clarissa ward cnn: Voices from Ukraine Rashad Mammadov, 2024-11-29 *Voices from Ukraine* takes you into the lives and experiences of journalists covering one of the most consequential wars of our time. This book provides a detailed examination of war reporting in Ukraine by merging the author's insights with the stories of journalists, collected from Ukrainian and international media sources. clarissa ward cnn: Murder in the Gulag John Sweeney, 2024-07-25 'Murder in the Gulag is brilliant journalistic writing: punchy, eloquent, page-turning and factual. It's a powerful reminder of what an extraordinary man Navalny was' - Roland Oliphant, Telegraph In this revised and updated paperback edition, award-winning journalist John Sweeney goes behind the headlines to investigate what really happened to Alexei Navalny in the freezing Polar Wolf penal colony in a remote part of Siberia in February 2024. This is a warts-and-all portrayal of the highly charismatic but controversial Russian opposition leader who at one time flirted with the far right. *Murder in the Gulag* lifts the lid on the reality of life in Russia today and asks what Navalny's death means for the future of Putin, Russia and the West.

clarissa ward cnn: DEEP STATE EVIL DEEDS Maria O'Neill, 2025-05-06 *DEEP STATE EVIL DEEDS* takes an extensive and sweeping look at illegal and traitorous actions taken by government officials, elected and non-elected individuals. Using alternative news reports, the author illustrates and comments on how the rights of ordinary Americans have been grossly violated. This includes

lawsuits and judgments that have been issued under false suppositions and information, for the purpose of accusing and convicting the political opponents of Joe Biden and Kamala Harris---a process that has been termed "lawfare". The book delves into such diverse topics as the rigged 2020 election, the raid on Mar-A-Lago (the home of President Trump), lawfare against Trump and the violation of his civil rights, the illegal handling of peaceful January 6th protestors and violence perpetrated against them, COVID vaccinations, the assassination of JFK, and the greatness of America. This book will fill in a lot of blanks for those who have questions about the Biden administration, the Deep State, and the efforts of crooked lawless prosecutors and judges to hand down unjust lawsuits and sentences. Trump has said about the Deep State that if they can come after him, they can come after anyone---and this book proves they have done just that!

clarissa ward cnn: *The ISIS Caliphate* Stanly Johny, 2018-04-18 The rapid rise of the Islamic State in Iraq and Greater Syria was almost like a fairy tale. A group that was unheard of in early 2013 captured territories as big as Great Britain by 2014 June, effectively erasing the border between Iraq and Syria. It announced a Caliphate, drew in thousands of fighters and supporters from across the world, including India, launched attacks in nations from Brussels to Bangladesh and earned loyalties of local militant groups in conflict-ridden states such as Nigeria, Libya, Afghanistan and Pakistan. By the end of 2014, ISIS had transformed itself into a global force of terror. ISIS Caliphate tells the story of this phenomenon. Based on primary sources and interviews, the book explores the geopolitical, organisational and ideological roots of ISIS and narrates how the group has spread its wings from its core in Iraq and Syria to the peripheries of India and Pakistan.

clarissa ward cnn: Judicial Oppression of Child Rights in Democratic States and by International Human Rights Bodies Sonja Grover, 2025-01-11 The book analyzes in depth selected contemporary U.S., Canadian and European landmark and other cases illustrating the nature and impact of the legal regime that undermines child human rights empowerment in many Western democracies. The objectives in writing this book are to (i) encourage a re-evaluation of the legal regime that fosters the erosion of the notion of children as autonomous holders of fundamental human rights and not but subjects with weak derivative rights stemming from parental or family rights; (ii) highlight the courts' proper role in a democracy of protecting child and youth human rights empowerment and to (iii) contribute to fostering an evolution in the historical notion of the court's *patris patriae* doctrine as including the protection and strengthening of child autonomous fundamental human rights and child empowerment. Ultimately then the book highlights through the child rights domain the significant role the courts must and should play in strengthening democratic values and principles.

clarissa ward cnn: *The Fall of Kabul* Nayanima Basu, 2024-03-21 Journalist Nayanima Basu had a ringside view of the total collapse of the republic of Afghanistan at the hands of the Taliban. From 8 to 17 August 2021, based in Kabul but travelling outside and talking to Afghans across the political spectrum, she sent despatches of the Taliban sweeping through the country, with provinces falling one after another. Covering a hostile war zone, a woman all alone, she saw the fall of Kabul in real time and managed to get out on the last flight by negotiating with Taliban bosses. Basu transports us to the heart of the action with her vivid narration and precise descriptions of what was happening in Afghanistan at large and Kabul in particular. Through her astonishing account of how she did her reporting - from asking gun-toting civilians for help to find her way back to her hotel and being chided by the hotel employees to stay safe in an iron room to being the only Indian journalist to ever interview the 'Butcher of Kabul' - Basu tells the story of not just the wreckage of the country's present but also of the contentious past that lead to it.

clarissa ward cnn: *My Russia* Jill Dougherty, 2025-04-15 My Russia reveals CNN's Jill Dougherty's transformative journey from a Cold War-era obsession with Russia to witnessing firsthand the rise of Vladimir Putin and the unraveling of a nation she grew to love At the height of the Cold War, as a high school freshman, CNN's Jill Dougherty developed an obsession with Russia. Over the next half-century, she studied in Leningrad, traveled across the Soviet Union, lived in Moscow, and reported on the presidencies of Mikhail Gorbachev, Boris Yeltsin, and Vladimir Putin.

Jill's life, and Putin's, intersected. They studied at the same Russian university; Jill was named CNN Moscow Bureau Chief just as Putin began his rise to power. She knew he was a former KGB officer, but she also believed he was an economic reformer. As Putin tightened his grip on the media, she changed her mind. In 2022, reporting from Moscow as Russian tanks rolled into Ukraine, she was convinced the leader with whom she once had sympathized was a tyrant threatening to destroy a country she had come to love. My Russia charts Russia's evolution through the eyes of an American with rare insight into Russia, its people, and its leaders.

clarissa ward cnn: Femmes reporters Christian Delporte, 2024-08-28 Albert Londres, Hemingway, Kessel ou encore Capa ont marqué le grand reportage de leurs noms. Pourtant, l'histoire et la pratique du reportage ne serait rien sans l'engagement de quelques pionnières parmi lesquelles figurent : Nellie Bly, Martha Gelhorn, Catherine Leroy, Françoise Demulder, Oriana Fallaci ou encore Marie Colvin tuée à Homs en 2012. Présentes à toutes les étapes de la transformation du grand reportage, et ce depuis la fin du XIXe siècle, elles ont contribué à dessiner les contours de l'enquête en immersion, à fixer les codes du récit d'aventure et ont activement participé à la chasse au scoop, comme les hommes. Pour Christian Delporte, professeur émérite spécialiste de l'histoire des médias, ces femmes ont leur part dans le journalisme tel qu'il est pratiqué aujourd'hui encore. S'appuyant sur leurs parcours et leurs visions de la discipline, Christian Delporte complète ainsi une histoire du journalisme jusque-là établie sous un prisme masculin. En les suivant sur le terrain, il rend justice à leur travail en même temps qu'il retrace les événements de l'Histoire qu'elles ont couverts : Première Guerre mondiale, révolution russe, guerre d'Espagne, Vietnam, Syrie (siège de Homs). A leurs côtés dans leurs quotidiens et leurs combats, on les suit dans des enquêtes, à l'image de Nellie Bly, mère du journalisme en immersion, qui a infiltré un hôpital psychiatrique. Se fondant sur des sources premières, témoignages, documents personnels, correspondances et des extraits d'articles de journaux, Christian Delporte retrace les parcours de femmes qui ont changé notre vision du monde.

clarissa ward cnn: Terrible Humans Patrick Alley, 2024-05-23 'Few people have shown more commitment to investigative journalism than Patrick Alley. His latest book is a vivid, compelling testament to the importance of revealing corruption and wrong-doing and shining a light into dark places, wherever in the world they are.' -Peter Geoghegan, author of Democracy for Sale A small number of people, motivated by an insatiable greed for power and wealth have driven the world to the brink of destruction. They are backed by a pinstripe army of enablers (and sometimes real armies too) and are the super-villains of corruption and war. Some of them hold power greater than nation state and the capacity to derail the world order. Propping up their opulent lifestyles is a mess of crime, violence and deception on a monumental scale. But there is a fightback: small but fearless groups of brilliant undercover sleuths closing in on them, one step at a time. In Terrible Humans, Patrick Alley, co-founder of Global Witness and the author of Very Bad People, introduces us to some of the world's worst warlords, grifters and kleptocrats who can be found everywhere from presidential palaces to the board rooms of some of the world's best known companies. Pitted against them, the book also follows the people unravelling the deals, tracking the money and going undercover at great risk. From the oligarch charged with ordering the killing of an investigative journalist to the mercenary army seizing the natural resources of an entire African country, this is a whirlwind tour of the dark underbelly of the world's super powerful and wickedly wealthy, and the

daring investigators dragging them into the light. *** PRAISE FOR Very Bad People: 'Reads like a John le Carré novel but is, in fact, very real.' -The Big Issue 'Part true crime tale, part investigative procedural, this is the account of the brilliant and necessary superheroes of Global Witness, whose superpower is the truth.' -Edward Zwick, Director of Blood Diamond 'Very Bad People reads like a non-stop high-speed chase' -David Farr, Screenwriter, The Night Manager 'Simply riveting. Don't miss it.' -Misha Glenny, author of McMafia 'A clear-eyed account of a world poisoned by dark money, and a welcome reminder that resistance is possible.' -Irish Times

In his mid-40s, Simon Boas was diagnosed with incurable cancer – it had been caught too late, and spread around his body. But he was determined to die as he had learned to live – optimistically, thinking the best of people, and prioritising what really matters in life. In *A Beginner's Guide to Dying* Simon considers and collates the things that have given him such a great sense of peace and contentment, and why dying at 46 really isn't so bad. And for that reason it's also only partly about 'dying'. It is mostly a hymn to the joy and preciousness of life, and why giving death a place can help all of us make even more of it.

clarissa ward cnn: *The Rise and Fall of Osama bin Laden* Peter L. Bergen, 2021-08-03 The world's leading expert on Osama bin Laden delivers for the first time the "riveting" (The New York Times) definitive biography of a man who set the course of American foreign policy for the 21st century and whose ideological heirs we continue to battle today. In *The Rise and Fall of Osama bin Laden*, Peter Bergen provides the first reevaluation of the man responsible for precipitating America's long war with al-Qaeda and its decedents, capturing bin Laden in all the dimensions of his life: as a family man, as a zealot, as a battlefield commander, as a terrorist leader, and as a fugitive. The book sheds light on his many contradictions: he was the son of a billionaire yet insisted his family live like paupers. He adored his wives and children, depending on his two wives, both of whom had PhDs, to make critical strategic decisions. Yet, he also brought ruin to his family. He was fanatically religious but willing to kill thousands of civilians in the name of Islam. He inspired deep loyalty, yet, in the end, his bodyguards turned against him. And while he inflicted the most lethal act of mass murder in United States history, he failed to achieve any of his strategic goals. In his final years, the lasting image we have of bin Laden is of an aging man with a graying beard watching old footage of himself, just as another dad flipping through the channels with his remote. In the end, bin

Laden died in a squalid suburban compound, far from the front lines of his holy war. And yet, despite that unheroic denouement, his ideology lives on. Thanks to exclusive interviews with family members and associates, and documents unearthed only recently, Bergen's "comprehensive, authoritative, and compelling" (H.R. McMaster, author of *Dereliction of Duty* and *Battlegrounds: The Fight to Defend the Free World*) portrait of Osama bin Laden reveals for the first time who he really was and why he continues to inspire a new generation of jihadists.

clarissa ward cnn: *America & Islam* Lawrence Pintak, 2019-06-27 Donald Trump's first term as the 45th President of the United States of America has shocked the world. His attitudes towards Islam became a key point of contention on the campaign trail, and in power Trump has continued his war of divisive words and deeds. Here, acclaimed journalist Lawrence Pintak scrutinizes America's relationship with Islam since its foundation. Casting Donald Trump as a symptom of decades of misunderstanding and demonization of the Islamic world, as well as a cause of future tensions, Pintak shows how and why America's relationship with the world's largest religion has been so fractious, damaging and self-defeating. Featuring unique interviews with victims and perpetrators of Trump's policies, as well as analysis of the media's role in inflaming debate, *America & Islam* provides a complete guide to the twin challenges of terrorism and the polarizing rhetoric that fuels it, sketching out a future based on co-operation and the reassertion of democratic values.

Haunting' Cara Black, author of *Three Hours in Paris* In a grand Paris apartment, a young girl attends gatherings regularly organised by her mother. They talk about clothes and exchange the day's gossip, but the mood grows dark when they start to talk about her past, and the great love she is said to have known during the Second World War. When the girl grows up, she looks into the enigmatic figures in and around her family. Who was the man her mother fell in love with before the war? Why did they zealously collaborate with the Nazi occupiers of France? And why did they remain for decades afterwards obsessive devotees of that lost cause? In *The Propagandist*, a historian of Vichy France investigates the secrets, lies and omissions in her own family in the way she has investigated those of France itself. It is a masterpiece of psychological insight, revealing how people can spend a lifetime deceiving themselves, rather than confront their own past. **READER REVIEWS** 'A brilliant piece of fiction that unequivocally deserves five stars' 'Beautifully written' 'Nearly impossible to set down' 'Fascinating and complex'

Konvitz, 2023-11-10 This comparative, transatlantic two-volume work covers nearly 120 years of the history of the rights, integration, and security of the Jewish people in both the United States and France, the countries with the largest and third-largest Jewish populations. Religious freedom and secularism have evolved differently in France and the United States, reinforcing their separate national identities. Yet there are parallels to their Jewish history, and in how the security of Jews has repeatedly defined and tested the national interests of France and the United States in world affairs. Drawing on the author's personal experience as an international civil servant, these volumes explore topics such as tensions and common interests between France and the United States, the memory of the Shoah, social mobility, the tepid commitment of the United States to the rights of French Jews during World War II, trends in antisemitism and tolerance, and global climate change as a threat to largely coastal Jewish communities. They highlight what makes insecurity different in the 21st century and why a paradigm shift in policy is needed. This title is intended both for a general audience and advanced undergraduate and graduate students interested in Jewish history, urban history, and international relations.

clarissa ward cnn: The Incidental Feminist Tina Gaudoin, 2025-09-11 Meet the woman behind the politician 'Offers a remarkable new view of a remarkable and still under-appreciated leader' Simon Jenkins Since stepping down in 1990, Margaret Thatcher has become a cardboard cut-out hate figure or an iconic defender of freedom, depending on your politics. In *The Incidental Feminist: Friend, foe, femme fatale: The truth about Thatcher*, Tina Gaudoin investigates the complexities of the woman behind the tropes. Drawing upon explosive new material from the archives and interviews with her contemporaries, Gaudoin reveals how Thatcher triumphed over rampant misogyny and class prejudice to normalise female power and manipulated her femininity, sexuality, and intellect to become the most powerful woman in the world. Publishing to coincide with the 100th anniversary of Margaret Thatcher's birth
