guideposts positive thoughts: *Agnes Sanford and Her Companions* William L. De Arteaga, 2015-08-17 Agnes Sanford was arguably the most original and spiritually fruitful theologians of the twentieth century. Among her achievements were the discovery and development of the inner healing ministry, the development of a theology of the light of God (missing in Western theology), and the first ever theology of nature prayers--as in stilling storms. She and her husband developed a school to teach ministers and lay leaders healing and deliverance prayer, and the gifts of the Spirit a decade before the charismatic renewal made such things acceptable in mainline churches. In spite of these achievements, she is largely ignored and unrecognized today. This work examines her career and shows why her theology, though deeply biblical, was unacceptable to orthodox critics. Sanford was part of a group who worked from the 1900s through the 1960s to make healing and deliverance prayer as normal in church. They had to confront the erroneous established theology of cessationism, which affirmed that the healing ministry of the church was past.

guideposts positive thoughts: *But For These* Theodore Lockhart, 2018-10-18 I am the great grandson of a black Baptist preacher, Alfred "Parson" Williams, founding pastor, Mt. Zion

Missionary Baptist Church, Tampa, Florida. I want to share with you the path I remember following with the aid of helpers, to my personal fulfillment as a minister in the cohort of United Methodist preachers. I had not thought that much about my maternal great-grandfather. And certainly, not at all about a career as a preacher! Through my sharing what I recall of my path, my intent and hope is that the reader will see that his/her path, like mine, turns on forward movement. The movement of oneself in a chosen goal-centered direction that is neither deterred by obstacles nor thrown off course by crises-yet-to-unfold. A movement of oneself in which your focus is sharpened by what you take as the source of your vision and power to move. For me, I saw my Source as God, The Almighty. In any direction of your movement, your helpers can and will appear either as an animate or inanimate entity, as like or unlike you racially or culturally or by some other measure. Yours is to move forward in awareness of your own auto-correct power to review and revise decisions you will have made yesterday or yesteryear.

guideposts positive thoughts: Render Unto God Ryan C. McIlhenny, 2015-09-18 The Great Recession, like most economic depressions, has compelled many to reconsider not only the consequences, but also the very nature of contemporary global capitalism. Sadly, very little critical reflection on the fundamental nature of the world's hegemonic economic system has come from its most devout disciples - evangelicals. Throughout the pages of the Old and New Testament, God reprimands those driven by a love for gain. By way of the cultural mandate, God has given humanity the responsibility to care not only for their fellow human beings, but also for the earth itself. True and undefiled religion includes taking care of those forgotten, marginalized, and made invisible by all-consuming (and all-mighty) capital. As such, those who accumulate wealth by destroying creation dishonor their Creator. Has the Christian community gone far enough in meeting the needs of the poor, in seeking the end of poverty, or in curbing the rapacious appetites of the greedy few in order to preserve that which is good, true, and beautiful within God's creation? Render Unto God calls Christians to reconsider their ideological commitment to unrestrained capitalism - to rethink not only the profit motive, an essential element of capitalism (if not its central telos), the meaning of private property, and the dominion of the global power elite, but also to understand how market fundamentalism fractures families, creates systems of inequality, and destroys the environment. Have we forgotten our commitment to God, neighbor, and creation? Have we forgotten our primary purpose, the reason for our existence - namely, to glorify God and enjoy him forever?

guideposts positive thoughts: By Grace Alone Donald J. Bruggink, Kim N. Baker, 2004 The story begins in Europe, with a brief history of the church out of which the Reformation grew. The scene then shifts to New Amsterdam in 1628, where a miniscule church survived the English conquest and eventually grew into the Reformed Church in America. *By Grace Alone* follows its story into the twenty-first century. In addition to the sequential story of the Reformed Church's development, there are vignettes of people involved in events small and great - from the diary of a frail young woman who survived near calamity at sea but ended her life at eighty-one, the widow of the president of Queen's College, to the boy from a farm in Iowa who built the Crystal Cathedral. The reader will also be helped by timelines in every chapter, as well as a glossary, an index, and many illuminating illustrations.
