karla homolka interview: The Enigma of a Violent Woman Jennifer Kilty, Sylvie Frigon, 2016-04-14 Karla Homolka has proven to be a figure of enduring interest to the public and media for the last 20 years. However, despite the widespread Canadian and international public commentary and media frenzy that has encircled this case, Homolka herself remains an enigma to most who write about her. In contrast to much of the contemporary discussion on this case, this book offers a comprehensive and detailed examination of the legal, public and media understandings and explanations of Homolka's criminality. Drawing from multiple fields of study and varied bodies of critical literature, the book uses Homolka as an object lesson to interrogate some of the narratives and conceptualizations of 'violent women', the problematic normative constructions of womanhood

and 'acceptable femininity', leniency in sentencing, taboo and disgust, and questions of remorse. The authors address broad questions about how women convicted of violence are typically constructed across four sites: the courts; the academy; the mainstream media; and public discourse. This unique text is extremely important for feminist criminology and socio-legal studies, offering the first comprehensive academic effort to engage in dialogue about this important and fascinating case.

karla homolka interview: Lethal Marriage Nick Pron, 2012-08-14 One of Canada's finest crime reporters tells the whole story of the infamous Bernardo-Homolka case. NOW UPDATED WITH A NEW CHAPTER The sensational trials of Paul Bernardo and Karla Homolka for abduction, rape, manslaughter and murder caused widespread controversy that continues to this day. The public was particularly outraged by the so-called "sweetheart deal" — the twelve-year sentence Homolka received as part of an agreement with government lawyers. Journalist Nick Pron gives us a comprehensive account of previously banned information about Bernardo and Homolka; about Homolka's role in the death of her sister Tammy; of slipshod police work and lack of communication that allowed Bernardo and Homolka the opportunity to murder schoolgirls Kristen French and Leslie Mahaffy; of the host of disturbing facts that were ruled inadmissible at the trial. karla homolka interview: Invisible Darkness Stephen Williams, 2009-10-14 Perfect for fans of *Making a Murderer* and *The People v. O. J. Simpson*, *Invisible Darkness* is the story of one of the more bizarre cases in recent memory—killings so sensational that they prompted the Canadian government, in the interests of justice, to silence its national press and to lock foreign journalists out of the courts. To all appearances, Paul and Karla Bernardo had a fairytale marriage: beautiful working-class girl weds bright upper-middle-class guy and they buy a fashionable dream house in the suburbs. But, bored with his straight, prestigious accounting job, Paul soon went freelance as an international smuggler. He also revealed his boredom with conventional sex—enough so that, one Christmas Eve, he persuaded his wife to drug her own sister and engage in a menage a trois, during which the sister died (a bungling coroner ruled her death accidental). The couple then upped the ante, kidnapping and imprisoning several high school girls for sexual marathons, which they videotaped before savagely murdering their captives. When the girls' bodies were found, the police were stymied (although Paul had been accused of rape and given a DNA test that vanished for two years and only recently was linked to some fifty sexual-assault cases) until Karla tried to have her husband arrested for wife beating. During questioning, she confessed to the crimes and is now serving two concurrent twelve-year sentences for manslaughter in exchange for testifying against her husband, who was jailed for life.

The 'perfect couple' first raped and murdered

Karla's little sister and then kidnapped teenage schoolgirls whom they enslaved, raped, tortured and killed while gleefully recording themselves on video doing it. Vronsky will take you on the journey from the Scarborough Rapist (Bernardo) to Bordelais (Homolka's current last name) and her return to Canada in October, 2014 from the island of Gaudeloupe where she lived for several years with her husband and three children. karla homolka interview: That's Why I'm a Journalist Mark Bulgutch, 2015-09-26 News stories are like collective memories, encapsulating the most iconic moments in recent history around the world. But to those who work in journalism, up-close involvement with these stories can also be life-changing. In That's Why I'm a Journalist, veteran broadcaster Mark Bulgutch interviews 44 prominent Canadian journalists, who each share their behind-the-scenes accounts of some of the most memorable stories of their careers and describe the moment that made them say to themselves, "That's why I'm a journalist." Although many of the contributors' stories are related to their roles in the most high-profile events of the 20th and 21st centuries, from the fall of the Berlin Wall to 9/11, here too are reflections on quieter and more intimate moments that had a deep personal impact. Peter Mansbridge talks about a trip to Vimy Ridge on the hundredth anniversary of World War I, Adrienne Arsenault recalls bringing together old friends separated by the Israeli-Palestinian conflict, Terence McKenna recounts what it's like to worry about being kidnapped as part of the job and Wendy Mesley reflects on the satisfaction of asking tough questions—and uncovering the truth. Together, these enthralling and varied accounts provide an intimate understanding of the people we see on camera and hear on the radio. As Bulgutch argues, modern journalism is undergoing existential threats. News has never been more accessible yet, paradoxically, important news has become harder to find, often buried by pseudo-news of celebrity, lifestyle tips and the latest viral video of a water-skiing squirrel. The stories in this book serve as reminders of the importance of real journalists and real journalism.
