best carl jung books reddit: Man and His Symbols Carl G. Jung, 2012-02-01 The landmark text about the inner workings of the unconscious mind—from the symbolism that unlocks the meaning of our dreams to their effect on our waking lives and artistic impulses—featuring more than a hundred updated images that break down Carl G. Jung’s revolutionary ideas “What emerges with great clarity from the book is that Jung has done immense service both to psychology as a science and to our general understanding of man in society.”—The Guardian “Our psyche is part of nature, and its enigma is limitless.” Since our inception, humanity has looked to dreams for guidance. But what are they? How can we understand them? And how can we use them to shape our lives? There is perhaps no one more equipped to answer these questions than the legendary psychologist Carl G. Jung. It is in his life’s work that the unconscious mind comes to be understood as an expansive, rich world just as vital and true a part of the mind as the conscious, and it is in our dreams—those personal, integral expressions of our deepest selves—that it communicates itself to us. A seminal text written explicitly for the general reader, *Man and His Symbols* is a guide to understanding our dreams and interrogating the many facets of identity—our egos and our shadows, “the dark side of our natures.” Full of fascinating case studies and examples pulled from philosophy, history, myth, fairy tales, and more, this groundbreaking work—profusely illustrated with hundreds of visual examples—offers invaluable insight into the symbols we dream that demand understanding, why we seek meaning at all, and how these very symbols affect our lives. Armed with the knowledge of the self and our shadow, we may build fuller, more receptive lives. By illuminating the means to examine our prejudices, interpret psychological meanings, break free of our influences, and recenter our individuality, *Man and His Symbols* proves to be—decades after its conception—a revelatory, absorbing, and relevant experience.

best carl jung books reddit: The Undiscovered Self Carl Gustav Jung, 2013-12-13 Written three years before his death, *The Undiscovered Self* combines acuity with concision in masterly fashion and is Jung at his very best. Offering clear and crisp insights into some of his major theories, such as the duality of human nature, the unconscious, human instinct and spirituality, Jung warns against the threats of totalitarianism and political and social propaganda to the free-thinking

individual. As timely now as when it was first written, Jung's vision is a salutary reminder of why we should not become passive members of the herd. With a new foreword by Sonu Shamdasani.

best carl jung books reddit: Understanding Jung Understanding Yourself (RLE: Jung) Peter O'Connor, 2014-07-17 First published in 1985 this was the first introduction to Jung which related his theories to our everyday lives. Discover through this highly readable book that Jung's views provide a full understanding of the concerns and anxieties of today. Sigmund Freud spoke to the generations who experienced the anxiety of sexual guilt and repression. Carl Jung speaks to our generation, who seek self-knowledge and a deeper understanding of life. This book outlines Jung's theories and how we experience them in our personal relationships, marriages and dreams. It describes Jung's eight psychological types and his thinking on the Self, alchemy, archetypes and the collective unconscious. Imperative for those who wish to gain insight into Jung and their own psyche.

best carl jung books reddit: The Theory of Psychoanalysis Carl G. Jung, 2018-02-03 THE THEORY OF PSYCHOANALYSIS Carl Gustav Jung was a Swiss psychiatrist and psychotherapist who founded analytical psychology. Jung proposed and developed the concepts of extraversion and introversion; archetypes, and the collective unconscious. His work has been influential in psychiatry and in the study of religion, philosophy, archeology, anthropology, literature, and related fields. A prolific writer, many of his works were not published until after his death. The theories in this book, written in 1901, although outdated, are still a fascinating glimpse of Jung's mind at a crucial time in his life. It followed the Psychology of the Unconscious, which represented his break from the Vienna school led by Freud (and his separation from Freud), and a young Jung moving in his own path of thought (although the development of his own Jungian theory of psychology has a long way to go. This book is Jung in transition, his thought a work in progress, his theory a project under construction.

best carl jung books reddit: *Two Essays on Analytical Psychology* C.G. Jung, 2014-12-18 This volume from the Collected Works of C.G. Jung has become known as perhaps the best introduction to Jung's work. In these famous essays he presented the essential core of his system. This is the first paperback publication of this key work in its revised and augmented second edition. The earliest versions of the essays are included in an Appendices, containing as they do the first tentative formulations of Jung's concept of archetypes and the collective unconscious, as well as his germinating theory of types.

best carl jung books reddit: *Collected Works of C.G. Jung, Volume 7* C. G. Jung, 1972-04-21 This volume has become known as perhaps the best introduction to Jung's work. In these famous essays. The Relations between the Ego and the Unconscious and On the Psychology of the Unconscious, he presented the essential core of his system. Historically, they mark the end of Jung's intimate association with Freud and sum up his attempt to integrate the psychological schools of Freud and Adler into a comprehensive framework. This is the first paperback publication of this key work in its revised and augmented second edition of 1966. The earliest versions of the Two Essays, New Paths in Psychology (1912) and The Structure of the Unconscious (1916), discovered among Jung's posthumous papers, are published in an appendix, to show the development of Jung's thought in later versions. As an aid to study, the index has been comprehensively expanded.

best carl jung books reddit: *C.G. Jung* C. G. Jung, 2021-10-12 Carl Gustav Jung, the great Swiss psychologist, who died in 1961 in his eighty-sixth year, was a profound thinker of extraordinary creativity. In the course of his medical practice he reflected deeply on human nature and human problems, and his prolific writings bear witness to his great wisdom and insight. For this completely revised edition, selections from publications of the years 1945-1961, the last fruitful years of Jung's life, have been added, and the book has been reset in a new compact format. The selections are arranged thematically under four main headings: The Nature and Activity of the Psyche, Man in His Relation to Others, The World of Values, and On Ultimate Things. Jung's reflections frequently have a penetrating relevance to today's (and tomorrow's) problems. On prejudice: Our unwillingness to see our own faults and the projection of them is the beginning of most quarrels, and is the strongest guarantee that injustice, animosity, and persecution are not ready to die out. On sex: We are not yet far enough advanced to distinguish between moral and immoral behavior in the realm of free sexual activity. On religion: No one can know what the ultimate things are. We must therefore take them as we experience them. And if such experience helps to make life healthier, more beautiful, more complete, and more satisfactory to yourself and to those you love, you may safely say: 'This was the grace of God.'

best carl jung books reddit: *Boundaries of the Soul* June Singer, 1994 With one hundred thousand copies in print since its publication twenty years ago, *Boundaries of the Soul* has become recognized as the classic introduction to Jung and the practice of Jung's psychology. Now, in a completely revised and updated edition, Dr. Singer incorporates the latest developments in Jungian

psychology, particularly in the areas of masculine/feminine relationships, psychotherapeutic drug use, and the evolution of Jung's concepts and their applicability both clinically and in the world of business and industry. This new version of *Boundaries of the Soul* reaffirms its long-standing reputation as the best available introduction to Jung's thoughts.

best carl jung books reddit: Undiscovered Self C. G. Jung, 1958 In his classic, provocative work, Dr. Carl Jung—one of psychiatry's greatest minds—argues that the future depends on our ability to resist society's mass movements. Only by understanding our unconscious inner nature—the undiscovered self—can we gain the self-knowledge that is antithetical to ideological fanaticism. But this requires facing the duality of the human psyche—the existence of good and evil in us all. In this seminal book, Jung compellingly argues that only then can we cope and resist the dangers posed by those in power.

best carl jung books reddit: Catafalque (2-Volume Set) Peter Kingsley, 2018-11 Catafalque offers a revolutionary new reading of the great psychologist Carl Jung as mystic, gnostic and prophet for our time. Much more than a brilliant spiritual biography, this book holds the key to understanding why western culture is dying—and what we, now, can do to help it.

best carl jung books reddit: Collected Papers on Analytical Psychology C G Jung, 2020-09-29 This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

best carl jung books reddit: Soul and Body Carl Alfred Meier, 1986

best carl jung books reddit: Jung Meredith Moonchild, 2016-09-20 Carl Jung was really close to Sigmund Freud. They even became friends over the years, but they parted ways when it came to psychology. While Freud's approach was clinical and scientific in the Western sense, Jung started to draw his inspiration from Eastern philosophies and religions. Because of Carl Jung we have today a bridge between the mythological and mysterious world and the world of psychology. His research into dreams and sub-conscious parts of the minds offers riveting insights into human psychology that none before him have been able to. While Freudian psychology is still the branch most taught within universities, there is a large undercurrent of Jungian psychology seeping into our society. Especially the spiritualists and the New Age movement have embraced Jung as a teacher to better understand their own Shadows and dark aspects of the psyche. In this short read you will be given a concise and insightful introduction into the world and psychology of Carl Jung.
