linda howe akashic records prayer: *If Trees Could Talk* Holly Worton, 2019-04-22 All trees have a story. Holly Worton has spent the last few years talking to trees – the yews, the oaks, the beeches and the sycamores. You're probably wondering: How is it that trees can talk? Is this for real? Trees are living, breathing organisms which humans are able to connect and talk to on a deeper level through silent, telepathic communication. Trees have a much broader perspective on life compared to humans. Trees can live hundreds and even thousands of years. This means Trees have thousands of years of wisdom that we're able to tap into. Talking to the trees can bring us back to our true selves and can reflect back to us the things we need to see in ourselves. It can also be a space for deep healing. Living in the technology age, however, we spend our lives connected to computers, mobile phones, and video games. Consequently, we've become increasingly disconnected from ourselves and from Nature. This book is meant to gently encourage you to get back to Nature and turn to the magic and the wisdom of the trees. By reconnecting to Nature, you can improve your relationship with yourself, which will help you make better, more aligned choices in your life. This book is for you if: · You love Nature and the outdoors. · You feel like there's something more to life, but you don't know what that is. · You're feeling disconnected from yourself, like your life has somehow gotten off Track. · You feel like you don't really know who you are anymore...or maybe

you've never truly known yourself at all. · Life is going just fine, but you have the notion things could be much better. Throughout this book, you'll follow the author, Holly Worton on a journey of connecting on a deeper level with the wisdom of the trees. You'll hear their stories, and you'll be given a series of experiments to carry out, should you choose to do so. These will help you to connect with yourself through connecting with Nature, and they'll open you up to the deep wisdom and healing that the trees can offer. The trees will help you to get out of your head and into your body, so you can feel more deeply and truly experience all the JOY that life has to offer.
