

is new york times woke

is new york times woke a question that has sparked extensive debate among readers, commentators, and media analysts alike. As one of the most influential newspapers in the United States and globally, The New York Times holds significant sway in shaping public discourse. The term “woke” has evolved over recent years, often used to describe media outlets perceived as emphasizing social justice, diversity, and progressive values in their coverage. Understanding whether The New York Times fits this characterization requires examining its editorial stance, journalistic practices, and the cultural context surrounding the term. This article explores the concept of “wokeness” in media, analyzes The New York Times’ content and policies, and addresses public perceptions and criticisms. The discussion also considers the implications of labeling a major news source as woke and how it affects public trust and political discourse.

- Defining “Woke” in Media Context
- The New York Times’ Editorial Direction and Social Issues
- Public Perception and Criticism of The New York Times
- Impact of “Woke” Label on Journalism and Audience
- Conclusion: Is The New York Times Truly Woke?

Defining “Woke” in Media Context

The term “woke” originally emerged from African American Vernacular English (AAVE) as a call to

remain alert to social injustices and systemic inequalities. Over time, it has been adopted more broadly to describe awareness and activism around issues such as racial justice, gender equality, LGBTQ+ rights, and other progressive causes. In media, “woke” often refers to editorial practices and content that prioritize these themes, sometimes sparking debate over balance and objectivity.

Historical Evolution of the Term

“Woke” began as a positive expression encouraging vigilance against oppression but has undergone semantic shifts. In the late 2010s, the term gained prominence in political and cultural discussions. Critics sometimes use it pejoratively to describe perceived overemphasis on identity politics or political correctness, while supporters view it as a necessary lens for addressing societal issues.

Characteristics of Woke Media

Media outlets labeled as woke typically exhibit certain features, including:

- Emphasis on diversity and inclusion in content and staffing
- Coverage of social justice topics with a progressive perspective
- Advocacy for marginalized groups and minority rights
- Use of language that acknowledges systemic inequalities and power dynamics
- Editorial decisions reflecting contemporary social movements

Understanding these characteristics helps frame the analysis of The New York Times' positioning relative to the "woke" label.

The New York Times' Editorial Direction and Social Issues

The New York Times is known for its comprehensive coverage of national and international news, including politics, culture, and social issues. Its editorial stance has evolved over the decades, reflecting shifts in societal values and journalistic standards. Examining its approach to social justice and progressive topics provides insight into whether it aligns with what is commonly considered woke.

Coverage of Diversity, Equity, and Inclusion

The newspaper has made significant efforts to incorporate diversity, equity, and inclusion (DEI) into its newsroom and content. This includes:

- Hiring initiatives aimed at increasing representation of minority journalists
- Dedicated sections and features on racial justice, gender equity, and LGBTQ+ issues
- Editorial endorsements supporting civil rights legislation and policies
- Analysis and opinion pieces highlighting systemic inequalities

These efforts demonstrate a commitment to reflecting a wide range of voices and perspectives, which some interpret as evidence of a woke editorial philosophy.

Balancing Objectivity and Advocacy

While The New York Times strives to maintain journalistic objectivity, critics argue that its coverage sometimes blends reporting with advocacy. The paper's opinion section often features progressive viewpoints, which can influence public perception of its overall editorial bias. However, the newsroom maintains a separation between news reporting and opinion, adhering to professional standards of fairness and accuracy.

Response to Social Movements

The New York Times has actively covered major social movements such as Black Lives Matter, #MeToo, and climate activism. Its reporting generally highlights the underlying issues of systemic discrimination and environmental justice, offering a platform for affected communities. This responsiveness to contemporary activism contributes to the perception that the outlet embraces woke values.

Public Perception and Criticism of The New York Times

The debate over whether The New York Times is woke is influenced heavily by public opinion and political polarization. Various groups interpret the newspaper's content through different ideological lenses, leading to conflicting assessments.

Supporters' Views

Supporters argue that The New York Times' engagement with social justice topics reflects responsible journalism that addresses pressing societal challenges. They contend that highlighting inequality and

promoting inclusion are essential functions of a modern news organization and do not detract from journalistic integrity.

Critics' Arguments

Conversely, critics accuse the newspaper of ideological bias, suggesting that its coverage prioritizes progressive agendas over impartial reporting. Some conservative commentators label The New York Times as excessively woke, alleging that it promotes a particular worldview that alienates certain audiences and undermines balanced discourse.

Instances of Controversy

The New York Times has faced controversies tied to accusations of woke bias, including:

1. Debates over language use and editorial decisions in race-related stories
2. Backlash over opinion pieces perceived as politically partisan
3. Internal staff discussions about diversity and inclusion policies
4. Public disagreements with figures from different political backgrounds

These controversies illustrate the complexity of the newspaper's relationship with the woke label and the challenges of navigating contemporary sociopolitical landscapes.

Impact of “Woke” Label on Journalism and Audience

The designation of The New York Times as woke carries implications for its credibility, audience engagement, and role in the media ecosystem. Understanding these impacts helps contextualize ongoing debates about media bias and trust.

Effect on Public Trust

Labeling a news outlet as woke can polarize public trust. For some readers, it enhances credibility by signaling commitment to social justice and ethical reporting. For others, it raises concerns about impartiality and ideological slant, potentially leading to skepticism or disengagement.

Influence on Editorial Strategy

The New York Times’ awareness of its public image influences editorial choices, balancing the need to cover important social issues with the goal of maintaining broad readership. This dynamic affects how stories are framed, which voices are amplified, and how sensitive topics are handled.

Broader Media Landscape Considerations

As media consumption becomes increasingly fragmented, the woke label contributes to the segmentation of audiences along ideological lines. The New York Times operates within this environment, navigating pressures from diverse readerships and competing news sources. Its approach reflects broader trends in journalism related to identity, representation, and cultural discourse.

Frequently Asked Questions

Is The New York Times considered a 'woke' publication?

The New York Times is often described as socially progressive or left-leaning by some critics, which leads to it being labeled as 'woke' by certain audiences. However, the term 'woke' is subjective and can mean different things to different people.

What does 'woke' mean in the context of The New York Times?

'Woke' generally refers to a heightened awareness of social justice issues, including race, gender, and inequality. In the context of The New York Times, it relates to the newspaper's coverage and editorial stance that often highlights these themes.

Has The New York Times faced criticism for being 'too woke'?

Yes, The New York Times has faced criticism from various groups and individuals who argue that its coverage is overly focused on identity politics and social justice issues, which they describe as 'too woke.' Conversely, others praise the paper for addressing important societal topics.

Does The New York Times have a political bias related to 'wokeness'?

The New York Times is generally seen as having a liberal or progressive bias, which some associate with 'wokeness.' However, it aims to provide thorough journalism and diverse perspectives, though perceptions of bias can vary among readers.

How does The New York Times address accusations of being 'woke'?

The New York Times typically responds by emphasizing its commitment to factual reporting, in-depth analysis, and covering a wide range of issues, including social justice topics, without endorsing a specific ideology. They focus on journalistic standards rather than political labels.

Additional Resources

1. *The Tyranny of Woke Culture: How the New York Times Shapes Our Social Reality*

This book explores the influence of The New York Times in promoting woke ideology and its impact on American society. It critically examines how editorial choices and framing contribute to shaping public opinion on race, gender, and identity politics. The author offers a perspective on the consequences of this cultural shift for free speech and political discourse.

2. *Woke: A History of a Dangerous Idea*

Tracing the origins and evolution of "wokeness," this book delves into how woke culture has permeated media outlets like The New York Times. It discusses the ideological underpinnings of social justice movements and their relationship with mainstream journalism. The narrative highlights the tensions between activism and objective reporting.

3. *Cancel Culture and the Media: The New York Times in the Crossfire*

This volume investigates the role of The New York Times in the phenomenon of cancel culture, focusing on high-profile cases and editorial decisions. It considers the balance between holding individuals accountable and fostering an environment of fear and censorship. The author also analyzes the ethical responsibilities of the press in this new landscape.

4. *Identity Politics and the Fourth Estate: The New York Times' Woke Agenda*

Examining The New York Times' coverage of identity politics, this book critiques the newspaper's approach to race, gender, and social justice issues. It argues that a woke agenda has influenced news selection and framing, potentially at the expense of journalistic neutrality. The book offers insights into the broader implications for democracy and public trust.

5. *Free Speech Under Fire: The New York Times and the Rise of Woke Journalism*

This book addresses the challenges to free speech posed by the rise of woke journalism, with The New York Times as a case study. It discusses how editorial policies and cultural pressures shape the boundaries of acceptable discourse. The author debates whether these changes represent progress or a threat to open debate.

6. *The New York Times, Social Justice, and the Politics of Wokeness*

Focusing on The New York Times' engagement with social justice movements, this book analyzes how wokeness influences reporting and opinion pieces. It highlights the paper's role in amplifying certain voices while potentially marginalizing others. The work evaluates the impact of this dynamic on journalistic integrity and societal division.

7. *Woke Media and the American Narrative: The New York Times at the Crossroads*

This book explores how woke media, exemplified by The New York Times, shapes the American cultural and political narrative. It discusses the tension between traditional journalistic values and the demands of progressive activism. The author suggests ways the media can balance social awareness with impartial reporting.

8. *The Cost of Wokeness: Editorial Challenges at The New York Times*

Here, the focus is on the internal editorial challenges faced by The New York Times as it navigates the pressures of wokeness. The book reveals tensions between staff members, editorial leadership, and readership expectations. It provides an inside look at how a major media institution grapples with competing values.

9. *From Objectivity to Advocacy: The New York Times and the Rise of Woke Journalism*

This book charts the transformation of The New York Times from a bastion of objective journalism to a platform often seen as advocating woke positions. It evaluates the causes and effects of this shift on news coverage and public perception. The author discusses the future of journalism in an increasingly polarized media environment.

is new york times woke: Woke Capitalism Carl Rhodes, 2022-11-15 This book delves into the

corporate takeover of public morality, or 'woke capitalism'. Discussing the political causes that it has adopted, and the social causes that it has not, it argues that this extension of capitalism has negative implications for democracy's future.

is new york times woke: Feminist Theory Robin O. Andreasen, Ann E. Cudd, E. Díaz-León, 2025-04-03 Bringing together influential voices and groundbreaking new essays, *Feminist Theory: A Philosophical Anthology* examines the key questions at the heart of feminist philosophy through a clear structure and accessible yet rigorous content. This carefully curated selection of classic and contemporary essays emphasizes the flourishing growth of feminist thought over time, ranging from foundational texts by Simone de Beauvoir, Judith Butler, and Kimberlé Crenshaw, to new essays by contemporary scholars like Kate Manne, Talia Mae Bettcher, and Robin Dembroff. This edition expands on the original with fresh scholarship and a broader range of perspectives on gender, identity, knowledge, production and justice. New essays address intersectionality, gender identity, the critique of ideal theory, feminist critiques of traditional ethics, the impact of social norms on autonomy and epistemic injustice, and much more. Including critiques of traditional philosophical frameworks and self-reflection of feminism itself, this essential collection highlights how feminist theory shapes and challenges our current understanding of society. Designed for students and scholars in philosophy, gender studies, and social theory, *Feminist Theory: A Philosophical Anthology* is ideal for students taking courses in feminist philosophy and feminist theory, educators in social sciences and humanities, and activists and professionals seeking a nuanced understanding of feminist philosophy.

is new york times woke: Critical Race Theory and Jordan Peele's Get Out Kevin Wynter, 2022-04-21 This book provides a concise introduction to critical race theory and shows how this theory can be used to interpret Jordan Peele's *Get Out*. It surveys recent developments in critical race studies and introduces key concepts that have helped shape the field such as Black masculinity, white privilege, the Black body, and miscegenation. The book's analysis of *Get Out* situates it within the context of the American horror film, illustrating how contemporary debates in critical race theory and approaches to the analysis of mainstream Hollywood cinema can illuminate each other. In this way, the book provides both an accessible reference guide to key terminology in critical race studies and film studies, while contributing new scholarship to both fields.

is new york times woke: Tracking Global Wokeism , 2025-07-03 In this volume, nineteen authors ask: does wokeness exist in the non-Western world? And if yes, is it imported from America or can it also have its own vernacular roots? Wokeness has helped advance the cause of social justice in many domains. However, a cursory search on the internet can yield the impression that 'woke' is now predominantly used in a negative fashion. The present book approaches woke from unusual philosophical angles that do not adhere to either pro or counter positions but that try to transcend purely ideological perspectives. The book shifts the debate to an international or global level.

is new york times woke: Untangling Critical Race Theory Ed Uszynski, 2024-06-25 What is Critical Race Theory, and how should Christians engage it? Ed Uszynski carefully unpacks what critical race theorists seek to accomplish and what Christians can learn from them. In this guide, he carefully explores CRT's roots, context, and tenets, revealing common distortions and providing responsible answers to legitimate concerns.

is new york times woke: Belonging without Othering John A. Powell, Stephen Menendian, 2024-04-23 The root of all inequality is the process of othering - and its solution is the practice of belonging. We all yearn for connection and community, but we live in a time when calls for further division along the well-wrought lines of religion, race, ethnicity, caste, and sexuality are pervasive. This ubiquitous yet elusive problem feeds on fears - created, inherited - of the other. While the much-touted diversity, equity, and inclusion initiatives are undeniably failing, and activists narrowly focus on specific and sometimes conflicting communities, *Belonging without Othering* prescribes a new approach that encourages us to turn toward one another in unprecedented and radical ways. The pressures that separate us have a common root: our tendency to cast people and groups in

irreconcilable terms – or the process of othering. This book gives vital language to this universal problem, unveiling its machinery at work across time and around the world. To subvert it, John A. Powell and Stephen Menendian make a powerful and sweeping case for adopting a paradigm of belonging that does not require the creation of an other. This new paradigm hinges on transitioning from narrow to expansive identities – even if that means challenging seemingly benevolent forms of community-building based on othering. As the threat of authoritarianism grows across the globe, this book makes the case that belonging without othering is the necessary, but not the inevitable, next step in our long journey toward creating truly equitable and thriving societies. The authors argue that we must build institutions, cultivate practices, and orient ourselves toward a shared future, not only to heal ourselves, but perhaps to save our planet as well. Brimming with clear guidance, sparkling insights, and specific examples and practices, *Belonging without Othering* is a future-oriented exploration that ushers us in a more hopeful direction.

is new york times woke: *Authoritarianism in All its Guises* Daniel Burston, Kurt Jacobsen, 2025-03-31 *Authoritarianism in All its Guises* provides an interdisciplinary assessment of contemporary experiences of authoritarianism. Drawing on psychoanalysis and critical theory, contributors from a range of academic backgrounds consider authoritarianism as it manifests in a range of movements and contexts. The chapters investigate, interrogate, and, in some cases, clash creatively and revealingly over the meanings of contemporary experiences of authoritarianism across the political spectrum. The issues raised here not only compel us to come to grips with and clarify what constitutes modern authoritarianism but also what defines the Left in this stubbornly neoliberal age. *Authoritarianism in All its Guises* will be essential reading for academics and students of psychoanalysis, political and social psychology, sociology, history, and media and cultural studies.

is new york times woke: *Wake Up: Why the world has gone nuts* Piers Morgan, 2020-10-15 The Sunday Times Number One Bestseller It's time we get back to common sense. It's time to cancel the cancel culture. It's time to Wake Up. If, like me, you're sick and tired of being told how to think, speak, eat and behave, then this book is for you.

is new york times woke: *Defending the West* Conrad Riker, 101-01-01 Saving America from the Progressive Nightmare Are you fed up with the relentless attacks on American values? Do you feel like your voice is silenced in a world dominated by leftist ideologies? Are you ready to fight back against the cultural tyranny threatening our nation's future? What you'll find inside this book: 1. Discover the hidden forces working to dismantle Western civilization. 2. Learn the real facts behind the war on American manhood. 3. Uncover the truth about systemic racism and the hoax of privilege. 4. Grasp the globalist agenda to erode national sovereignty and its implications. 5. Understand the assault on Christianity and traditional values. 6. Examine the sinister influence of critical theory in our schools. 7. Explore the suppression of free speech and its impact on society. 8. Witness the devastating consequences of socialism and communism firsthand. If you want to protect America's heritage and stand up to the radical left, then buy this book today!

is new york times woke: *Consuming Crisis* Francesca Sobande, 2022-10-26 *Consuming Crisis* is a crucial account of how consumer culture capitalized on Coronavirus (COVID-19). Sobande explores how brands claim to care while they encourage people to 'keep calm and consume'. This critical analysis of the power and politics of marketing examines an eclectic mix of campaigns, content, and experiences. Such work outlines the societal significance of fast-fashion adverts, banana bread's pandemic 'moment', university social media strategies, and how digital technology mediates memories and work. Based on the belief that brands cannot be activists, Sobande creatively considers how brands construct care, camaraderie, culture, and so-called 'normal' life during times of crisis. Francesca Sobande is a Senior Lecturer in Digital Media Studies at Cardiff University

is new york times woke: *Taboo* Eric Kaufmann, 2024-07-04 'Stimulating and provocative' The Times The once-dominant philosophy of the West, defined by free expression, equal treatment of individuals, national solidarity and scientific rationality, is under threat. 'Cultural socialism' – which

advocates harsh restrictions on free speech, due process and national symbols in order to reduce psychological harm and bolster the esteem of formerly marginalized groups – is on the rise. Rather than focusing on Marxist revolutionaries or equality law, Eric Kaufmann concentrates on well-meaning left-liberals. He argues that the genesis of 'woke' cultural socialism emerged from liberal taboos around race that arose in the 1960s and came to be weaponised and extended to other areas, such as gender. Using extensive survey data, he shows that this process is driven mainly by values, not fear, and is only going to accelerate as culturally leftist generations enter the workforce and electorate. Its rise suppresses the open debate that makes effective policy-making possible, harming the minorities cultural socialists purport to help. Only if we shift from encouraging minority fragility to building minority resilience, using state power to check institutional illiberalism, can we resist cultural socialism and restore cultural flourishing. This is the authoritative study of the radical shift in values that has turbo-charged the culture wars of our time. No-one concerned with the cultural and political conflicts of our times can afford to miss it.

is new york times woke: On Bigotry Nicholas Ensley Mitchell, 2025-07-10 We like to believe that bigotry is a product of ignorance and that if we educate people enough, they will become immune to bigotry. But what if bigotry isn't a lack of education, but rather a moral code that people live by? What if bigotry is a common code of hate to which no community is immune? On Bigotry is a field guide for understanding how bigots think and teach others to think, how bigotry disguises itself, how bigotry teaches people to act politically, and, most importantly, what individuals and communities can do about it. This is an essential read for anyone interested in challenging the spread of bigotry in society, regardless of who engages in it and why.

is new york times woke: Media Sociology and Journalism Greg Nielsen, 2023-02-14 "Media Sociology and Journalism: Studies in Truth and Democracy proposes an accurate reading on 'fake populism' regimes. Greg Nielson navigates on the fruitful and relevant tradition on media and power relationships to highlight the contributions of professional journalism to the fragility of democracy" — Fábio Pereira, Chair of Scientific Journalism, Université Laval.

is new york times woke: Seeing Whiteness Robin DiAngelo, 2023 Long before the widespread success of the 2018 book *White Fragility: Why It's So Hard For White People To Talk About Racism*, Robin DiAngelo was breaking with white solidarity and writing, speaking, and teaching on the relationship among white supremacy, structural racism, and white identity. In this volume, DiAngelo has gathered a selection of her groundbreaking works leading up to *White Fragility*. Speaking as a white person to her fellow white people, she seamlessly blends the personal with the political. The result is an engaging and provocative analysis of the sociopolitical forces of race that shape our lives. Taking up familiar ideologies such as individualism and meritocracy, she breaks down how these concepts function to protect and obscure structural racism. Collectively, these essays show how racism infuses our society and its institutions; it is a system that goes well beyond individual intentions or conscious acts of meanness. By changing the question from if we are part of systemic racism to how each of us play a part, DiAngelo's body of work provides a transformative framework for white identity and antiracist action. Featured Essays: Chapter 1: My Class Didn't Trump My Race: Using Oppression to Face Privilege Chapter 2: Why Can't We All Just Be Individuals? Chapter 3: My Feelings Are Not About You: Personal Experience as a Move of Whiteness (with David Allen) Chapter 4: Getting Slammed: White Depictions of Race Dialogues as Arenas of Violence (with Özlem Sensoy) Chapter 5: Nothing to Add: A Challenge to White Silence in Racial Discussions Chapter 6: *White Fragility* Chapter 7: *White Fragility* Accessible Chapter 8: We Put It in Terms of Not-Nice: White Antiracists and Parenting (with Sarah Matlock) Chapter 9: Respect Differences? Challenging the Common Guidelines in Social Justice Education Chapter 10: Leaning In: A Student's Guide to Engaging Constructively With Social Justice Content (with Özlem Sensoy) Chapter 11: Showing What We Tell (with Darlene Flynn) Chapter 12: We Are All For Diversity, But...: How Faculty Hiring Committees Reproduce Whiteness and Practical Suggestions for How They Can Change (with Özlem Sensoy)

is new york times woke: The Handbook of Magazine Studies Miglena Sternadori, Tim Holmes,

2020-02-28 A scholarly work examining the continuing evolution of the magazine—part of the popular Handbooks in Media and Communication series The Handbook of Magazine Studies is a wide-ranging study of the ways in which the political economy of magazines has dramatically shifted in recent years—and continues to do so at a rapid pace. Essays from emerging and established scholars explore the cultural function of magazine media in light of significant changes in content delivery, format, and audience. This volume integrates academic examination with pragmatic discussion to explore contemporary organizational practices, content, and cultural impact. Offering original research and fresh insights, thirty-six chapters provide a truly global perspective on the conceptual and historical foundations of magazines, their organizational cultures and narrative strategies, and their influences on society, identities, and lifestyle. The text addresses topics such as the role of advocacy in shaping and changing magazine identities, magazines and advertising in the digital age, gender and sexuality in magazines, and global magazine markets. Useful to scholars and educators alike, this book: Discusses media theory, academic research, and real-world organizational dynamics Presents essays from both emerging and established scholars in disciplines such as art, geography, and women's studies Features in-depth case studies of magazines in international, national, and regional contexts Explores issues surrounding race, ethnicity, activism, and resistance Whether used as a reference, a supplementary text, or as a catalyst to spark new research, The Handbook of Magazine Studies is a valuable resource for students, educators, and scholars in fields of mass media, communication, and journalism.

is new york times woke: *Unwoke* Ted Cruz, 2023-11-07 Our institutions have gone woke. Everybody knows that. But nobody has come up with a way to stop it. Until now. In this hard-hitting new book, Senator Ted Cruz delivers a realistic battle plan for defeating the woke assault on America. The Democratic Party is now controlled by Cultural Marxists. So are our universities and public schools, the media, Big Tech, and Big Business. Corporations push transgenderism down their customers' throats. Banks punish gun shops. Hollywood insults our religious beliefs and grooms our children. The big investment companies use our retirement savings to promote leftist causes. And the Biden administration has turned our military into an indoctrination camp, neglected transportation safety to focus on climate change, and persecuted peaceful pro-lifers while leaving prochoice arsonists at large. The son of Cuban immigrants who fled communist oppression, Cruz is uniquely equipped to fight the woke revolution. He eloquently explains how Cultural Marxism got a foothold in America, how it progressed, and how, in precise steps, we can fight back to regain our institutions, regain our country—and win the future for our children. Bold, practical, and necessary, *Unwoke* is the book we need to restore the America we love.

is new york times woke: *The Third Awakening* Eric Kaufmann, 2024-05-14 We in the West are in the third wave of cultural-left ideological enthusiasm. Each "Awakening" has crested, fallen a little, consolidated, then surged again to reach a higher level. The cumulative result is an elite creed which has produced a crime wave, a worsening education system, chaos at the border, and social division. Fired by a cultural socialism that puts equal results and emotional protection for minorities at the center of their moral universe, today's young people are twice as intolerant of conservative speech as older generations. These young people will be the median voters and employees of tomorrow, leading and controlling the country. Woke cultural socialism is not the classical liberalism of the American Constitution, but a modern "majorities bad, minorities good" Left-liberalism. It is powered by a set of 'liberal' emotional attachments rather than liberal principles. These underpin a moral panic about whites and males combined with a starry-eyed patronizing approach to minorities. Today's woke extremism is not a repudiation of liberalism, but a perverse extension of it. Our only way out is to use elected, constitutional, government power to break the grip of wokeness in our institutions and schools, steering them toward neutrality and classical liberalism. To do so, the conservative and moderate majority must place culture front and center and spare no effort to win the battle of ideas. Nothing less than the future of our civilization depends on it.

is new york times woke: *Britain alone* Liam Stanley, 2022-02-22 When Britain left the European Union in January 2021, it set out on a new journey. Shorn of empire and now the EU too,

Britain's economy is as national as it has ever been. A decade or so since globalisation seemed inevitable, this is a remarkable reversal. How did this happen? Britain alone argues that this "nationalisation" — aligning the boundaries of the state with its national peoples — emerged from the 2008 global financial crisis. The book analyses how austerity and scarcity intensified and created new conflicts over who gets what. This extends to struggle over what the British nation is for, who it represents, and who it values. Drawing on a range of cultural, economic, and political themes — immigration and the hostile environment, nostalgia and Second World War mythology, race and the "left behind", the clap for carers and furloughing, as well as Superscrimpers and stand-up comedy — the book traces the complex nationalist path Britain took after the crash, demonstrating how we cannot explain nationalism without reference to the economy, and vice versa. In analysing the thread that ties the fallout of the crash and austerity, through Brexit, and to the shape of lockdown politics, Britain alone provides an incisive and original history of the last decade of Britain and its relationship to the global economy.

is new york times woke: The Counterweight Handbook Helen Pluckrose, 2024-06-17 The stated goals of diversity, equity, and inclusion programs are often reasonable, if not noble—to create a more welcoming and inclusive environment for all. Yet, as more and more people are discovering, DEI as commonly practiced isn't a natural extension of past civil rights movements or an ethical framework for opposing discrimination on the grounds of race, sex, etc. Rather, it is inextricably connected with an illiberal and authoritarian ideology—Critical Social Justice—that demands adherence to its tenets and punishes any dissent from its dogma. Even the mildest questions about Critical Social Justice claims—that all white people are racists, that all underrepresented minorities are oppressed, that sex and gender differences have no biological basis, that censorship is a necessary good—are regularly met by DEI trainers and HR officers with pat commands: Educate yourself, Do the work, Listen and learn. At work, raises, promotions, and future employment often depend on our nodding approval of such claims. At school, grades, nominations, and awards are often contingent upon our active agreement with these beliefs. In our daily lives, Critical Social Justice ideology poses a genuine threat not only to our fundamental rights but also to the future of our democratic systems, but if we suggest this, we risk being canceled or shunned by community members. When facing a choice between silent submission and risky if ethical opposition, what is a person to do? While a growing number of groups concerned about the nature of Critical Social Justice have begun to attack it from the top down through legal, financial, and political means, The Counterweight Handbook takes a decidedly different and novel approach. It works from the bottom up and is written to empower individuals who wish to combat Critical Social Justice in their personal and professional lives. Based on the author's years of experience studying, exposing, and fighting Critical Social Justice ideology and advising individuals and organizations struggling with it, The Counterweight Handbook is designed to help people address Critical Social Justice problems in the most ethical and effective way possible. It not only offers principled responses to the main claims of Critical Social Justice but also teaches individuals what to do when they are asked to affirm beliefs they do not hold, undergo training in an ideology they cannot support, or submit to antiscientific testing and retraining of their unconscious minds. In short, it is for all of us who believe in freedom of speech and conscience, who wish to push back against the hostile work and educational environments Critical Social Justice has created, and who want to stand up for our individual liberties and universal rights. ,

is new york times woke: Nation of Victims Vivek Ramaswamy, 2022-09-13 The New York Times bestselling author of Woke Inc. and a 2024 presidential candidate makes the case that the essence of true American identity is to pursue excellence unapologetically and reject victimhood culture. Hardship is now equated with victimhood. Outward displays of vulnerability in defeat are celebrated over winning unabashedly. The pursuit of excellence and exceptionalism are at the heart of American identity, and the disappearance of these ideals in our country leaves a deep moral and cultural vacuum in its wake. But the solution isn't to simply complain about it. It's to revive a new cultural movement in America that puts excellence first again. Leaders have called Ramaswamy "the

most compelling conservative voice in the country” and “one of the towering intellects in America,” and this book reveals why: he spares neither left nor right in this scathing indictment of the victimhood culture at the heart of America’s national decline. In this national bestseller, Ramaswamy explains that we’re a nation of victims now. It’s one of the few things we still have left in common—across black victims, white victims, liberal victims, and conservative victims. Victims of each other, and ultimately, of ourselves. This fearless, provocative book is for readers who dare to look in the mirror and question their most sacred assumptions about who we are and how we got here. Intricately tracing history from the fall of Rome to the rise of America, weaving Western philosophy with Eastern theology in ways that moved Jefferson and Adams centuries ago, this book describes the rise and the fall of the American experiment itself—and hopefully its reincarnation.
