

give me liberty chapter 2

give me liberty chapter 2 delves into the early colonial period of American history, focusing on the development of English settlements in North America. This chapter explores the motivations behind colonization, the challenges faced by settlers, and the evolving relationships with Native American tribes. It highlights the social, economic, and political factors that shaped the early colonies and set the stage for future conflicts and growth. Key events such as the establishment of Jamestown and the introduction of representative government are examined in detail. By analyzing the cultural exchanges and struggles of this era, the chapter provides essential context for understanding the foundation of liberty in America. The following sections will break down the major themes and components found in give me liberty chapter 2.

- Foundations of English Colonization
- Jamestown and Early Challenges
- Development of Colonial Economies
- Relations with Native Americans
- Emergence of Colonial Governance
- Cultural and Social Dynamics in the Colonies

Foundations of English Colonization

Give me liberty chapter 2 begins by outlining the origins of English colonization efforts in the early 17th century. Driven by economic ambitions, religious motivations, and national rivalry with Spain and France, England sought to establish a foothold in the New World. The chapter discusses the role of joint-stock companies and royal charters in facilitating colonization, providing the legal and financial framework for expeditions. It also highlights the influence of mercantilism and the desire for new markets and resources as key driving forces behind English expansion.

Motivations for Colonization

The chapter emphasizes several primary motivations for English colonization, including the search for wealth through natural resources, the spread of Protestant Christianity, and the pursuit of national prestige. Economic hardships in England, such as unemployment and population growth, also encouraged migration overseas. These factors combined to create a climate ripe for establishing permanent settlements in North America.

Role of Joint-Stock Companies

Joint-stock companies, such as the Virginia Company, played a critical role in financing and organizing colonization ventures. Investors pooled resources to fund expeditions, hoping to profit from the colonies' success. This business model reduced individual risk and allowed for larger-scale projects, marking a significant development in early modern capitalism and colonial enterprise.

Jamestown and Early Challenges

Jamestown, founded in 1607, serves as a focal point in Give Me Liberty chapter 2, representing the first permanent English settlement in North America. The chapter details the settlers' initial struggles with disease, starvation, and conflicts with Indigenous peoples. It explores the leadership of figures like Captain John Smith and the eventual establishment of tobacco cultivation, which became the colony's economic lifeline.

Settlement Difficulties

The early years at Jamestown were marked by severe hardship. Poor planning, lack of food, and unfamiliar environmental conditions led to high mortality rates. The chapter describes the "Starving Time" winter of 1609-1610, when the population drastically declined. These challenges underscored the difficulties of transplanting European life to the New World.

Introduction of Tobacco Economy

The introduction of tobacco farming by John Rolfe transformed Jamestown's prospects. Tobacco quickly became a highly profitable cash crop, attracting more settlers and investment. This development had significant social and economic implications, including the increased demand for labor, which later contributed to the rise of indentured servitude and slavery.

Development of Colonial Economies

Give Me Liberty chapter 2 explores how colonial economies evolved beyond subsistence farming to more complex systems involving trade, labor, and production. The chapter highlights the importance of agriculture, especially cash crops, and the role of trade networks connecting the colonies to Europe and the Caribbean. It also discusses the beginnings of labor systems, including indentured servitude and African slavery.

Agricultural Foundations

The colonies depended heavily on agriculture, with tobacco, rice, and later cotton forming the economic base in the southern regions. The chapter explains how geography and climate influenced crop choices and farming methods. Plantation agriculture required significant labor, shaping social hierarchies and economic relationships within the colonies.

Labor Systems and Trade

Indentured servitude initially provided much of the needed labor, with Europeans working under contract for several years in exchange for passage to America. Over time, the growth of African slavery became central to the colonial economy, particularly in the South. Trade networks facilitated the exchange of goods such as furs, timber, and agricultural products, linking the colonies to global markets.

Relations with Native Americans

The chapter examines the complex and often contentious relationships between English settlers and Native American tribes. It discusses initial cooperation, trade, and cultural exchange, as well as the conflicts that arose from land disputes and differing worldviews. These interactions significantly shaped colonial policies and the trajectory of settlement expansion.

Cooperation and Conflict

Early interactions included alliances and trade agreements, with Native Americans providing crucial assistance to struggling colonists. However, competition over land and resources led to violent confrontations, such as the Powhatan Wars. The chapter explains how these conflicts reflected broader themes of colonial expansion and Indigenous resistance.

Impact on Native Societies

The arrival of English settlers disrupted native populations through disease, displacement, and warfare. The chapter highlights the profound demographic and cultural changes experienced by Indigenous peoples. These dynamics played a critical role in shaping the future of both Native American communities and colonial development.

Emergence of Colonial Governance

Give me liberty chapter 2 details the establishment of political institutions in the colonies, emphasizing the development of representative government and legal systems. It explores the creation of bodies like the House of Burgesses in Virginia, which laid the groundwork for American democratic practices.

Representative Assemblies

The House of Burgesses, established in 1619, was the first elected legislative assembly in the English colonies. This innovation allowed settlers to participate in decision-making and set precedents for self-governance. The chapter discusses how these assemblies balanced colonial interests with royal authority.

Legal Frameworks and Colonial Charters

Colonial charters defined the rights and responsibilities of settlers and companies, serving as foundational legal documents. The chapter examines how these charters established governance structures and property rights, influencing the colonies' political evolution and relations with the Crown.

Cultural and Social Dynamics in the Colonies

The final section of give me liberty chapter 2 explores the social fabric of early colonial life, including the roles of gender, religion, and class. It highlights the diversity among settlers and the challenges of creating cohesive communities in a new environment.

Religious Influences

Religion played a central role in shaping colonial identities and social norms. The chapter discusses the influence of Protestantism, Puritanism, and other denominations on settlement patterns, education, and governance. Religious motivations often intertwined with political and economic goals.

Social Stratification and Community Life

Colonial societies featured distinct social hierarchies based on wealth, race, and gender. The chapter describes the emergence of elites, the position of women, and the experiences of indentured servants and enslaved people. These social structures affected daily life and the development of colonial culture.

- Economic motivations and joint-stock companies enabled colonization
- Jamestown's survival hinged on leadership and tobacco cultivation
- Labor systems evolved from indentured servitude to slavery
- Relations with Native Americans ranged from cooperation to conflict
- Representative government began with the House of Burgesses
- Religion and social hierarchy shaped colonial communities

Frequently Asked Questions

What is the main theme of Chapter 2 in 'Give Me Liberty' by Eric Foner?

Chapter 2 focuses on the early English colonies in America, exploring themes of colonization, interaction with Native Americans, and the development of social and political structures.

How does Chapter 2 of 'Give Me Liberty' describe the relationship between English settlers and Native Americans?

Chapter 2 details a complex relationship marked by initial cooperation, trade, and cultural exchange, but also conflict and displacement as English settlers expanded their territories.

What economic activities were prominent in the English colonies according to Chapter 2?

The chapter highlights the importance of tobacco cultivation, fishing, and trading as key economic activities that sustained the English colonies.

How does Eric Foner address the role of religion in the early colonies in Chapter 2?

Foner discusses how religious motivations influenced colonization, particularly among Puritans, and how religion shaped community life and governance.

What social hierarchies or class structures are introduced in Chapter 2?

Chapter 2 describes emerging social hierarchies based on land ownership, wealth, and race, including the beginnings of racial slavery.

How does Chapter 2 of 'Give Me Liberty' explain the governance systems of the early colonies?

The chapter explains the development of colonial governments, including the establishment of representative assemblies and local self-governance.

What challenges did early English settlers face as described in Chapter 2?

Settlers faced challenges such as harsh environmental conditions, conflicts with Native Americans, disease, and the struggle to establish stable economies and communities.

Additional Resources

1. *American Colonies: The Settling of North America* by Alan Taylor

This book offers a comprehensive overview of the early American colonies, exploring the diverse peoples, cultures, and environments that shaped colonial life. Taylor delves into the interactions between Native Americans, Europeans, and Africans, highlighting the complexities of settlement and survival. It provides essential context for understanding the foundation of American society in the period covered by Give Me Liberty Chapter 2.

2. *Colonial America: A Very Short Introduction* by Alan Taylor

A concise yet rich introduction to the colonial period, this book covers the political, social, and economic developments in early America. Taylor discusses colonization efforts, Native American relations, and the evolving identities within the colonies. It serves as a great primer for readers looking to deepen their understanding of the themes in Give Me Liberty Chapter 2.

3. *Changes in the Land: Indians, Colonists, and the Ecology of New England* by William Cronon

Cronon examines how the arrival of European settlers transformed the New England environment and indigenous ways of life. The book highlights the ecological and cultural shifts that occurred as a result of colonization. This ecological perspective enriches the narrative of early colonial history presented in Give Me Liberty.

4. *A People's History of the American Revolution* by Ray Raphael

Focusing on the grassroots experiences during the colonial era and the American Revolution, this book sheds light on ordinary people's roles and struggles. It challenges traditional elite-centered narratives and provides insight into the social dynamics of the period. Readers interested in the broader implications of colonial unrest will find this work valuable.

5. *The Radicalism of the American Revolution* by Gordon S. Wood

Wood explores how the American Revolution represented a profound social and political transformation. The book traces the evolution of colonial society and the revolutionary ideals that emerged. It complements the foundational themes of liberty and governance introduced in early colonial chapters.

6. *Liberty's Exiles: American Loyalists in the Revolutionary World* by Maya Jasanoff

This book investigates the lives of American Loyalists who opposed the Revolution and were forced to flee. Jasanoff provides a global perspective on colonial identities and conflicts, revealing the complexities of loyalty and liberty. It offers a nuanced view of colonial allegiances beyond the dominant patriot narrative.

7. *Encountering Early America: The English Colonists and the Native Peoples* by Daniel K. Richter

Richter's work focuses on the interactions and relationships between English settlers and Native Americans. The book discusses cooperation, conflict, and cultural exchange, painting a detailed picture of colonial frontier life. It is essential reading for understanding the dynamics covered in Give Me Liberty's early chapters.

8. *The American Colonies in the Eighteenth Century* by Jack P. Greene

This book examines the political, social, and economic developments in the American colonies during the eighteenth century. Greene analyzes colonial governance, economic practices, and emerging identities prior to the Revolution. It provides important background information relevant to the colonial period.

9. *In the Presence of Mine Enemies: The Civil War in the Heart of America, 1859-1863* by Edward L. Ayers

While focused on a later period, this book traces the long-term legacies of colonial and early American conflicts in shaping American society. Ayers explores themes of division, identity, and liberty that have roots in the colonial era. It offers a broader historical context for understanding the evolution of liberty in America.

give me liberty chapter 2: Give Me Liberty or Give Me Detention! Kenny Abdo, 2014-09-01
The name is Gummyshoes?Jon Gummyshoes. I know what you're thinking: funny name, right? Well that's not what I'm here to talk about. I'm here to tell you the facts?the cold, hard facts about the cases here at Edwin West Elementary School. I wasn't sure if I could solve this case of science fair experiment gone wrong. I questioned my detective skills, too. But in the end, the truth always explodes right in your face. And in this case, that was definitely true. Calico Chapter Books is an imprint of Magic Wagon, a division of ABDO Group. Grades 3-6.

give me liberty chapter 2: Give Me Liberty! Gerry Spence, 1999-10-15 Here, in this landmark personal work, Gerry demonstrates how, despite the democratic rhetoric we hear and believe, we have become enslaved. All of us are trapped by a complex web of corporate and governmental behemoths he calls the New Slave Master that today controls our airways, educates our children, and manages every facet of our lives. Yet, far from being a pronouncement of gloom, Give Me Liberty! is an inspiring and visionary work. In the spirit of his bestselling How to Argue and Win Every Time, Spence expounds on his philosophy, thus empowering us to: Liberate the slave within, redefine success, unchain the spirit, escape the religions of work and beliefs that enslave us, free ourselves with what he calls our magical weapon. Like Thomas Paine's Common Sense, Give Me Liberty! captures the underlying malaise of a country, transforming it into a national dialogue that promises a groundswell for a meaningful democracy in America in the coming years.

give me liberty chapter 2: Patrick Henry's Liberty or Death Speech Jesse Jarnow, 2004-12-15
Examines the events leading to the speech which stirred the colonies to start the American Revolution, discussing the reason for the speech, and the impact it had on the United States.

give me liberty chapter 2: The Greatest Collection of all Time: Give Me Liberty: The Struggle for Self-Government in Virginia by Patrick Henry and Selections from the Writings of Kierkegaard by Søren Kierkegaard Patrick Henry, Søren Kierkegaard, 2024-09-25 Experience the Power of Freedom and Philosophical Insight: Give Me Liberty or Give Me Death by Patrick Henry & Selections from the Writings of Kierkegaard by Søren Kierkegaard Embark on a journey through the realms of liberty and existential philosophy with this extraordinary 2 Ebook combo. Book 1: Give Me Liberty or Give Me Death by Patrick Henry: A Call to Arms for Freedom. Step back in time to the American Revolutionary period with Patrick Henry's iconic speech, Give Me Liberty or Give Me Death. In this stirring address, Henry passionately argues for the colonists' right to freedom and independence from British tyranny. With its bold rhetoric and unwavering commitment to liberty, Henry's speech

continues to inspire generations of freedom-loving individuals around the world. Book 2: Selections from the Writings of Kierkegaard by Søren Kierkegaard: Philosophical Reflections on Life and Existence. Delve into the profound musings of existential philosopher Søren Kierkegaard with this selection of his writings. From the nature of faith and the individual's search for meaning to the existential angst of modern life, Kierkegaard's insights continue to resonate with readers seeking to understand the complexities of human existence. Through his penetrating analysis and thought-provoking observations, Kierkegaard invites readers to embark on a journey of self-discovery and philosophical inquiry. Prepare to be moved by the fervor of liberty and the depth of philosophical insight within these literary treasures. Will you heed Patrick Henry's call to arms for freedom, or ponder the existential questions raised by Kierkegaard? The choice is yours. Embark on a Journey of Freedom and Philosophical Reflection! As you delve into the pages of this captivating 2 Ebook combo, consider this: Are you ready to explore the timeless ideals of liberty and the profound depths of existential philosophy? Join Patrick Henry and Søren Kierkegaard on a journey of freedom and philosophical reflection, and discover the enduring truths that continue to shape the human experience. Don't miss out on this extraordinary opportunity - Begin Your Journey of Liberty and Existential Inquiry Today!

give me liberty chapter 2: We Hold These Truths Randall Norman Desoto, 2007 DeSoto states the disastrous effects that losing the beliefs of the founding fathers would bring, and presents solutions for a nation that is in peril due to a lack of vision. (Social Issues)

give me liberty chapter 2: Examining "Give Me Liberty or Give Me Death" by Patrick Henry Alex David, 2020-07-15 The year is 1775. America is a grand experiment. Colonists are writing anonymous pamphlets about their hopes for this new country. British redcoats walk the streets. Enslaved African American women and men work on tobacco and sugar plantations. A young lawyer named Patrick Henry sings out in a courthouse, Give Me Liberty or Give Me Death. Henry's words become the rally cry for the American Revolution. This poetic speech will ignite a country to fight for its freedom and rebel against oppressive King George. Militias are formed and shots are fired at Lexington. Readers will view the events of the war that began America.

give me liberty chapter 2: Give Me Liberty!: An American History Seagull 6E Combined Vol Foner, Eric, 2019-12-01 A powerful text by an acclaimed historian, Give Me Liberty! delivers an authoritative, concise, and integrated American history. In the Sixth Edition, Eric Foner addresses a question that has motivated, divided, and stirred passionate debates: "Who is an American?" With new coverage of issues of inclusion and exclusion reinforced by new primary source features in the text and a new secondary source tutorial online Give Me Liberty! strengthens students' most important historical thinking skills. The Seagull Edition offers the complete text of the Full Edition in full color and a portable trim size with fewer illustrations and maps and an exceptionally low price.

give me liberty chapter 2: Give Me Liberty Hildegard Hawthorne, 1945 A biography of Patrick Henry, a famous patriot, orator, and statesman of the period of the American Revolution.

give me liberty chapter 2: American Political Speeches Terry Golway, Richard Beeman, 2012-08-28 A selection of speeches by the most inspiring and persuasive orators in American history Penguin presents a series of six portable, accessible, and—above all—essential reads from American political history, selected by leading scholars. Series editor Richard Beeman, author of The Penguin Guide to the U.S. Constitution, draws together the great texts of American civic life to create a timely and informative mini-library of perennially vital issues. Whether readers are encountering these classic writings for the first time, or brushing up in anticipation of the 50th anniversary of the Civil Rights Act, these slim volumes will serve as a powerful and illuminating resource for scholars, students, and civic-minded citizens. American Political Speeches includes the best American rhetoric from inside and outside the White House. Some of the greatest words spoken in American history have come from men and women who lacked the biggest bully pulpit in the country, but who nevertheless were able to move the nation with words. Frederick Douglass explained the irony of Independence Day from the perspective of a slave. Martin Luther King, Jr. described his dream of an interracial America. William Jennings Bryan gave voice to social discontent with a single phrase, a

cross of gold. Barbara Jordan summoned the nations outrage during the impeachment hearings against Richard Nixon. And the best presidents, not by coincidence, have tended to be those with an appreciation for the use of language: Lincoln explaining a new birth of freedom at Gettysburg; John Kennedy voicing moral outrage at the Berlin Wall; Franklin D. Roosevelt chatting to a nation gathered in front of radios; Ronald Reagan addressing Congress freshly healed from an assassination attempt.

give me liberty chapter 2: Give Me Liberty Franklin Folsom, 1974 A history of the American colonies from their founding to the adoption of the Declaration of Independence.

give me liberty chapter 2: Restore the Future Donald H. Young, 2012 Politically and economically, the future of the United States is at stake. In *Restore the Future*, author Donald H. Young seeks to galvanize the American people to guarantee a traditional future for our children and grandchildren through participation in a nonviolent Second American Revolution. This Revolution of the people is as justified as the first one, and it would be accomplished by using the extraordinary voting power granted to them by the Constitution to restore constitutional government. Without this Revolution, it can truly be said that the best days of the United States are behind it. In this treatise, he: reviews historical forms of government and shows how the founding documents created the pinnacle of the development of government to date; follows the outline of the Declaration of Independence in describing the many grievances we have with our government today, based on its extraordinary departures from the founding documents, which justify the Revolution; discusses religion, its importance to the Founders, the elemental morality it provides, and the importance of morality to the necessary function of society; discusses the nature of liberty, how it is different from freedom, and why maximizing liberty is one of the primary responsibilities of government; outlines the derivation of and the importance of the rule of law to the functioning of a society; highlights the tragic failure of American education by global standards; communicates the rationale for and critical importance of free enterprise and free trade and why free enterprise is the greatest engine for economic growth and personal development in the history of the world; provides a roadmap for the accomplishment of the Revolution.

give me liberty chapter 2: A Place for T Robert H. Lengel, 2023-01-17 Dr. Lengel offers a thought provoking twist on Aesop's Hare-Tortoise fable reframing it as a Human Race pitting our Hare-brained heads against our Tortoise-inspired hearts. As we run faster and faster in our Hare-like pursuits of wealth, power and status, we are leaving no place for the slow and steady Tortoise to speak for our humanity. As a result, the author poses the possibility we are creating a world with our intellects and technology that we can't relate to emotionally and spiritually. We might be outrunning our humanity and setting the stage for the Hare to win this human race by default. Our inability to engage each other in civil and respectful conversations, the hate and violence infecting our culture and leadership failures in organizations might be evidence this sinister end is fast approaching. This book is a hard hitting and at times poetic invitation to step back from our busy lives, sit with the author on his front porch, and question our lives and work. It is an inspirational reminder of Mahatma Gandhi's warning that "there is more to life than simply increasing its speed." In a conversational format, Dr. Lengel guides us down a hopeful path forward – a path illuminated by what he calls divergent thinking. His words are a 'siren call' to wake up and realize we can't afford Hare-brained progress at the cost of our souls. We need A Place for T in our lives 'now', to account for the unaccountable while we still have time!

give me liberty chapter 2: The Essential Peirce, Volume 2 (1893-1913) The Peirce Edition Project, 1998-06-22 Praise for Volume 1: . . . a first-rate edition, which supersedes all other portable Peirces. . . all the Peirce most people will ever need. —Louis Menand, *The New York Review of Books* Volume 2 of this convenient two-volume chronological reader's edition provides the first comprehensive anthology of the brilliant American thinker Charles Sanders Peirce's mature philosophy. A central focus of Volume 2 is Peirce's evolving theory of signs and its application to his pragmatism.

give me liberty chapter 2: American Government Scott F. Abernathy, 2020-12-01 American

government is not just one story—it's many stories. Our stories. And they are still being told. In the Second Edition of *American Government: Stories of a Nation, Brief Edition*, author Scott Abernathy tunes in to the voices of America's people, showing how diverse ideas throughout our nation's history have shaped our political institutions, our identities, the way we participate and behave, the laws we live by, and the challenges we face. His storytelling approach brings the core concepts of government to life, making them meaningful and memorable, and allows all students to see themselves reflected in the pages. Carefully condensed from the full version by Scott Abernathy, *American Government, Brief Edition*, gives your students all the information they need—and the stories they relate to—in a more concise, value-oriented package. This title is accompanied by a complete teaching and learning package. Digital Option / Courseware SAGE Vantage is an intuitive digital platform that delivers this text's content and course materials in a learning experience that offers auto-graded assignments and interactive multimedia tools, all carefully designed to ignite student engagement and drive critical thinking. Built with you and your students in mind, it offers simple course set-up and enables students to better prepare for class. Assignable Video with Assessment Assignable video (available with SAGE Vantage) is tied to learning objectives and curated exclusively for this text to bring concepts to life. LMS Cartridge: Import this title's instructor resources into your school's learning management system (LMS) and save time. Don't use an LMS? You can still access all of the same online resources for this title via the password-protected Instructor Resource Site. CQ Press Lecture Spark: Designed to save you time and ignite student engagement, these free weekly lecture launchers focus on current event topics tied to key concepts in *American Government*.

give me liberty chapter 2: Betsy Ross Vicki Cox, 2009 Describes the life of Betsy Ross, from her Quaker childhood to her role in the Revolutionary War and her days as an independent businesswoman.

give me liberty chapter 2: Choices Book 1: The Metamorphosis S.B. Minges, 2011-10-20 Kate and Sam Blake were the recipients of the essence of an ancient civilization. Their tasks; return the essence's to their home world and prepare for a war that was prophesized in the sixth century on Earth. Over time, when no war materialized, they became convinced the prophesy was wrong and settled down to relatively normal lives. Kate has been kidnapped. She has been told the prophesy was not wrong and that she is one of the keys to survival of four worlds. Alacea is a key outpost in the coming conflict, but they are on the verge of a civil war. Her abductor is faced with a problem that must be resolved before they arrive at Alacea. Kate has steadfastly rejected the source of the gifts she has received and her own destiny. She must be convinced to overcome the conflicts that plague her. Lives depend on it.

give me liberty chapter 2: The Phantom of the Psyche Peter Michaelson, 2002

give me liberty chapter 2: The Huddled Masses Myth Kevin Johnson, 2008-11-20 The disconnect between national rhetoric, the law, and public policy.

give me liberty chapter 2: The Cultural Politics of COVID-19 John Nguyet Erni, Ted Striphas, 2022-08-22 COVID-19 isn't simply a viral pathogen nor is it, strictly speaking, the trigger of a global pandemic. Since the outbreak began in late-2019, an outpouring of clinical and scientific research, together with an array of public health initiatives, has sought to understand, mitigate, or even eradicate the virus. This book represents a snapshot of critical responses by researchers from 10 countries and 4 continents, in a collective effort to explore how Cultural Studies can contribute to our struggle to persevere in a no normal horizon, with no clear end in sight. Together, the essays address important questions at the intersection of culture, power, politics, and public health: What are the possible outlines for the panic-pandemic complex? How has the pandemic been endowed with meanings and affective registers, often at the tipping points where existing social relations and medical understanding were being rapidly displaced by new ones? How can societies discover ways of living with, through, and against COVID that do not simply reproduce existing hierarchies and power relations? The 30 essays comprising this collection, along with the editors' introduction, explore the formative period of the COVID pandemic, from mid-2020 to mid-2021. They are grouped

into three sections – ‘Racializations,’ ‘Media, Data, and Fragments of the Popular,’ and ‘Un/knowning the Pandemic’ – themes that animate, but do not exhaust, the complex cultural and political life of COVID-19 with respect to identity, technology, and epistemology. No doubt, readers will chart their own pathway as the pandemic continues to rage on, based on their own unique circumstances. This book provides critical-intellectual guideposts for the way forward – toward an uncertain future, without guarantees. The chapters in this book were originally published as a special issue of the journal, Cultural Studies.

give me liberty chapter 2: Haym by George Jackson Grin, 2016-05-25 Many people know George is George Washington, the father of our country. Many, however, do not know the details of his brilliant career as a soldier, his stand on slavery, and his fervor in establishing the freedoms we hold dear. Nor do they know that despite his superb leadership we would have lost the revolutionary war and our chance to become an independent nation if it were not for foreign intervention. Few know Haym Salomon, the savior of our country. Who was he, and why was he important? He was a Jewish Polish immigrant who was mainly responsible for financing the American Revolutionary War. He was caught by the British and sentenced to death as an American spy. How he escaped the hangmans noose and became a friend of George Washington is part of the story. George Washington said, Haym Salomon provided the funds for our army when everyone, including all the colonies, refused. If it were not for Haym Salomon, we could not have fought the Revolutionary War and won our independence, nor survived as a newborn nation. The lives and times of George Washington and Haym Salomon are inextricably woven into the fabric of the Revolutionary War, our fight for independence, and the ideals upon which this nation was founded. This book, therefore, encompasses much of the magnificent contributions of these two patriots and the actual events that led to the difficult birth, and early survival, of the United States of America and the principles forever enshrined to protect our democracy.
