, including analysing the impact of the genocide in Jewish antifascists' motivations and rhetoric. It also assesses the Holocaust's political capital in wider antifascism and connected anti-racism, including in defence of the Black and Asian communities increasingly victimised by fascists over the postwar period. This book will appeal to scholars and students with interests in antifascism, fascism, racism, and Jewish and left-wing history in Britain, and how these intersect with Holocaust consciousness.

black british people in america: *To Deprave and Corrupt* Catherine Scott, 2019-05-27 Thousands have run afoul of Britain's Obscene Publications Act--from Victorian erotica presses to 21st-century dominatrices. At a time when the internet has made sexually explicit material ubiquitous, why are British traditional media still regulated by a vaguely worded law from 1857? This comprehensive analysis of obscenity in British culture explores what is considered obscene, who gets to decide, and how class, race and gender inform laws regarding adult content. The author describes how obscenity laws disproportionately affect the BDSM subculture, the LGBT community and feminist porn performers.

black british people in america: *Black British Jazz* Jason Toynbee, Catherine Tackley, 2016-04-15 Black British musicians have been making jazz since around 1920 when the genre first arrived in Britain. This groundbreaking book reveals their hidden history and major contribution to the development of jazz in the UK. More than this, though, the chapters show the importance of

black British jazz in terms of musical hybridity and the cultural significance of race. Decades before Steel Pulse, Soul II Soul, or Dizzee Rascal pushed their way into the mainstream, black British musicians were playing jazz in venues up and down the country from dance halls to tiny clubs. In an important sense, then, black British jazz demonstrates the crucial importance of musical migration in the musical history of the nation, and the links between popular and avant-garde forms. But the volume also provides a case study in how music of the African diaspora reverberates around the world, beyond the shores of the USA - the engine-house of global black music. As such it will engage scholars of music and cultural studies not only in Britain, but across the world.

black british people in america: Gordon Stretton, Black British Transoceanic Jazz Pioneer Michael Brocken, Jeff Daniels, 2018-09-15 This extensively researched text concerning the life and career of Liverpool-born Black jazz musician Gordon Stretton not only contributes to the important debate concerning the transoceanic pathways of jazz during the 20th century, but also suggests to the jazz fan and scholar alike that such pathways, reaching as they also did across the Atlantic from Europe, are actually part of a largely ignored therefore partially-hidden history of 20th century jazz performance, industry and influence. The work also exists to contribute to a more complete picture of the significance of diaspora studies across the spectrum of popular music performance, and to award to those Liverpool musicians who were not contributors to the city's musical visage post-rock 'n' roll, a place in popular music history. Gordon Stretton was a jazz pioneer in several senses: he emerged from a poverty-stricken, racially marginalized upbringing in Liverpool to develop a popular music career emblematic of Black diasporan experience. He was a child dancer and singer in the Lancashire Lads (the troupe which was also part of a young Charlie Chaplin's development), a well-respected solo touring artist in the UK as 'The Natural Artistic Coon', a chorister and musical director with the Jamaican Choral Union and, having encountered syncopated music, a jazz percussionist, multi-instrumentalist and vocalist (not to mention a ground-breaking bandleader). All of these musical experiences took place through time on his own terms as he learnt his craft 'on the hoof' via many different encounters with musical genres from Liverpool to London, Paris, Brussels, Rio, and Buenos Aires. Gordon Stretton was truly a transoceanic jazz pioneer.

black british people in america: Living God's Future Now Samuel Wells, Walter Brueggemann, Steve Chalke, Sarah Coakley, Michael Curry, Chine McDonald, Stephen Cottrell, Rowan Williams, 2022-10-31 Arguably the most imaginative and energetic church response to the pandemic has been that of HeartEdge, the interdenominational church renewal movement founded at St Martin in the Fields by Samuel Wells but now extending beyond the UK to Europe, North America and Australia. From serving thousands of meals on London's streets to becoming, in all but name, an online conference centre and theological college offering hundreds of events, one outstanding feature of its programme has been Samuel Wells' monthly conversations about the future of the Church with leading figures from Britain and America, attended by large online audiences. This volume offers a distillation of those conversations which, instead of being preoccupied with decline, focus on what Christian presence and practice might look like in the world that is being reshaped by what the pandemic has revealed, and the theology that is needed to sustain such a vision.

black british people in america: A Black British Canon? G. Low, M. Wynne-Davies, 2006-10-31 This much-needed collection examines the formation of a black British canon including writers, dramatists, film-makers and artists. Contributors including John McLeod, Michael McMillan, Mike Phillips and Alison Donnell discuss the textual, political and cultural history of black British and the term 'black British' itself.
