dreams from my father book: The Book of Dreams Nina George, 2019-04-09 Warm, wise, and magical—the latest novel by the bestselling author of *THE LITTLE PARIS BOOKSHOP* and *THE LITTLE FRENCH BISTRO* is an astonishing exploration of the thresholds between life and death. Henri Skinner is a hardened ex-war reporter on the run from his past. On his way to see his son, Sam, for the first time in years, Henri steps into the road without looking and collides with oncoming traffic. He is rushed to a nearby hospital where he floats, comatose, between dreams, reliving the fairytales of his childhood and the secrets that made him run away in the first place. After the accident, Sam—a thirteen-year old synesthete with an IQ of 144 and an appetite for science fiction—waits by his father's bedside every day. There he meets Eddie Tomlin, a woman forced to confront her love for Henri after all these years, and twelve-year old Madelyn Zeidler, a coma patient like Henri and the sole survivor of a traffic accident that killed her family. As these four very different individuals fight—for hope, for patience, for life—they are bound together inextricably, facing the ravages of loss and first love side by side. A revelatory, urgently human story that examines what we consider serious and painful alongside light and whimsy, *THE BOOK OF DREAMS* is a tender meditation on memory, liminality, and empathy, asking with grace and gravitas what we will truly find meaningful in our lives once we are gone.

dreams from my father book: The Unwritten Book Samantha Hunt, 2022-04-05 “One of our most interesting and bold writers . . . [offers] a characteristically wild effort that defies genre distinctions, flits from the profound to the mundane with fierce intelligence and searching restlessness, and at its best, delves deep into the recesses of the human heart with courageous abandon . . . An intoxicating blend of humor and pathos.” —Priscilla Gilman, *The Boston Globe* “Eerie, profound, and daring, this is a book only the inimitable Hunt could write.” —Adrienne Westenfeld, *Esquire* From Samantha Hunt, the award-winning author of *The Dark Dark*, comes *The Unwritten Book*, her first work of nonfiction, a genre-bending creation that explores the importance of books, the idea of haunting, and messages from beyond. I carry each book I've ever read with me, just as I carry my dead—those things that aren't really there, those things that shape everything I am. A genre-bending work of nonfiction, Samantha Hunt's *The Unwritten Book* explores ghosts, ghost stories, and haunting, in the broadest sense of each. What is it to be haunted, to be a ghost, to die, to live, to read? Books are ghosts; reading is communion with the dead. Alcohol is a way of communing, too, as well as a way of dying. Each chapter gathers subjects that haunt: dead people, the forest, the towering library of all those books we'll never have time to read or write. Hunt, like a mad crossword puzzler, looks for patterns and clues. Through literary criticism, history, family history, and memoir, inspired by W. G. Sebald, James Joyce, Ali Smith, Toni Morrison, William Faulkner, and many others, Hunt explores motherhood, hoarding, legacies of addiction, grief, how we insulate ourselves from the past, how we misinterpret the world. Nestled within her inquiry is a very special ghost book, an incomplete manuscript about people who can fly without wings, written by her father and found in his desk just days after he died. What secret messages might his work reveal? What wisdom might she distill from its unfinished pages? Hunt conveys a vivid and grateful life, one that comes from living closer to the dead and shedding fear for wonder. *The Unwritten Book* revels in the randomness, connectivity, and magic of everyday existence. And at its heart is the immense weight of love.

dreams from my father book: The End of the World Book Alistair McCartney, 2008-04-05 This is no ordinary novel. An encyclopedia of memory—from A to Z—*The End of the World Book* deftly intertwines fiction, memoir, and cultural history, reimagining the story of the world and one man's life as they both hurtle toward a frightening future. Alistair McCartney's alphabetical guide to the apocalypse layers images like a prose poem, building from Aristotle to da Vinci, hip-hop to lederhosen, plagues to zippers, while barreling from antiquity to the present. In this profound book about mortality, McCartney composes an irreverent archive of philosophical obsessions and homoerotic fixations, demonstrating the difficulty of separating what is real from what is imagined.
