

rebirthing process

rebirthing process is a transformative practice that aims to release emotional blockages and promote healing through conscious connected breathing techniques. This therapeutic method facilitates the release of suppressed emotions and traumas by guiding individuals through a controlled breathing pattern that induces a deep state of relaxation and awareness. Widely recognized in alternative medicine and personal development fields, the rebirthing process offers a holistic approach to mental, emotional, and physical well-being. This article explores the origins, methodology, benefits, and potential risks associated with the rebirthing process. Additionally, it provides insights into how this practice compares to other breathwork techniques and offers guidance on what to expect during a typical session. Understanding these aspects can help individuals make informed decisions about incorporating the rebirthing process into their wellness routines. The following sections provide a detailed overview of this healing modality.

- Understanding the Rebirthing Process
- The Origins and History of Rebirthing
- How the Rebirthing Process Works
- Benefits of the Rebirthing Process
- Potential Risks and Precautions
- Rebirthing Compared to Other Breathwork Techniques
- What to Expect During a Rebirthing Session

Understanding the Rebirthing Process

The rebirthing process is a form of breathwork therapy that emphasizes conscious, connected breathing to facilitate emotional and psychological healing. It is based on the principle that the breath is a powerful tool for accessing the subconscious mind and releasing pent-up emotions or trauma stored within the body. By using a continuous, circular breathing technique without pauses between inhalation and exhalation, practitioners can enter a relaxed yet heightened state of awareness. This state allows for the processing and integration of unresolved feelings, leading to personal transformation and self-discovery.

Core Principles of the Rebirthing Process

At its core, the rebirthing process revolves around several fundamental principles:

- **Conscious Breathing:** Practicing intentional, connected breaths to influence mental and emotional states.

- **Emotional Release:** Allowing suppressed emotions to surface and be expressed during the session.
- **Self-Awareness:** Enhancing mindfulness and connection with the inner self.
- **Healing Integration:** Facilitating the integration of emotional insights into daily life.

The Origins and History of Rebirthing

The rebirthing process was developed in the 1970s by Leonard Orr, who discovered the therapeutic benefits of conscious connected breathing. Orr's approach drew from various spiritual and psychological traditions, combining elements of breathwork, meditation, and energy healing. He believed that many individuals carry emotional wounds from birth or early childhood experiences, which manifest as psychological or physical issues later in life. The rebirthing process was designed to help individuals "rebirth" themselves by releasing these deep-seated blockages.

Evolution Over Time

Since its inception, the rebirthing process has evolved and gained popularity worldwide. It has been integrated into numerous holistic health practices and expanded by various practitioners to include different techniques and therapeutic applications. Today, it is recognized as a valuable tool in complementary and alternative medicine, often used alongside counseling, psychotherapy, and other healing modalities.

How the Rebirthing Process Works

The rebirthing process involves a structured breathing technique that encourages continuous, circular breathing without pauses between inhalation and exhalation. This breathing pattern increases oxygen intake and influences the nervous system, promoting relaxation and emotional release. Sessions typically last between 60 to 90 minutes and are conducted in a safe, supportive environment under the guidance of a trained facilitator.

Step-by-Step Breakdown

1. **Preparation:** The participant is briefed on the technique and encouraged to set an intention for the session.
2. **Breathing Practice:** The participant lies down or sits comfortably and begins the conscious connected breathing pattern.
3. **Emotional Processing:** As breathing continues, suppressed emotions may surface as physical sensations, memories, or thoughts.
4. **Facilitation:** The practitioner provides verbal support and guidance to

help the participant navigate emotional releases.

5. **Integration:** The session concludes with grounding techniques and reflection to integrate the experience.

Benefits of the Rebirthing Process

The rebirthing process offers numerous benefits across physical, emotional, and psychological domains. It is a non-invasive therapy that supports holistic well-being by addressing root causes of stress and trauma rather than just symptoms. Below are some of the primary benefits associated with this breathing practice.

Physical and Mental Health Advantages

- **Stress Reduction:** Promotes deep relaxation and reduces cortisol levels.
- **Emotional Healing:** Facilitates release of repressed emotions and trauma.
- **Improved Respiratory Function:** Enhances lung capacity and oxygen efficiency.
- **Increased Energy Levels:** Boosts vitality through improved oxygenation.
- **Enhanced Mental Clarity:** Supports focus and reduces anxiety.

Potential Risks and Precautions

While the rebirthing process is generally safe for most individuals, certain risks and contraindications should be considered. Because the practice can evoke intense emotional and physiological responses, it is important to consult with a healthcare professional before beginning, especially for those with pre-existing medical conditions.

Who Should Exercise Caution

Individuals with the following conditions should approach the rebirthing process carefully or avoid it altogether:

- Cardiovascular issues such as heart disease or hypertension
- Respiratory disorders like asthma or chronic obstructive pulmonary disease (COPD)
- Pregnancy
- Severe psychiatric conditions including psychosis or bipolar disorder

- Epilepsy or seizure disorders

Rebirthing Compared to Other Breathwork Techniques

The rebirthing process is one of many breathwork modalities available today. While it shares similarities with other techniques, such as holotropic breathwork or pranayama, it maintains distinct characteristics that define its unique approach to healing.

Distinctive Features of Rebirthing

- **Continuous Connected Breathing:** Unlike techniques that incorporate breath retention or varied pacing, rebirthing emphasizes uninterrupted circular breathing.
- **Emphasis on Emotional Release:** Focuses heavily on uncovering and processing deep emotional wounds.
- **Therapeutic Facilitation:** Sessions are typically guided by trained practitioners who provide emotional support and integration assistance.
- **Spiritual and Psychological Integration:** Combines physical breathwork with mental and spiritual healing components.

What to Expect During a Rebirthing Session

Participation in a rebirthing session involves more than just the breathing technique; it includes preparation, active engagement, and aftercare. Understanding the process can help individuals feel more comfortable and ready to experience the full benefits.

Session Environment and Structure

Rebirthing sessions are conducted in a quiet, comfortable space designed to promote relaxation. Participants typically lie down on a mat or couch, and the facilitator provides verbal instructions and emotional support throughout. The session may evoke a wide range of sensations and emotions, including tingling, emotional catharsis, or a sense of peace.

Post-Session Integration

After the breathing exercise, participants are encouraged to rest and reflect on their experience. Many facilitators recommend journaling or discussing insights gained during the session. Proper integration is crucial to maximize the therapeutic effects and apply new awareness in daily life.

Frequently Asked Questions

What is the rebirthing process?

The rebirthing process is a therapeutic technique that involves guided breathing exercises designed to help individuals release emotional blockages and trauma, promoting physical and psychological healing.

How does the rebirthing breathing technique work?

Rebirthing breathing involves continuous, connected breathwork without pauses between inhalation and exhalation, which helps increase oxygen flow, release suppressed emotions, and achieve a relaxed, meditative state.

What are the benefits of the rebirthing process?

Benefits include reduced stress and anxiety, emotional healing from past trauma, improved mental clarity, enhanced energy levels, and a greater sense of inner peace.

Is the rebirthing process safe for everyone?

While generally safe, the rebirthing process may not be suitable for individuals with certain medical conditions like severe respiratory or cardiovascular issues. It is advisable to consult a healthcare professional before starting.

How long does a typical rebirthing session last?

A typical rebirthing session lasts between 60 to 90 minutes, during which the practitioner guides the client through continuous breathing exercises and emotional processing.

Can rebirthing therapy help with trauma recovery?

Yes, rebirthing therapy is often used to help individuals access and release deeply held emotional trauma, facilitating psychological healing and personal growth.

Who can perform the rebirthing process?

Rebirthing is usually facilitated by trained and certified practitioners who specialize in breathwork and holistic healing techniques.

Are there any side effects of the rebirthing process?

Some people may experience temporary dizziness, emotional release, or fatigue during or after sessions, which are generally considered normal reactions as the body processes stored emotions.

How can I prepare for a rebirthing session?

To prepare, wear comfortable clothing, stay hydrated, avoid heavy meals beforehand, and approach the session with an open mind and willingness to

explore your emotions.

Additional Resources

1. Rebirthing Breathwork: A Journey to Self-Healing

This book explores the therapeutic technique of rebirthing breathwork, offering readers practical guidance on how to use conscious breathing to release emotional blockages. It delves into the process of connecting with one's inner child and transforming past traumas. The author shares personal stories and case studies to illustrate the healing potential of this practice.

2. The Rebirthing Process: Emotional and Spiritual Renewal

Focused on the emotional and spiritual dimensions of rebirthing, this book provides insights into how individuals can experience profound renewal. It covers various methods including guided meditation, breathwork, and energy healing to facilitate rebirth on multiple levels. Readers are encouraged to embark on a journey of self-discovery and inner transformation.

3. Awakening Through Rebirth: A Path to Inner Freedom

This title offers a comprehensive overview of the rebirthing process as a path to liberation from limiting beliefs and emotional pain. The author explains how embracing rebirth experiences can lead to greater self-awareness and emotional resilience. Practical exercises and reflective prompts help readers integrate the lessons of rebirth into daily life.

4. From Darkness to Light: The Rebirthing Journey

Chronicling the journey from emotional distress to healing, this book highlights the transformative power of rebirthing techniques. It combines narrative accounts with therapeutic strategies to guide readers through their own process of renewal. The book emphasizes hope and the possibility of new beginnings even after deep struggles.

5. Rebirthing the Soul: Healing Past Life Wounds

This book delves into the concept of rebirth as a means to heal not only current life issues but also unresolved past life traumas. It introduces readers to past-life regression and spiritual rebirthing practices aimed at freeing the soul from karmic burdens. Thought-provoking exercises assist readers in uncovering hidden patterns and fostering soul-level healing.

6. Breath of New Life: Techniques for Rebirthing and Renewal

Offering a practical manual on breath-centered rebirthing, this book teaches various breathing techniques designed to promote emotional release and physical rejuvenation. The author combines scientific explanations with spiritual perspectives to deepen understanding. Step-by-step instructions make it accessible for beginners and experienced practitioners alike.

7. The Art of Rebirthing: Transforming Trauma into Triumph

This inspiring book showcases how the rebirthing process can transform traumatic experiences into sources of strength and growth. Through real-life testimonials and clinical insights, it highlights the resilience of the human spirit. Readers are encouraged to embrace vulnerability and courage as they navigate their path to healing.

8. Rebirth and Renewal: A Guide to Emotional Liberation

This guidebook offers strategies to release emotional pain and cultivate a renewed sense of self through rebirthing practices. It combines mindfulness, breathwork, and visualization techniques to facilitate deep emotional

cleansing. The book is designed to support readers at various stages of their healing journey.

9. *Journey to the New Self: Embracing the Rebirthing Process*

Focusing on personal transformation, this book invites readers to embrace rebirthing as a catalyst for creating a new identity free from past limitations. It explores psychological theories alongside spiritual teachings to provide a holistic approach. Readers are guided through exercises that foster self-love, acceptance, and empowerment.

Orr is known as the founder of Rebirthing Breathwork and Spiritual Psychology. His money seminar has been taught to millions and inspired thousands of people to become self employed. He offers trainings all over the world and teaches the cure for career burnout. He also is a consultant on healing the death urge, as well as a business and personal consultant. He has over 30 books in print, some of which are in over 10 languages. He is a senility graduate and has several friends who are too. He has studied with immortal yogis and learned spiritual purification from Babaji. Much of his inspirational information is in this bo...

rebirthing process: *The Revelation of the Breath* Sharon G. Mijares, 2015-05-11 Faced with unrelenting stresses from daily news, relationships, health, and financial conditions, and unsatisfied with the temporary and side-effect-riddled relief that pharmaceuticals provide, millions are finding measures of peace and positive energy through mindful breathing practices. In this book, Stanislav Grof, Neil Douglas-Klotz, Sharon G. Mijares, Sonia Gilbert, Sheldon Kramer, Ilse Middendorf, Michael Sky, Puran Bair, and other well-known experts and international workshop leaders take up a wide range of Western, Eastern, and Middle Eastern breathing practices, describing the historical development of these techniques and philosophies, and providing examples of modern practices, stories of healing, and specific exercises for application.

rebirthing process: A Simple Solution Ashton Kovacs, 2010-01-14

rebirthing process: The SAGE Encyclopedia of Theory in Counseling and Psychotherapy Edward S. Neukrug, 2015-02-12 The SAGE Encyclopedia of Theory in Counseling and Psychotherapy is a two-volume source that traces theory and examines the beginnings of counseling and psychotherapy all the way to current trends and movements. This reference work draws together a team of international scholars that examine the global landscape of all the key counseling and psychotherapy theories and the theorists behind them while presenting them in context needed to understand their strengths and weaknesses. This is a quick, one-stop source that gives the reader the “who, what, where, how, and why” of contemporary counseling and psychotherapy theory. From historical context in which the theories were developed to the theoretical underpinnings which drive the theories, this reference encyclopedia has detailed and relevant information for all individuals interested in this subject matter. Features & Benefits: Approximately 335 signed entries fill two volumes available in a choice of print or electronic formats. Back matter includes a Chronology of theory within the field of counseling to help students put individual theories within a broader context. A Master Bibliography and a Resource Guide to key books, journals, and organizations guide students to further resources beyond the encyclopedia. The Reader’s Guide, a detailed Index and the Cross References combine for effective search-and-browse in the e-version and helps students take the next steps in their research journeys. This reference encyclopedia serves as an excellent source for any individual interested in the roots of contemporary counseling and psychotherapy theory. It is ideal for the public and professionals, as well as for students in counselor education programs especially those individuals who are pursuing a Masters level degree.

rebirthing process: How to Be a Miracle Maker Keith Varnum, 2013-02 This ground-breaking book reveals the extraordinary creative powers within you that can heal your body, expand your love, and attract phenomenal abundance into every area of your life. Talented storyteller Keith Varnum shares a practical manual that shows you how to be an everyday Miracle Maker! Fresh and captivating, chock-full of riveting escapades, this inspirational book chronicles how the author develops his inner guidance to lead him to unexpected power and wisdom. And you discover how you can do the same to conquer your greatest fears, soar above the ordinary, and reach all your heart's desires. The book's 48 true personal stories illustrate how miracles flow when you listen to your inner counsel. At 19 after Varnum cured himself of blindness, this extraordinary visionary began teaching others how to heal themselves and fulfill their deepest passions. Drawing from his broad exploration as a healer, acupuncturist, urban shaman, filmmaker, personal coach, vision quest guide, corporate VP, and international seminar leader, Varnum describes in down-to-earth terms how following intuition can uncover hidden secrets of previously unimaginable human ability. The author demonstrates the real-life use of the seemingly implausible potentials of quantum physics--such possibilities as alternate realities, time travel, near-death experience, out-of-body journeys and levitation. These mind-boggling true stories will expand the way you think about yourself and your ability to transform your world. Neale Donald Walsch, author of the best-selling *Conversations with God*, calls this book so captivating that it can shift any reader beyond time and space. Relish the stories that convey the lessons that can be learned from nature--plants, animals, rocks, water--and from nonphysical beings. Get the thrill of peeking into other dimensions! And the author's lively sense of humor renders the tales even more enjoyable. *How to Be a Miracle Maker* is for anybody who wants more love, yearns for a fulfilling job, or seeks a purpose beyond the mundane. It can unlock a reservoir of motivation to uncap a free flow of miracles into your life. If you want a greater awareness of your unlimited potential, if you want to wake up to the extraordinary truth of who you are, if you want to read entrancing, entertaining real-life stories--then this book is just what your heart ordered.

rebirthing process: The New Age Primer Virgil Armstrong, Lynn Buess, Glenn Phillips, Dorothy Roeder, Robert Shapiro, Ruth Ryden, Pete Sanders, Jr., Eileen Nauman, 1997-06-01 Welcome to the New Age. It is here. Now. Everywhere. From the way medicine treats the body, mind, and spirit to quantum physics and the films you see, you are noticing a changing reality. Whether you are a newcomer to this age or an adept, you will find this overview fascinating, informative, and

empowering. It is a textbook designed to clarify concepts once considered alien to Western thinking. As a guidebook to expand your reality, it can change your ideas about time, space, matter, and even who you are.

rebirthing process: I Dare to Heal Joel Vorensky, 2001 A peer counselor explains the secrets of healing the soul and the spirit.

rebirthing process: Awakening the Fire Within Lyse Lebeau, Duart Maclean, 2005-03-24 This book integrates psychological, spiritual and pragmatic approaches to the mastery of life. It focuses on relationship, leadership and self-esteem. We know that what motivates our thoughts, feelings, words and actions is less than 10% at the level of the conscious mind. The driving forces in our lives do not exist at the surface of our minds, where we make our every day, 'conscious' decisions. What truly moves us lies buried deep within and we must become familiar with that shadowy underworld from where our real choices and actions are being motivated. In order to get into our personal 'underworld', where the real work must be done, we must go far beyond intellectualism, positive thinking, and 're-programming'. We have found that the practices of yoga, ranging from breathwork and postures to meditation and self-enquiry, are the most effective means of diving deep within the unconscious. As we follow the paths of yoga to the depths of the ocean of our own existence, we inevitably encounter the many shadowy forms of the unconscious lurking below the surface. It is by encountering, embracing and then releasing these submerged thought-forms and undigested feelings and sensations, that we will ultimately attain our 'pearl of great price', Self-realization. This book emphasizes the use of the breath as a potent means for exploring and clearing the unconscious. When integrated with an ability to recognize and understand how our negative, self-defeating 'patterns' operate, progress can be remarkably rapid and enduring. Finally, particular attention is given to the use of 'action' as a means to self-knowledge, self-healing and self-transformation. It is in the heat of action that we actually discover how we are put together and identify where we are weak and where we are strong. Breaking through our resignation and stepping out onto the playing field of life is accomplished in the field of action, where leadership resides.

rebirthing process: Thrival from Ordinary to Extraordinary Mark Mandela, 2011-04-23 Do you dream of leaving your 9-to-5 job and never returning? Do you desire to travel the country and make new friends? Is freedom of time, mobility, and money important to you? If you answered yes to any of those questions, Thrival from Ordinary to Extraordinary is a must-read. Using personal experience, Mandela elucidates how to achieve those dreams and desires. You will learn to: - Realize your possibilities. - Build a team. - Develop lasting relationships. - Identify key people to develop into leaders. - Inspire others. - Become extraordinary. If surviving is your goal, this book is not for you. If you desire to reach the next level, to go from being ordinary to extraordinary, this book is teeming with clues that enable you to reach the next level and beyond. Your potential is greater than surviving; it is time to thrive. Learn step-by-step how to go from ordinary to extraordinary; it is your time to excel!

rebirthing process: Something in This Book Is True, Second Edition Bob Frissell, 2011-10-25 A training manual for navigating a future full of danger and hope, this book considers earth changes, pole shifts, Hopi prophecies, the secret government, and much more. Written in Bob Frissell's warm, personal style with updated commentary, Something in This Book Is True is both an account of Frissell's journey to inner discovery and empowerment and a most unusual reader's guide. Delving into topics as eclectic as polarity consciousness, emotional body clearing, and higher selves, Frissell affirms that humanity is composed of spiritual beings having human experiences—not vice versa. This new edition incorporates photos and illustrations into Frissell's engaging text.

rebirthing process: The Constitution of Shambhala Bodo Balsys, 2017-11-08 The Constitution of Shambhala The theme of the first of the two parts of this volume concerns the feminine deva hierarchy, their relation to Hierarchy and Shambhala. Many concepts are introduced that most seekers have little cognisance (e.g., the nature of the deva Lord Varuna). The Mother of the World's role is revealed, and the feminine function in cosmos, (e.g., the Pleiades). Advanced teaching concerning the Lord of the World (Sanat Kumāra), and the higher Initiations are provided. The

second part is a long esoteric poem detailing many inner plane revelations concerning the type of vision obtained when accessing Shambhala, plus Initiation teachings for disciples.

rebirthing process: Planetary Sociology Harry F. Dahms, 2023-05-05 Including contributions from senior scholars in the field who do not rely on the paradigm of planetary Sociology, this volume of Current Perspectives in Social Theory illustrates the importance of scrutinizing links between individual identity and social structure, without employing the paradigm of planetary sociology.

rebirthing process: The Otherworld in Myth, Folklore, Cinema, and Brain Science Jim Kline, 2019-04-09 This volume explores a dimension of reality usually scoffed at by rational-thinking individuals living in modern industrialized societies, but still experienced by these same individuals when they are in a stage of sleep known as rapid eye movement (REM) sleep; this is the stage in which vivid and bizarre dreams are a person's living reality. While in this stage, we believe what we experience is real, but then deny its reality upon awakening as we go about our daily routines. Yet, in many cases, a dream with vivid imagery and bizarre goings on is communicating with the dreamer in an archaic language directly associated with an "Otherworld" reality. This reality exists within us and expresses concepts and ideas about our realm of existence that pertain to our waking lives, as well as to an alternate, archaic life with its own language and ideas transcending physical reality. By studying various myths and folk tales, along with cinematic portrayals of otherworldly experiences, commentary from modern individuals, and reports from traditional shamans who are experts at traversing the Otherworld reality, this text discerns the features and characteristics of this supernatural realm. Contemporary research into the Otherworld marks this realm as corresponding to the unconscious substratum of the human psyche, what C.G. Jung referred to as the collective unconscious. Certain scientists have found evidence of its connection with various aspects of brain functioning, suggesting that the brain in many ways encourages a belief in the Otherworld. However, it would be a mistake to call the Otherworld a figment of the human imagination, since this realm seems to have a type of physical existence. The book considers the Otherworld to exist and provides reasons why rational-thinking individuals are hesitant to accept its existence even when their brains are telling them: the Otherworld is real, and you have just experienced it.

rebirthing process: Tending Inner Gardens Lesley I Shore, 2014-01-21 Tending Inner Gardens: The Healing Art of Feminist Psychotherapy transforms the theory and practice of psychotherapy, one that values both the feminine and masculine perspectives. Set within a naturalistic framework, this model utilizes nature's growing and healing processes. It proposes nature's seasonal cycles as a model for the psychotherapy process, and author Lesley Irene Shore introduces nature's seasonal cycle as a model for successful psychotherapy and demonstrates how to tune techniques to the rhythms of each season. Dr. Shore speaks with the voice of an experienced psychotherapist, sharing her struggles with therapeutic dilemmas and addressing issues common to every practitioner. She refuses to present simple solutions to the difficult process of helping people grow, yet offers new ways of thinking about this work. Readers will find this a healing book--for themselves as well as for their clients. The book covers relationship issues as well as the use of language, hypnosis, dreams, and creativity. Specific areas readers learn about include: language--teaches therapists to differentiate between questions that address conscious regions of the mind and ones which communicate with less conscious processes. metaphor--describes ways of working with metaphors to access less conscious processes trauma--explores the effects of psychological trauma and offers tools for healing its wounds psychotherapy process--uses nature's seasonal cycle to chart the process of psychotherapy Tending Inner Gardens transcends the artificial dichotomies currently characterizing much psychological thought. Psychotherapists will be interested in the natural model of psychotherapy which integrates a wide range of ideas and theories, especially the sections on the psychotherapy relationship, dreams, creativity, working with metaphors, language, and the process of psychotherapy. Interesting case studies illuminate this material. Students can benefit from seeing how the tools of psychotherapy are integrated with the art. Laypeople will enjoy reading about Dr. Shore's personal evolution as a therapist, her life on Harmony Farm, and her cases, which are discussed in detail. While this book is primarily geared

toward a professional audience, it attracts a wide range of readers. It should be read by experienced psychotherapists, faculty members, and practitioners, as well as those in training. This would generally include psychiatrists, psychologists, social workers, counselors, psychiatric nurses, and related professions. And while the book presents a primarily verbal, psychodynamic approach toward healing, its theoretical conceptualization will appeal to professionals in healing traditions such as art therapy, massage therapy, and expressive therapy.

rebirthing process: Clear Your Way To Freedom Rachael Bleau Msc.D, 2014-01-27 The powerful information Clear Your Way to Freedom emanates has created a clearing movement. For many of you, the search for your healing and personal freedom has been long. You have read books, studied theories, attended workshops, sought counsel, and prayed for an answer. Looking for an end to what seems to be a never-ending, unexplainable energy has plagued those searching for their healing, leaving them with a feeling of hopelessness. They wonder when their answer will come, when they will feel that divine energy of love and freedom. Clear your Way to Freedom will open you to your own clearing journey. Many modalities have come forth from the holistic and spiritual world to clear the energy from past life patterns, none of which are entirely new. Holistic and spiritual healing has existed throughout many ages, as has clearing. What is energy clearing? It is removing and disconnecting energy from its root source, clearing the energy that no longer serves the person's higher purpose and that interrupts his or her well-being. Understanding where dysfunctional energy comes from, how it seeds, threads and how it affects our lives helps us with the process healing and letting go. Many people spend years on their inner work searching for their healing, be it physical, mental or spiritual, looking for that place of peace. I have found this one additional step of clearing can be a key to finally feeling whole. The chapters in Clear Your Way To Freedom will bring you through my own clearing / healing process and stories of others I have cleared hopefully inspiring you to keep moving forward to claim your whole healing. Read, relate, release

rebirthing process: No Longer Naked and Ashamed Jean Sheldon, 2009-05-29 This book describes the problem of sin and salvation in terms that relate to real life. Using the metaphor of abuse and recovery from abuse, the book outlines what sin as abuse is and the steps to recovery from it so as to make it clear that God is not an Abuser. Once we learn this truth--that God is entirely trustworthy, loving, and freedom-giving, we can be transformed and live in healthy relationships with others.

rebirthing process: Across Black Spaces George Yancy, 2020-01-31 Across Black Spaces gathers and builds on a diverse array of essays and interviews by American philosopher and leading public intellectual George Yancy. Within this multidisciplinary framework are works from The New York Times, The Guardian, and other major media outlets which have drawn international acclaim for their spotlight on vicious racial tensions in American academia and society at large. With this collection of revised and updated works, Yancy engages a vast scope of social, political, historical, linguistic, and philosophical themes that together illustrate what it means to be Black in America. Four sections of the book engage, first, moral outrage at contemporary ethical crises; second, the search for identity and value of vulnerability; third, the history and present values of Black and Africana philosophy; and fourth, the essential role of African American language in understanding Black lived experience. Representing twenty years of persistent inquiry and advocacy, Across Black Spaces celebrates Yancy's undeniable importance in American intellectual progress and essential social change.

rebirthing process: Rebirth of the Neteru Jahn Hooks, 2017-11-22 I praise Neteru, in, around and as myself. I love Neteru in, around and as myself. I am grateful for Neteru, in, around and as myself. I am the Neteru. All of my relations are Neteru. The universe is the Neteru. All occurrences and conditions are Neteru. Praise love and gratitude are offered to every point in space and every moment in time as Neteru.

rebirthing process: Just Show Up David Stanley Gregory, 2014-03-10 Recognizing adversity can be the key to finding a way to live life in the magic of the present moment. Sometimes the ego

sabotages our past and future thinking, and we must turn to the still small voice within to keep us in the present. We must strive to find the good in our lives, no matter where we are or what we have experienced in the past. In *Just Show Up*, author David Gregory provides a guide for staying in the present and focusing on the positive in your life. Through his authenticity and transparency, you can come to understand that you are not alone and that there is a reason for all of your challenging life experiences. You can also learn the art of painting your own canvas by tapping into the oneness that will always be with the higher power of your understanding. We all have our moments of learning, healing, and moving on. In the face of the dysfunction of his family of birth, Gregory offers a message of hope and truth, sharing how he changed his thoughts to change his life. Through years of showing up to his own life and dealing with the adversity of emotional rags, he found a way to access the enlightenment of spiritual riches. You too can move on to the best of the best and join in with the gifts of living in the now.
