intended for pleasure free download: Remarriage in Early Christianity A. Andrew Das, 2024-06-27 What did early Christians believe about remarriage after divorce? The New Testament sends mixed messages about divorce. Jesus forbids it in Mark's and Luke's Gospels, but he seems to make an exception for victims of infidelity in Matthew's Gospel. Paul permits divorce in 1 Corinthians when an unbeliever initiates it. Yet other Pauline passages imply that remarriage after divorce constitutes adultery. A. Andrew Das confronts this dissonance in Remarriage in Early Christianity. Challenging scholarly consensus, Das argues that early Christians did not approve of remarriage after divorce. His argument—covering contemporary Jewish and Greco-Roman contexts, the Gospels, Paul's letters, and ante-Nicene interpretation—reveals greater consistency in early Christianity than is often assumed. Das pays special attention to the Greek words used in contemporary bills of divorce and in the New Testament, offering much-needed clarity on hotly contested concepts like porneia. At once sensitive and objective, Das finds an exegetically sound answer to the question of remarriage among early Christians. This bold study will challenge scholars and enlighten any Christian concerned with what Scripture has to say on this perennially relevant topic.

It includes a detailed case study of "Art Inside Karnes," the all-volunteer arts-based ministry of presence the author facilitated inside a for-profit immigrant family detention center that became the Power of Hope traveling art exhibit for education, advocacy, and public witness. This primer covers practical ethical, legal, and political matters; includes pedagogical examples for how to use arts-based research for student assessment in theology and religious studies; and provides an overview of arts options, including literary genres, visual arts, fabric arts, theater, filmmaking, and new media with digital content.
