Linda Howe is an internationally respected spiritual teacher, author, and founder of the Akashic Records Academy. With decades of experience, she has developed a systematic method for accessing the Akashic Records that emphasizes respect, intention, and clarity. Her work includes workshops, books, and training programs that guide students in connecting with their own Records and those of others.

What Are the Akashic Records?

The Akashic Records can be understood as a comprehensive energetic library containing the history, present, and potential futures of all souls. These records are believed to be stored in the etheric plane, accessible through higher states of consciousness and spiritual practices like meditation. Linda Howe describes the Records as a source of wisdom that can provide insights into life's challenges, soul contracts, and karmic patterns.

The Principles of Akashic Records Meditation

The meditation technique developed by Linda Howe is grounded in several key principles that ensure safe, respectful, and effective access to the Akashic Records. These principles focus on intention, protection, surrender, and discernment. Understanding these foundational elements is crucial for practitioners to navigate the Records with clarity and integrity.

Intent and Purpose

Setting a clear and sincere intention is the cornerstone of Linda Howe Akashic Records meditation. The intention should align with seeking truth, healing, and higher understanding rather than curiosity or control. This purposeful focus helps open the channel to the Records and facilitates meaningful communication.

Energetic Protection

Before entering the Records, practitioners are guided to establish energetic protection. This step safeguards the individual's energy field and maintains the purity of the connection to the Records. Linda Howe recommends visualization techniques and prayers to create a safe space for the meditation experience.

Surrender and Receptivity

Surrendering personal expectations and preconceptions is essential for receiving genuine insights from the Akashic Records. The meditation encourages openness to whatever information arises, trusting the process, and allowing the Records to reveal what is most relevant for the soul's growth.

Step-by-Step Guide to Linda Howe Akashic Records Meditation

The meditation process taught by Linda Howe involves a systematic approach to entering the Akashic Records with respect and clarity. Each step is designed to prepare the practitioner mentally, emotionally, and spiritually to access the Records and receive guidance.

Preparation

Begin by finding a quiet, comfortable space free from distractions. Take several deep breaths to center your awareness and relax your body. It is helpful to have a journal nearby to record any insights or messages received during the meditation.

Opening Prayer or Invocation

Linda Howe's method includes a specific opening prayer or invocation that calls upon the Keepers of the Akashic Records and spiritual guides. This invocation establishes a connection and invites support for accurate and safe access to the Records.

Entering the Records

Visualize moving through a series of energetic gates or doors, each representing a deeper level of access to the Akashic Records. With each gate, affirm your intention and sense of reverence. This step-by-step visualization helps deepen the connection and focus your consciousness on the Records.

Asking Questions and Receiving Guidance

Once inside the Records, silently or mentally pose clear, respectful questions related to your soul's journey, current life challenges, or spiritual growth. Remain open to receiving answers through thoughts, images, feelings, or intuitive impressions. Trust the process without forcing or rushing.

Closing the Records

When finished, thank the Keepers and guides for their assistance and visualize closing the energetic gates in reverse order. This closure helps ground your energy and seal the experience, ensuring that the connection to the Records is respectfully ended.

linda howe akashic records meditation: The Shamanic Path to Quantum Consciousness Laurent Huguelit, 2013-12-17 Uniting shamanism with quantum physics and psychology for conscious evolution, manifestation of desires, and the development of the soul • Details each of the 8 circuits of consciousness, from the first circuit of physical survival to the eighth circuit of quantum consciousness • Reveals how to balance and upgrade your circuits through shamanic techniques and activate your creative power to shape reality • Explains how the 8 circuits are interconnected through feedback loops--if one is overactive, it can cause the others to shut down First outlined by Timothy Leary and later expanded by Robert Anton Wilson and Antero Alli, the eight-circuit model of consciousness explains how the soul is multidimensional and functions on eight distinct interconnected planes that form the eight circuits of conscious awareness. Each circuit is connected to certain behaviors and personality traits--the second circuit, for example, is connected to emotional consciousness, such as intuition, feelings of courage, or, in its unbalanced state, aggression and domination, and the eighth circuit, the creative circuit of quantum consciousness, is related to limitless perception, understanding, and action that extends far beyond the limits of planet Earth.

Laurent Huguelit explains how these eight levels of awareness are interconnected through feedback loops, forming a cybernetic mapping of the soul. He explores the underactive, overactive, and balanced states of each circuit, offering many psychological profiles as examples. He reveals how activating a circuit that has been neglected can help bring another into balance. Connecting this model of conscious evolution to shamanism--the oldest consciousness science known to man--the author explains how to balance and upgrade your own circuits through shamanic techniques. He reveals how to reconnect with source energy by deprogramming trauma from your childhood that can affect your circuits. With access to this unlimited energy you can activate your innate creative power to manifest your desires and shape reality. Uniting shamanism and the law of attraction with advanced concepts of modern psychology, quantum physics, and the Akashic field theory of Ervin Laszlo, Laurent Huguelit offers a practical map of human consciousness and the development of the soul as well as a vision for the cybernetic future of shamanism.
