corinne hofmann daughter now: Reunion in Barsaloi Corinne Hofmann, 2014-05-14 Fourteen years after fleeing Kenya with her baby daughter, Corinne returned in the summer of 2004 to meet Lketinga and his family again in their village, Barsaloi. Nervous as she was, and uncertain as to how he would react on seeing her again, she found to her relief that she was welcomed unreservedly by all those who remembered her - by Lketinga, who still thought of her as his 'wife number one', by his brother, James, now a schoolteacher and especially by Lketinga's mother, who had looked after Corinne with such care all those years before. corinne hofmann daughter now: Great Expectations Jonathan Skinner, Dimitrios Theodossopoulos, 2011-10-01 The negotiation of expectations in tourism is a complex and dynamic process - one that is central to the imagination of cultural difference. Expectations not only affect the lives and experiences of tourists, but also their hosts, and play an important part in the success or failure of the overall tourism experience. It is for this reason, the authors argue, that special attention should be given to how expectations constitute and sustain tourism. The case studies presented here explore what fuels the desires to visit particular places, to what degree expectations inform the experience of the place, and the frequent disjunctions between tourist expectations and experiences. Careful attention is paid to how the imagination of the visitor inspires the imagination of the host, and vice-versa; how tourists and host communities actively imagine, re-imagine, and shape each other's lives. This realization, has profound consequences, not solely for academic analysis, but for all those who participate in and work within the tourism industry.

corinne hofmann daughter now: The History of German Literature on Film Christiane Schönfeld, 2023-06-15 A 2024 CHOICE OUTSTANDING ACADEMIC TITLE This book tells the story of German-language literature on film, beginning with pioneering motion picture adaptations of *Faust* in 1897 and early debates focused on high art as mass culture. It explores, analyzes and contextualizes the so-called 'golden age' of silent cinema in the 1920s, the impact of sound on adaptation practices, the abuse of literary heritage by Nazi filmmakers, and traces the role of German-language literature in exile and postwar films, across ideological boundaries in divided Germany, in New German Cinema, and in remakes and movies for cinema as well as television and streaming services in the 21st century. Having provided the narrative core to thousands of films since the late 19th century, many of German cinema's most influential masterpieces were inspired by canonical texts, popular plays, and even children's literature. Not being restricted to German adaptations, however, this book also traces the role of literature originally written in German in international film productions, which sheds light on the interrelation between cinema and key historical events. It outlines how processes of adaptation are shaped by global catastrophes and the emergence of nations, by materialist conditions, liberal economies and capitalist imperatives, political agendas, the mobility of individuals, and sometimes by the desire to create reflective

surfaces and, perhaps, even art. Commercial cinema's adaptation practices have foregrounded economic interest, but numerous filmmakers throughout cinema history have turned to German-language literature not simply to entertain, but as a creative contribution to the public sphere, marking adaptation practice, at least potentially, as a form of active citizenship.

corinne hofmann daughter now: **The White Masai** Corinne Hofmann, 2005 The White Masai is at once a hopelessly romantic love story, a gripping adventure yarn, and, incidentally, a fine piece of meticulously observed social anthropology. It is also a compulsive read. Corinne Hofmann falls in love with a Masai warrior while on holiday with her boyfriend in Kenya. After overcoming all sorts of obstacles, she moves into a tiny shack with him and his mother in his village, and spends four years in Kenya. Slowly but surely the dream starts to crumble until she flees back home with her baby daughter born out of the seemingly indestructible love between a white European woman and a Masai. From close shaves with wild animals to the rigours of a subsistence existence in the bush, disease, malnutrition, hunger, ritual mutilation and, overriding it all, a consuming passion for another, almost wholly alien, human being, this is a book steeped in humanity: one which emphasises how much we all share, and how much has come to separate us. Simply unputdownable.

corinne hofmann daughter now: *Ethno-erotic Economies* George Paul Meiu, 2017-10-10

Ethno-erotic Economies explores a fascinating case of tourism focused on sex and culture in coastal Kenya, where young men deploy stereotypes of African warriors to help them establish transactional sexual relationships with European women. In bars and on beaches, young men deliberately cultivate their images as sexually potent African men to attract women, sometimes for a night, in other cases for long-term relationships. George Paul Meiu uses his deep familiarity with the communities these men come from to explore the long-term effects of markets of ethnic culture and sexuality on a wide range of aspects of life in rural Kenya, including kinship, ritual, gender, intimate affection, and conceptions of aging. What happens to these communities when young men return with such surprising wealth? And how do they use it to improve their social standing locally? By answering these questions, *Ethno-erotic Economies* offers a complex look at how intimacy and ethnicity come together to shape the pathways of global and local trade in the postcolonial world.

corinne hofmann daughter now: *Arshile Gorky* Hayden Herrera, 2005-01-03 From the Author of *Frida*, the Moving and Heroic Story of One of the Central Painters of the Twentieth Century Born in Turkey around 1900, Vosdanik Adoian escaped the massacres of Armenians in 1915 only to watch his mother die of starvation and his family scatter in their flight from the Turks. Arriving in America in 1920, Adoian invented the pseudonym Arshile Gorky-and obliterated his past. Claiming to be a distant cousin of the novelist Maxim Gorky, he found work as an art teacher and undertook a program of rigorous study, schooling himself in the modern painters he most admired, especially Cézanne and Picasso. By the early forties, Gorky had entered his most fruitful period and developed the style that is seen as the link between European modernism and American abstract

expressionism. His masterpieces influenced the great generation of American painters in the late forties, even as Gorky faced a series of personal catastrophes: a studio fire, cancer, and a car accident that temporarily paralyzed his painting arm. Further demoralized by the dissolution of his seven-year marriage, Gorky hanged himself in 1948. A sympathetic, sensitive account of artistic and personal triumph as well as tragedy, Hayden Herrera's biography is the first to interpret Gorky's work in depth. The result of more than three decades of scholarship-and a lifelong engagement with Gorky's paintings-Arshile Gorky traces the progress from apprentice to master of the man André Breton called the most important painter in American history.
