books about khadijah bint khuwaylid: The Book Mahesh, 2016-04-21 This book covers the teachings of a sixth century religious leader, whose followers constitute the second largest religious group in the world in the present age. The book is set as a first person narrative, where the Prophet quotes his own words, and offers the rationale for many of the guidelines in the times when they were delivered, as also their validity in the present times. Many of those preachings which were very relevant to usher in much needed socio-cultural changes in the desert tribes of those ancient times, may seem to be archaic and out of place today, when the world and society have seen much advancement and achieved scientific and technological progress. And yet, since they are believed to be the words of God, delivered through His chosen messenger, the believers are in a constant intellectual crisis, as they are unable to give them up totally, nor are they able to accept them totally in the present context. It is this dilemma that is the thread running through the book, where many of the guidelines are compared with guidelines on the same subjects contained in ancient scriptures

from other world religions, most of which are more ancient than these sixth century teachings. The reader is invited to read, analyse and draw his own conclusions about these myriad topics which continue to interest and stimulate human curiosity and the quest for truth through all ages.

books about khadijah bint khuwaylid: Sufism-The Soul of Islam Sultan ul Ashiqeen Sultan Mohammad Najib ur Rehman, 2020-10-30 Sufism is a journey. A miraculous one. Filled with hurdles yet easy for those who are born pure and those who choose. It is the choices and not always the actions as they could be deceptive. Sufism is the spiritual and mystical aspect of Islam. The esoteric cosmos has every spiritual blessing, notion and trial. In the universe of Sufism, the destination is being One with the Divine Essence (tawhid) and the dear friend and leader on this path is the spiritual guide. Motivation and power to accomplish comes from loving Allah only, as Sultan Bahoo has famously said, "Only Allah! Everything other than Allah is lust." The names Allah and Mohammad (Ism-e-Allah Zaat and Ism-e-Mohammad) are sustenance which strengthen the very soul of man. After all it is the journey of soul. Deep respect embedded in the heart for the family of Prophet Mohammad (peace be upon him) is like Noah's Arc and the sacred Companions are guiding stars. The Mohammadan Assembly is the determining factor declaring one worthy to embark on the quest of Sufism or to demote or worse to forever halt. Wolves, brigands and the negative powers that drive one away are Satan, innerself (an-nafs) and the mortal world. Sharia is the door into this esoteric world. This journey of gnosis has its own set of guidelines. These can come in the form of inspiration, unveiling, waham (inward conversation with Hoo ۞۞۞) and ilm-e-dawat (communication with sacred souls of shrines). This book is all and MORE! books about khadijah bint khuwaylid: The Beauty Suit Lauren Shields, 2018-05-15 A young feminist finds herself questioning why "hotness" has become necessary for female empowerment—and looks for alternatives. Looking good feels good. But in a society where looking good is posited as being strong, while negotiating for better pay is statistically proven to damage our careers, is it fair to say that wicked eyeliner, weekly blowouts, and a polished Instagram feed are the keys to our liberation? If so—if "hot" really is a good enough synonym for "empowered"—why do so many of us feel, deep in our bones, that the sexy-as-strong model is a distraction? Is "pretty" still the closest to power women can get? Why is looking fierce an acceptable substitute for living in a world where women are safe? Inspired in seminary by American Muslimahs who wear the hijab for feminist reasons, Lauren Shields took off what she calls the Beauty Suit—the "done" hair, the tasteful and carefully applied makeup, the tight clothes and foot-binding shoes—for nine months. She'd really only wanted to do an experiment. Instead, her life—especially her views on what constitutes "liberation"—changed forever. Rooted in feminist theory and religious history, and guided by a snappy personal narrative, *The Beauty Suit* unpacks modern American womanhood: a landscape where the female body is still so often the battleground for male ideals, and where we struggle with our rights as human beings to define and exercise our freedom.

books about khadijah bint khuwaylid: *Encyclopedia of World Scriptures* Mary Ellen Snodgrass, 2024-10-17 From the time of human beginnings, holy words, chants, liturgy and narratives have enabled individuals to communicate the mysteries of the universe. Bodies of liturgical composition had to survive oral transmission for centuries until calligraphers could inscribe them in pictograph, symbol, or coded cipher or write them in words on stone, mural, scroll, parchment, or paper. Through repetitions of sacred speech and writing, couples enter holy wedlock, infants receive consecration and blessing, youths advance to adulthood, rulers dedicate temporal powers to God, cities pledge themselves to peace, and the dead pass from an earthly existence to the afterlife. The most sacred and influential writings the world has recorded are covered A-Z in this compendium. The entries convey works from the cities of Mecca, Jerusalem, Rome, Delphi, and Salt Lake City; from caves in Qumran and mountains in Japan; from the Indus Valley and the American West; from classical China, Egypt and Greece; and from the Hebrew communities of Iberia and of the German states. Although all of the scriptures speak to a human need, there are many differences in style, purpose, and tone. The entries include holy law (The White Roots of Peace), funeral prescriptions (the Tibetan Book of the Dead), ceremonies (the Lakota Black Elk Speaks), literature (Homeric hymns), hero stories (the Japanese Kojiki), word puzzles (the koans of Zen), Christ lore (the Apocrypha and the New Testament), matrices (I Ching and Tantra), and numerology (the Jewish Kabbala). Writing styles include both the rapture of Rumi's Mathnawi and the spare aphorism of Confucius's Analects. The information given in the texts range from Muhammad's revelations in the Koran, to the everyday advice of Mary Baker Eddy's Christian Science writings. A map locates the germ of sacred revelation and writing in sites all over the globe. A timeline of dateable events from the history of world scripture names events in chronological order, from the beginnings of the I Ching in 2800 B.C.E. to the publication of a child's version of the Popul Vuh in 1999 C.E.. The encyclopedia is comprehensively indexed with ample cross-referencing to assist researchers toward further study of print and electronic sources.
