

hitler speech meaning

hitler speech meaning is a topic that delves into the analysis and interpretation of the speeches delivered by Adolf Hitler, the dictator of Nazi Germany. Understanding the meaning behind Hitler's speeches involves exploring the rhetoric, propaganda techniques, historical context, and the psychological impact these orations had on the German population and beyond. Hitler's speeches were pivotal in shaping Nazi ideology, rallying support, and justifying policies that led to widespread atrocities. This article will examine the linguistic and thematic components of his speeches, their intended meanings, and their broader implications in historical and political terms. By dissecting the content and style, one can gain insight into how language was weaponized for totalitarian control. The following sections will cover the historical background, rhetorical strategies, ideological messages, and the enduring significance of Hitler's speeches.

- Historical Context of Hitler's Speeches
- Rhetorical Techniques Used by Hitler
- Ideological Themes in Hitler's Oratory
- Impact and Significance of Hitler's Speeches
- Controversies and Interpretations

Historical Context of Hitler's Speeches

Understanding the **hitler speech meaning** requires situating his speeches within the historical period of post-World War I Germany. The Treaty of Versailles, economic instability, and national humiliation created fertile ground for extremist ideologies. Hitler emerged as a powerful speaker during the early 1920s and used public addresses to communicate Nazi ideals. His speeches often reflected the socio-political turmoil of the Weimar Republic and the rise of fascism.

Weimar Republic and Economic Crisis

During the Weimar Republic, Germany faced hyperinflation, unemployment, and political fragmentation. Hitler's speeches capitalized on public dissatisfaction by blaming scapegoats and promising national revival. These addresses resonated with many Germans who sought hope and stability.

Rise of the Nazi Party

Hitler's oratory skills were instrumental in increasing the Nazi Party's popularity. His speeches served as a tool for recruitment, mobilization, and establishing the party's agenda. As he gained power, his speeches became more aggressive and propagandistic, reflecting the totalitarian nature

of his regime.

Rhetorical Techniques Used by Hitler

Analyzing the **hitler speech meaning** involves examining the rhetorical devices and communication methods he employed. Hitler was a master of public speaking who used emotional appeals, repetition, and symbolism to influence his audience. His style was designed to evoke strong feelings and create a sense of unity among listeners.

Emotional Appeal and Pathos

Hitler frequently appealed to the emotions of fear, pride, and anger. By portraying Germany as a victim of injustice and promising restoration, he stirred nationalist fervor. This emotional manipulation was a key aspect of his persuasive power.

Repetition and Slogans

Repetition was a common technique in Hitler's speeches, reinforcing key messages and slogans to ensure memorability. Phrases like "Ein Volk, ein Reich, ein Führer" (One People, One Empire, One Leader) exemplify this tactic.

Use of Symbolism and Gestures

Besides verbal rhetoric, Hitler's physical gestures and symbolic imagery enhanced the impact of his speeches. His dramatic delivery, hand movements, and uniform conveyed authority and control, reinforcing his message.

Ideological Themes in Hitler's Oratory

The **hitler speech meaning** is deeply intertwined with the ideological content he promoted. Hitler's speeches were not merely political rhetoric but vehicles for disseminating Nazi ideology. They contained themes of racial purity, anti-Semitism, nationalism, and militarism.

Racial Ideology and Anti-Semitism

A central theme in Hitler's speeches was the idea of Aryan racial superiority and the vilification of Jews. He blamed Jews for Germany's problems and called for their exclusion and persecution, which laid the groundwork for the Holocaust.

Nationalism and Revanchism

Hitler emphasized restoring Germany's former glory and reversing the humiliation of the Treaty of Versailles. His speeches appealed to national pride and the desire for territorial expansion and revenge against perceived enemies.

Totalitarian Control and Leadership Cult

Hitler's speeches fostered a cult of personality, portraying himself as the infallible leader (Führer) destined to guide Germany to greatness. This theme justified authoritarian rule and the suppression of dissent.

Impact and Significance of Hitler's Speeches

The meaning of Hitler's speeches extends beyond their immediate content to their profound effects on society and history. These speeches were critical in mobilizing public opinion, legitimizing Nazi policies, and facilitating the implementation of totalitarian control.

Mobilization and Propaganda

Hitler's speeches were used to mobilize the masses, consolidate Nazi power, and spread propaganda. They helped create a unified national identity centered on Nazi values.

Psychological Influence on Audiences

The emotional and persuasive power of Hitler's speeches had a psychological impact, fostering obedience and enthusiasm among followers. This influence was essential to maintaining the regime's control.

Legacy and Historical Importance

Hitler's speeches remain a subject of study for understanding the mechanics of propaganda and authoritarianism. Their meaning serves as a cautionary example of how rhetoric can be exploited for destructive ends.

Controversies and Interpretations

The **hitler speech meaning** is complex and has been interpreted in various ways by historians, linguists, and political analysts. Controversy surrounds the ethical considerations of studying and presenting these speeches.

Ethical Concerns in Analysis

Scholars must balance the need to understand Hitler's rhetoric with the risk of unintentionally glorifying or spreading hateful content. Responsible analysis focuses on historical context and critical examination.

Variations in Interpretation

Interpretations of Hitler's speeches vary, with some emphasizing their manipulative nature and others analyzing linguistic patterns. These differing views contribute to a nuanced understanding of their meaning.

Use in Modern Discourse

Hitler's speeches are sometimes referenced in discussions about hate speech, propaganda, and political extremism. Their meaning continues to inform debates on freedom of expression and the dangers of demagoguery.

- Emotional appeals to manipulate public opinion
- Repetition of slogans for emphasis
- Promotion of racial and nationalistic ideology
- Creation of a cult of personality
- Use as propaganda to consolidate power

Frequently Asked Questions

What is the general meaning behind Hitler's speeches?

Hitler's speeches were primarily aimed at promoting his political ideology, including nationalism, anti-Semitism, and Aryan supremacy, while rallying support for the Nazi Party and its goals.

How did Hitler use speeches to influence the German population?

Hitler used emotionally charged rhetoric, repetition, and propaganda techniques in his speeches to manipulate public opinion, instill fear, and create a sense of unity and purpose among Germans.

What themes are commonly found in Hitler's speeches?

Common themes include nationalism, anti-communism, anti-Semitism, the need for Lebensraum (living space), the restoration of German pride, and the denunciation of the Treaty of Versailles.

Why are Hitler's speeches studied in history and political science?

They are studied to understand the power of propaganda, the methods used by totalitarian regimes to gain and maintain control, and the social and political conditions that enabled the rise of fascism.

What is the significance of Hitler's 1933 speech after becoming Chancellor?

This speech marked the beginning of Nazi consolidation of power, where Hitler justified his leadership, promised economic revival, and hinted at future aggressive policies.

How did Hitler's speaking style contribute to his effectiveness as a leader?

His passionate, forceful, and charismatic speaking style captivated audiences, making complex ideas accessible and stirring strong emotional responses that helped mobilize mass support.

What role did propaganda play in the meaning of Hitler's speeches?

Propaganda was central; his speeches were carefully crafted to disseminate Nazi ideology, demonize enemies, and create a narrative that justified the regime's actions and policies.

Can the meaning of Hitler's speeches be separated from their historical context?

No, understanding the meaning of Hitler's speeches requires considering the historical context, including the economic hardship, political instability, and social tensions in Germany at the time, which shaped both the content and impact of his rhetoric.

Additional Resources

1. Hitler's Speeches: Understanding the Power of Rhetoric

This book delves into the art of Hitler's oratory and the techniques he used to captivate and manipulate his audiences. It explores how his speeches were crafted to evoke strong emotional responses and solidify his political agenda. The author analyzes key speeches to reveal the underlying messages and propaganda strategies.

2. The Language of Tyranny: Decoding Hitler's Public Addresses

Focusing on the linguistic elements of Hitler's speeches, this book examines how language was used

as a tool of control and persuasion. It discusses the symbolism, metaphors, and repetitive motifs that reinforced Nazi ideology. Readers gain insight into how rhetoric contributed to the rise of totalitarianism.

3. Hitler's Voice: The Impact of Speech on Nazi Germany

This title investigates the social and psychological impact of Hitler's speeches on German society. Through historical context and audience reaction, the book shows how his words helped to unify, radicalize, and mobilize the population. It also considers the role of mass media in amplifying his message.

4. Persuasion and Propaganda: The Meaning Behind Hitler's Speeches

The book provides an in-depth analysis of the propaganda techniques employed in Hitler's public speaking. It highlights how emotional appeals, fearmongering, and nationalist sentiment were woven into his rhetoric to manipulate public opinion. The author also contrasts his speeches with those of other political figures.

5. Echoes of Hate: Analyzing the Themes in Hitler's Oratory

Focusing on recurring themes such as anti-Semitism, nationalism, and the cult of personality, this book dissects the content of Hitler's speeches. It explores how these themes were used to justify aggression and genocide. The book offers a critical perspective on the dangerous power of hateful rhetoric.

6. The Anatomy of a Dictator's Speech: Hitler's Rhetorical Strategies

This book breaks down the structural and stylistic elements of Hitler's speeches, revealing how he constructed persuasive arguments. It discusses techniques like repetition, emotional intensity, and appeals to identity that made his rhetoric effective. The analysis helps readers understand the mechanics behind his influence.

7. Hitler's Speeches in Historical Context: Meaning and Impact

By placing Hitler's speeches within the broader historical and political landscape, this book examines their significance beyond mere words. It investigates how specific events shaped his messaging and how his speeches influenced both domestic policy and international relations. The book provides a comprehensive view of speech as a tool of power.

8. Voices of Darkness: The Psychological Meaning of Hitler's Speeches

This psychological analysis explores the mindset behind Hitler's rhetoric and the psychological effects on his audience. It delves into concepts such as mass hypnosis, group psychology, and the appeal to collective fears and desires. The book offers a unique perspective on why his speeches resonated so deeply.

9. From Words to War: The Meaning of Hitler's Speeches in Nazi Aggression

This book traces the connection between Hitler's rhetoric and the escalation of Nazi military aggression. It examines how his speeches justified expansionism, militarization, and ultimately war. The author argues that understanding the meaning behind these speeches is crucial to comprehending the origins of World War II.

hitler speech meaning: The Oxford Handbook of the Reception History of the Bible

Michael Lieb, Emma Mason, Jonathan Roberts, 2013-01-10 In recent decades, reception history has become an increasingly important and controversial topic of discussion in biblical studies. Rather than attempting to recover the original meaning of biblical texts, reception history focuses on exploring the history of interpretation. In doing so it locates the dominant historical-critical scholarly paradigm within the history of interpretation, rather than over and above it. At the same time, the breadth of material and hermeneutical issues that reception history engages with questions any narrow understanding of the history of the Bible and its effects on faith communities. The challenge that reception history faces is to explore tradition without either reducing its meaning to what faith communities think is important, or merely offering anthologies of interesting historical interpretations. This major new handbook addresses these matters by presenting reception history as an enterprise (not a method) that questions and understands tradition afresh. The Oxford Handbook of the Reception History of the Bible consciously allows for the interplay of the traditional and the new through a two-part structure. Part I comprises a set of essays surveying the outline, form, and content of twelve key biblical books that have been influential in the history of interpretation. Part II offers a series of in-depth case studies of the interpretation of particular key biblical passages or books with due regard for the specificity of their social, cultural or aesthetic context. These case studies span two millennia of interpretation by readers with widely differing perspectives. Some are at the level of a group response (from Gnostic readings of Genesis, to Post-Holocaust Jewish interpretations of Job); others examine individual approaches to texts (such as Augustine and Pelagius on Romans, or Gandhi on the Sermon on the Mount). Several chapters examine historical moments, such as the 1860 debate over Genesis and evolution, while others look to wider themes such as non-violence or millenarianism. Further chapters study in detail the works of popular figures who have used the Bible to provide inspiration for their creativity, from Dante and Handel, to Bob Dylan and Dan Brown.

hitler speech meaning: Hitler's Millennial Reich David Redles, 2008-11-01 A “brilliant” study of the convergence of apocalyptic anxiety and authoritarianism in Germany: “A story, unfortunately, of continuing relevance.” —Charles B. Strozier, author of *Apocalypse: On the Psychology of Fundamentalism in America After World War I*, German citizens sought not merely relief from the political, economic, social, and cultural upheaval that wracked Weimar Germany, but also mental salvation. With promises of order, prosperity, and community, Adolph Hitler fulfilled a profoundly spiritual need on behalf of those who converted to Nazism, and thus became not only Führer, but Messiah, contends David Redles, who believes that millenarian sentiment was central to the rise of Nazism. As opposed to many works which depersonalize Nazism by focusing on institutional factors, Redles offers a fresh view of the impact and potential for millenarian movements. The writings of both major and minor Nazi party figures, in which there echoes a striking religiosity and salvational faith, reveal how receptive Germans were to the notion of a millennial Reich such as that offered by Hitler. Redles illustrates how Hitler’s apocalyptic prophecies of a coming “final battle” with the so-called Jewish Bolsheviks, one that was conceived to be a “war of annihilation,” was transformed into an equally eschatological “Final Solution.” “[Redles] has done an extraordinarily careful and brilliant analysis of the archival material to reveal Hitler’s messianic charisma, his appeal both on the ideological and psychological level, illustrating that if you can convince people that they live in apocalyptic times and you have the key to their collective salvation, you can get them to do anything.” —Richard Landes, Director, Center for Millennial Studies, Department of History, Boston University

hitler speech meaning: Explaining Hitler Ron Rosenbaum, 2014-07-08 When Hitler's war ended in 1945, the war over Hitler—who he really was, what gave birth to his unique evil—began.

hitler speech meaning: Hitler's Speeches and the United States Gordon William Prange, 1941

hitler speech meaning: *Hitler's 'Mein Kampf' and the Holocaust* John J. Michalczyk, Michael S. Bryant, Susan A. Michalczyk, 2022-02-10 For decades scholars have pored over Hitler's autobiographical journey/political treatise, debating if *Mein Kampf* has genocidal overtones and arguably led to the Holocaust. For the first time, *Hitler's Mein Kampf and the Holocaust* sees celebrated international scholars analyse the book from various angles to demonstrate how it laid the groundwork for the Shoah through Hitler's venomous attack on the Jews in his text. Split into three main sections which focus on 'contexts', 'eugenics' and 'religion', the book reflects carefully on the point at which the Fuhrer's actions and policies turn genocidal during the Third Reich and whether *Mein Kampf* presaged Nazi Germany's descent into genocide. There are contributions from leading academics from across the United States and Germany, including Magnus Brechtken, Susannah Heschel and Nathan Stoltzfus, along with totally new insights into the source material in light of the 2016 German critical edition of *Mein Kampf*. Hitler's views on Marxism, violence, and leadership, as well as his anti-Semitic rhetoric are examined in detail as you are taken down the disturbing path from a hateful book to the Holocaust.

hitler speech meaning: *Christianity in Hitler's Ideology* Mikael Nilsson, 2024-06-27 This ambitious study analyses Hitler's ideological relationship to Jesus and reconsiders the core beliefs of National Socialism.

hitler speech meaning: *The Hitler of History* John Lukacs, 1998-11-03 A valuable service . . . serious, entertaining, provocative and distinctive. --Cleveland Plain Dealer In the fifty years since his suicide amid the ruins of Berlin, Adolf Hitler has been the subject of more biographies than any comparable figure of our time--and at the center of a crucial historical debate over the nature of evil and moral responsibility in the twentieth century. In this brilliant and original book, the historian John Lukacs climbs above the fray to produce a definitive history of a history: the history of the evolution of our understanding of Hitler's life and our debates about its meaning. Like an expert attorney, Lukacs puts the biographies on trial, identifying their strengths, weaknesses, and hidden agendas. And through their intersecting and conflicting accounts, he addresses the enduring enigmas surrounding the demiurge of the Third Reich. Was Hitler a revolutionary or a reactionary? How successful was he as a statesman and a strategist? What was his primary motive for the extermination of the Jews? *The Hitler of History* answers these questions as fully as any modern work can hope to, with an intellectual boldness that makes it absolutely essential to any understanding of the post-Hitler world. Lukacs is a shrewd historian and an engaging writer . . . a sharp and sober portrait. --Philadelphia Inquirer

hitler speech meaning: *The Life and Death of Adolf Hitler* Robert Payne, 2016-10-05 In *The Life And Death of Adolf Hitler*, biographer Robert Payne unravels the tangled threads of Hitler's public and private life and looks behind the caricature with the Charlie Chaplin mustache and the unruly shock of hair to reveal a Hitler possessed of immense personal charm that impressed both men and women and brought followers and contributions to the burgeoning Nazi Party. Although he misread his strength and organized an ill-fated putsch, Hitler spent his months in prison writing *Mein Kampf*, which increased his following. Once in undisputed command of the Party, Hitler renounced the chastity of his youth and began a sordid affair with his niece, whose suicide prompted him to reject forever all conventional morality. He promised anything to prospective supporters, then cold-bloodedly murdered them before they could claim a share of the power he reserved for himself. Once he became Chancellor, Hitler step by step bent the powers of the state to his own purposes to satisfy his private fantasies, rearming Germany, slaughtering his real or imaginary enemies, blackmailing one by one the leaders of Europe, and plunging the world into the holocaust of World War II. *THE LIFE AND DEATH OF ADOLF HITLER* is the story of not so much a man corrupted by power as a corrupt man who achieved absolute power and used it to an unprecedented

degree, knowing at every moment exactly what he was doing and calculating his enemies' weaknesses to a hair's breadth. It is the story of a living man.

hitler speech meaning: *My Friend Hitler and Other Plays of Yukio Mishima* Yukio Mishima, 2002 Acclaimed Japanese novelist Yukio Mishima (1925-1970) was also a prolific playwright, penning more than sixty plays, nearly all of which were produced in his lifetime. Hiroaki Sato is the first to translate these plays into English. For this collection he has selected five major plays and three essays Mishima wrote about drama. The title play is a satire that follows the breakdown of friendship between Adolf Hitler and two Nazi officials who were ultimately assassinated under orders from Hitler.

hitler speech meaning: *Hitler's Voice: Organisation & development of the Nazi Party* Detlef Mühlberger, 2004 Detlef Mühlberger's work *Hitler's Voice: The Völkischer Beobachter, 1920-1933* is an important addition to the study of National Socialism. In today's scholarship, it is difficult to locate a detailed work on National Socialism that does not rely in some way on the *Völkischer Beobachter*: it was truly the bullhorn of the party from the time when the National Socialists were no more than a small group of unknowns gathering at the Munich Bürgerbräukeller until they gained power in 1933. Considering the vast amount of literature on National Socialism, however, it is surprising that until now, there have only been shorter articles and two dissertations and not a single comprehensive analysis of the newspaper.[1] Mühlberger's translation of articles from the *Völkischer Beobachter* addresses this lacuna. He has sifted through eleven years of the paper, condensing them into two volumes. His first volume gives a chronological account of the development and organization of the party until 1933 while the shorter second volume, entitled *Nazi Ideology and Propaganda*, examines topical issues such as attacks against the Weimar Republic, racism, and attempts by the party to garner support from workers, farmers, and the German Mittelstand.

hitler speech meaning: *A World Without Jews* Alon Confino, 2014-04-15 This penetrating new assessment of the burning of the Hebrew Bible by the Nazis on November 9, 1938 explores how the Germans came to conceive of the idea of Germany without the Jews, which required that both Jews and Judaism be erased from Christian history.

hitler speech meaning: *Nazi Conspiracy and Aggression ...* United States. Office of Chief of Counsel for the Prosecution of Axis Criminality, 1948

hitler speech meaning: *Hitler, 1889-1936* Ian Kershaw, 1999 Traces Hitler's rise from a shelter for needy children in Austria to dictatorship over Germany and the beginning of his persecution of the Jews.

hitler speech meaning: *Robert Lowell in a New Century* Thomas Austenfeld, 2019 New essays providing fresh insights into the great 20th-century American poet Lowell, his writings, and his struggles.

hitler speech meaning: *Documents on British Foreign Policy, 1919-1939* Great Britain. Foreign Office, 1951 Her Majesty's government in the United Kingdom have decided to publish the most important documents in the Foreign Office archives relating to British foreign policy between 1919 and 1939 in three series: the 1st ser. covering from 1919-1930, the 2d from 1930-39, the 3d from Mar. 1938 to the outbreak of the War.

hitler speech meaning: *Hitler's Face* Claudia Schmolders, 2006 In *Hitler's Face* Claudia Schmolders reverses the normal protocol of biography: instead of using visual representations as illustrations of a life, she takes visuality as her point of departure to track Adolf Hitler from his first arrival in Munich as a nattily dressed young man to his end in a Berlin bunker—and beyond. Perhaps never before had the image of a political leader been so carefully engineered and manipulated, so broadly disseminated as was Hitler's in a new age of mechanical reproduction. There are no extant photographs of him visiting a concentration camp, or standing next to a corpse, or even with a gun in his hand. If contemporary caricatures spoke to the calamitous thoughts, projects, and actions of the man, officially sanctioned photographs, paintings, sculptures, and film overwhelmingly projected him as an impassioned orator or heroically isolated figure. Schmolders demonstrates how the

adulation of Hitler's face stands at the conjunction of one line stretching back to the eighteenth-century belief that character could be read in the contours of the head and another dating back to the late nineteenth-century quest to sanctify German greatness in a gallery of national heroes. In Nazi ideology, nationalism was conjoined to a forceful belief in the determinative power of physiognomy. The mad veneration of the idealized German face in all its various aspects, and the fanatical devotion to Hitler's face in particular, was but one component of a project that also encouraged the ceaseless contemplation of supposedly degenerate Jewish physical traits to advance its goals.

hitler speech meaning: The Fallacies of Cold War Deterrence and a New Direction Keith B. Payne, 2021-03-17 In 1938, Prime Minister Neville Chamberlain hoped that a policy of appeasement would satisfy Adolf Hitler's territorial appetite and structured British policy accordingly. This plan was a failure, chiefly because Hitler was not a statesman who would ultimately conform to familiar norms. Chamberlain's policy was doomed because he had greatly misjudged Hitler's basic beliefs and thus his behavior. U.S. Cold War nuclear deterrence policy was similarly based on the confident but questionable assumption that Soviet leaders would be rational by Washington's standards; they would behave reasonably when presented with nuclear threats. The United States assumed that any sane challenger would be deterred from severe provocations because not to do so would be foolish. Keith B. Payne addresses the question of whether this line of reasoning is adequate for the post-Cold War period. By analyzing past situations and a plausible future scenario, a U.S.-Chinese crisis over Taiwan, he proposes that American policymakers move away from the assumption that all our opponents are comfortably predictable by the standards of our own culture. In order to avoid unexpected and possibly disastrous failures of deterrence, he argues, we should closely examine particular opponents' culture and beliefs in order to better anticipate their likely responses to U.S. deterrence threats.

hitler speech meaning: *Constructing Genocide and Mass Violence* Maureen S. Hiebert, 2017-03-16 This book addresses two closely related questions: what is the process by which the relatively short and violent genocides of the twentieth century and beyond have occurred? Why have these instances of mass violence been genocidal and not some other form of state violence, repression, or conflict? Hiebert answers these questions by exploring the structures and processes that underpin the decision by political elites to commit genocide, focusing on a sustained comparison of two cases, the Nazi 'Final Solution' and the Cambodian genocide. The book clearly differentiates the structures and processes - contained within a larger overall process - that leads to genocidal violence. Uncovering the mechanisms by which societies (at least in the contemporary era) come to experience genocide as a distinct form of destruction and not some other form of mass or political violence, Hiebert is able to highlight a set of key process that lead to specifically genocidal violence. Providing an insightful contribution to the burgeoning literature in this area, this book will be of interest to students and scholars of genocide, international relations, and political violence.

hitler speech meaning: *Hitler's Theology* Rainer Bucher, 2011-06-30 Hitler's Theology investigates the use of theological motifs in Adolf Hitler's public speeches and writings, and offers an answer to the question of why Hitler and his theo-political ideology were so attractive and successful presenting an alternative to the discontents of modernity. The book gives a systematic reconstruction of Hitler's use of theological concepts like providence, belief or the almighty God. Rainer Bucher argues that Hitler's (ab)use of theological ideas is one of the main reasons why and how Hitler gained so much acquiescence and support for his diabolic enterprise. This fascinating study concludes by contextualizing Hitler's theology in terms of a wider theory of modernity and in particular by analyzing the churches' struggle with modernity. Finally, the author evaluates the use of theology from a practical theological perspective. This book will be of interest to students of Religious Studies, Theology, Holocaust Studies, Jewish Studies, Religion and Politics, and German History.

hitler speech meaning: Atrocity and Amnesia Robert Boyers, 1987-05-28 Working deliberately against the grain of assumptions dominant in the contemporary literary academy, Boyers examines

novels by Günter Grass, Gabriel Garcia Márquez, Milan Kundera and others, arguing that it is necessary to speak of character, ethics, and philosophic purpose if one is to understand these works. A penetrating study, *Atrocity and Amnesia* illuminates some of the major fiction of our time and makes an important contribution to contemporary political thought.
