manly p hall books: The Secret Teachings Of All Ages Manly P. Hall, 2014-06-10 For once, a book which really lives up to its title. Hall self-published this massive tome in 1928, consisting of about 200 legal-sized pages in 8 point type; it is literally his magnum opus. Each of the nearly 50 chapters is so dense with information that it is the equivalent of an entire short book. If you read this book in its entirety you will be in a good position to dive into subjects such as the Qabbala, Alchemy, Tarot, Ceremonial Magic, Neo-Platonic Philosophy, Mystery Religions, and the theory of Rosicrucianism and Freemasonry. Although there are some questionable and controversial parts of the book, such as the outdated material on Islam, the portion on the Bacon-Shakespeare hypothesis, and Hall's conspiracy theory of history as driven by an elite cabal of roving immortals, they are far out-weighed by the comprehensive information here on other subjects.

manly p hall books: Manly P. Hall All Seeing Eye - Book Third Darrell Jordan, 2023-11-15 This is the Third Book in the series. The All Seeing Eye Book Collection was compiled with graphics and edits by Darrell Jordan, MPS. Manley Hall was born on 18 March 1901, in Peterborough, Canada, to William S. and Louise Palmer Hall. The Hall family moved to Sioux Falls, South Dakota, United States, in 1904. Manly Hall later settled in Los Angeles in 1919. As a young man, he became interested in all forms of occult subjects. He subsequently joined a number of societies, among them the Theosophical Society, the Freemasons, the Societas Rosacruziana in Civitatibus Foederatis, and the American Federation of Astrologers. In 1922, Hall wrote his first book: Initiates of the Flame and was collecting all form of esoteric/exoteric/mystical subject matter, in his own words: late in the fall of 1922, the plan for a comprehensive work on the symbolism of western mystical societies began to take shape in my mind. It soon became apparent that research facilities for such a project were not available in Southern California... The only answer was to contact antiquarian book dealers and elicit their cooperation in the search for the items desired. In 1934, Hall founded the Philosophical Research Society, a research institute modeled on the ancient school of Pythagoras. He was ordained a minister in 1923 to an occult/mystic congregation at the Church of the People in California. In that same year specifically in May 1923, Manly Hall began the membership/student based, not for sale magazine, all written, edited and published by Hall titled the The All Seeing-Eye. This Book series covers the first year of the All Seeing-Eye magazine for ease of reading. Manly Hall was highly intelligent and possibly bordering on genius. Many of his stories that elucidate a

particular subject were written in the first person. Whether or not this was the case, the stories demonstrate either a highly active imagination or perhaps he did, in fact, experience what he wrote in the first-person account stories or a combination thereof.

Hall's masterful encyclopedia of ancient symbols, hidden rituals, and arcane practices has remained a classic since first published in 1928. Circumnavigating by ship, Hall visited Egypt, China and India, immersing himself in the philosophical and religious history of each country. Upon his return he spent the next seven years penning his massive compendium of philosophy and myth. Nearly a century after its release, this iconic masterwork has been reproduced for the first time from the rare and extravagant original edition. This meticulously-restored version of Hall's Great Book is also accompanied by an expansive companion book, featuring condensed summaries of each chapter of *The Secret Teachings*, alongside newly-discovered artworks, rare photography from Hall's archives as well as essays from journalists Mitch Horowitz and Jessica Hundley.
