Don't miss Framed, John Grisham's first work of nonfiction since The Innocent Man! Mercer Mann, a popular writer from Camino Island, is back on the beach, marrying her boyfriend, Thomas, in a seaside ceremony. Bruce Cable, infamous owner of Bay Books, performs the wedding. Afterward, Bruce tells Mercer that he has stumbled upon an incredible story. Mercer desperately needs an idea for her next novel, and Bruce now has one. The true story is about Dark Isle, a sliver of a barrier island not far off the North Florida coast. It was settled by freed slaves three hundred years ago, and their descendants lived there until 1955, when the last one was forced to leave. That last descendant is Lovely Jackson, elderly now, who loves her birthplace and its remarkable history. But now Tidal Breeze, a huge, ruthless corporate developer, wants to build a resort and casino on the island, which Lovely knows, deep down, is rightfully hers.

Mercer befriends Lovely, and they plunge into an enormous fight over who owns Dark Isle, taking on Tidal Breeze Corporation, its lawyers, lobbyists, and powerful Florida politicians. But Lovely knows something about the island that could seriously cloud the dollar signs in the developer's eyes: the island is cursed. It has remained uninhabited for nearly a century for some very real and very troubling reasons. The deep secrets of the past are about to collide with the enormous ambitions of the present, and the fate of Dark Isle—and Camino Island, too—hangs in the balance. dark isle florida homes: Georgia's Land of the Golden Isles Burnette Vanstory, 1981 Since it first appeared in 1956, Mrs. Vanstory's rich narrative of the barrier islands from Ossabaw to Cumberland--and the mainland towns along the way--has become the standard popular history of Georgia's golden coast. Thoroughly revised and with over forty new illustrations, this edition traces the crucial and colorful role these islands have played from the sixteenth century to the twentieth. Home, at one time or another, to the American Indians, the French, the Spanish, and the English; to buccaneers, friars, and priests; to Puritans and Scottish Highlanders; to slave traders, planters, soldiers, statesmen, and millionaires, these islands are as rich in history as they are in natural beauty. Georgia's Land of the Golden Isles now takes the reader through the years from General James Oglethorpe to President Jimmy Carter, unfolding the stories of the lives that have touched, or been touched by, the golden isles of Georgia.

dark isle florida homes: An English Vision Ben Pentreath, 2024-09-24 Pentreath is renowned as one of the foremost designers of new traditional buildings and country houses in the world. In celebration of his London-based firm's twentieth anniversary, Pentreath presents his authentically, yet playfully, classical approach. This is the first of Pentreath's books to present his own output in its entirety—from his personal residences in Dorset, London, and Scotland that brought him international fame to many old and new houses that he has designed and some of the larger, town-scaled projects that make his practice unique in the world of traditional design. Although the results range from his colorful and romantic versions of the English country cottage to traditional splendor, there are underlying ideas that inform the breadth of his output—a sense of scale, proportion, craft, detail, sustainability, and appropriateness—that have a universal relevance today.

Pentreath has authored as well as taken all photographs in this book, which looks at some thirty case studies, large and small, including many previously unpublished works. The designs encompass an understanding of materials, texture, classical and vernacular detail, color, richness, and simplicity by turn—as exemplified in both sumptuous and honest interiors, grand country houses, and pragmatically organized town plans. While being steeped in a learned classicism, Pentreath's work is celebrated by young and old around the world, as exemplified by his coverage in major media outlets.
