scott galloway personal finance: The Four Scott Galloway, 2017-10-03 NEW YORK TIMES BESTSELLER USA TODAY BESTSELLER Amazon, Apple, Facebook, and Google are the four most influential companies on the planet. Just about everyone thinks they know how they got there. Just about everyone is wrong. For all that's been written about the Four over the last two decades, no one has captured their power and staggering success as insightfully as Scott Galloway. Instead of buying the myths these companies broadcast, Galloway asks fundamental questions. How did the Four infiltrate our lives so completely that they're almost impossible to avoid (or boycott)? Why does the stock market forgive them for sins that would destroy other firms? And as they race to become the world's first trillion-dollar company, can anyone challenge them? In the same irreverent style that has made him one of the world's most celebrated business professors, Galloway deconstructs the strategies of the Four that lurk beneath their shiny veneers. He shows how they manipulate the fundamental emotional needs that have driven us since our ancestors lived in caves, at a speed and scope others can't match. And he reveals how you can apply the lessons of their ascent to your own business or career. Whether you want to compete with them, do business with them, or simply live in the world they dominate, you need to understand the Four.

scott galloway personal finance: A Álgebra da Riqueza Scott Galloway, 2025-01-21 Certo dia um estudante chegou uma hora atrasado a uma das concorridas aulas de Scott Galloway na Universidade de Nova Iorque. O professor mandou-o imediatamente embora, a sua tolerância era de 15 minutos. O aluno não gostou e queixou-se num email indignado. Numa época em que o politicamente correto aconselharia ao silêncio, o autor deste livro respondeu-lhe com um épico raspanete – que se tornou viral. O professor, de origens humildes mas hoje milionário graças às empresas que fundou, continua a dar aulas naquela universidade. E a sua resposta não espanta quem o conhece. Afinal, o seu mantra para a riqueza implica apostar na nobreza de caráter – coisa incompatível com a interrupção grosseira de uma aula. A Álgebra da Riqueza não apresenta folhas de Excel para preencher, nem conselhos para poupar na conta da luz. Defende, isso sim, uma filosofia de vida, dirigida a quem já tem um rendimento fixo, mas pretende ficar independente das amarras do emprego (e da ansiedade económica). É preciso pois viver as virtudes estoicas da temperança, paciência e resiliência, aproveitar o tempo de forma produtiva (sendo as redes sociais o maior inimigo) e diversificar os investimentos. E tudo isto começa com a escolha da carreira (esqueça a paixão e aposte antes naquilo em que for bom), com a escolha da pessoa com quem vai viver (ou daqueles que o rodeiam) e, por fim, dos diferentes “cestos” onde coloca o seu dinheiro. Apelidado pela revista Fast Company como o “Jordan Peterson liberal”, e hoje um dos mais populares professores na área da gestão, Scott Galloway oferece aqui uma poderosa ferramenta para observarmos o mundo e agarrarmos as oportunidades que surgirem pelo caminho.

I consigli finanziari che hanno funzionato fino a qualche anno fa non sono più sufficienti. È tempo di cambiare strategia. Ma soprattutto, Galloway dà consigli di buon senso applicabili alla vita di tutti i giorni e ci ricorda che l'obiettivo finale è quello di vivere più

Su libro es una imprescindible exposición de la naturaleza y de la concentración del poder en el mundo hoy y, por ello, mucho más que un libro de empresa.» Tom Upchurch, Wired

scott galloway personal finance: *De vier* Scott Galloway, 2018-02-21 Amazon, Apple, Facebook, en Google zijn vier van de invloedrijkste bedrijven ter wereld. Bijna iedereen denkt te weten hoe ze dat geworden zijn. Bijna iedereen heeft het fout. Over De vier is de laatste twintig jaar ongelooflijk veel geschreven. Niemand beschrijft hun macht en fenomenale succes zo inzichtelijk als Scott Galloway. Hij gaat op zoek naar antwoorden op een aantal fundamentele vragen: Hoe is het De vier gelukt ons leven zo te infiltreren dat ze bijna onmogelijk te vermijden (of te boycotten) zijn? Waarom vergeeft de beurs ze zondes die andere bedrijven zouden verwoesten? Is er, in hun race om als eerste het bedrijf te worden dat een biljoen dollar waard is, nog iemand die de strijd met ze kan aangaan? Op zijn eigen unieke manier, die hem ook een van de meest gevierde business-professoren heeft gemaakt, deconstrueert hij de strategieën van De vier die schuilgaan onder het glanzende oppervlak. Hij laat zien hoe zij – met een niet te evenaren snelheid en bereik – onze fundamentele emotionele behoeftes manipuleren die ons al sinds de oertijd drijven. En hij onthult hoe je deze inzichten kunnen toepassen voor de groei van je eigen bedrijf of carrière. Of je nu de concurrentie met ze wilt aangaan, zaken met ze wilt doen of gewoon in de wereld wilt leven die zij domineren, je moet De vier begrijpen.
