darwin awards latest: Rex Curry's DARWIN AWARDS - Joseph Stalin, Mao Zedong, Adolf Hitler, Pol Pot, Kim Il-sung & more Lin Xun, Dead Writers Club, Pointer Institute, Darwin Awards commemorate those who perish through some astonishing misapplications of judgment. Special recognition goes to the work of Joseph Stalin, V.I. Lenin, Leon Trotsky, Mao Zedong, Kim Il-sung, Pol Pot, Ho Chi Minh, Karl Marx, Fidel Castro, Che Guevara, Adolf Hitler, and their ilk. What were the historical origins of their notorious multi-year prize-winning death races? The old roots are diverse and even include the USA. From 1892 through 1942, the Nazi salute was performed by public officials in America. Where are the old photographs and films of the American Nazi salute performed by federal, state, county, and local officials? Those photos and films are rare because people don't want to know the truth about the globe's scary past. Public officials in the USA who preceded the German socialist (Hitler) and the Italian socialist (Mussolini) were sources for the stiff-armed salute (and robotic chanting) in those countries and other foreign countries. The ancient Roman salute myth originated from the city of Rome in the state of New York (not Italy), Francis Bellamy's hometown. Later, Mussolini presented a strange gift to the city of Rome, NY: a statue of two human male infants suckling on a female wolf. That statue remains on display in Rome, NY. Boy Scouts and Girl Scouts helped spread the Nazi salute and the swastika to Germany and elsewhere. The author is Supermodel and Superwriter Lin Xun and she joins the Dead Writers Club to expose many amazing discoveries, including: (1) Congress and the Flag Code confirm that the military salute was the origin of the Nazi salute. (2) The USA's Pledge of Allegiance inspired Nazi rituals. (3) Public schools spread Nazi behavior. (4) Swastikas represented crossed S letter shapes for socialist under Hitler. They are eye-popping revelations that are undisputed by the New York Times • The Washington Post • Los Angeles Times • San Francisco Chronicle • Tampa Bay Times • Chicago Tribune • Newsday • The New York Times Book Review • Tampa Tribune • Library Journal • Publishers Weekly • Saint Petersburg Times • History Journal • Scholar's Weekly Because she speaks truth to power with her ground-breaking revelations, Lin Xun has been subjected to harassment (including risque images of her posted on the internet). She doesn't care! In this book, Lin spans history's bottom, leaving red hand prints. Hop in Lin's pink Cadillac and take a ride to the land inside of your mind. Nazi salutes and Nazi behavior originated from the USA's Pledge of Allegiance to the flag, created by Francis Bellamy, an American socialist. The author Lin Xun searches for old photos and film footage of the early Pledge of Allegiance showing the origin of the USA's notorious stiff-armed salute. Many of those artifacts have been found among Dr. Rex Curry's historical archival work. Curry's discoveries are changing the history books. Please send any images or inquiries to the email address of the publisher mentioned in the book. Each book is personally handled, wrapped, and mailed by Lin Xun IN THE NUDE! Or by the publisher, depending on who's available. This empowering book gives everyone a voice to transform his community. To everyone who threw up on Hitler's election night, who sobbed on the bathroom floor at Stalin's power grab, who dry heaved trying to imagine how to tell the children what had happened under Mao, who couldn't stop physically shaking due to the Kim thugs, who felt the horror of what was to come under all socialism, I say this: WE KNEW. WE KNEW. WE KNEW. "There is rumor of a Pulitzer Prize for exposing the Pledge of Allegiance as the origin of Nazi salutes and Nazi behavior; and the swastika

as alphabetical 'S' letter shaped symbolism for 'socialist.' Hooray!" - Ward Toolen, Stop The Pledge (STP) Foundation. The symbol presently known as Lin Xun wrote a game-changer with this book. - Francis Hannah Cruz
