Lowe, 2013-12-16 Volume 1 of Stalking the Antichrists and Their False Nuclear Prophets, Nuclear Gladiators, and Spirit Warriors, 1940-1965 is essentially an enhanced memoir. It is based for the most part on my personal observations and knowledge and specialized information from my academic studies of history, political science, and literature at Grove City College and the University of Chicago, as well as my professional insights into the heart of the U. S. Navy (1953-1957, 1960-1961[OP- 09D]) as an Air Intelligence Officer in Hawaii and Japan and the Pentagon; political-military/counsellor assignments in the State Department as a Foreign Service Officer(FSO-6) at the American embassy in Paris (1962-64); and a speechwriter in the Navy Department (1965). In volume 2, the textual narrative begins with the end of my specific actions/ activities in the Navy and Foreign Service in July 1965, which I have called How I Lived in History, 1950-1965. In retrospect my entire Navy career from my commissioning as Ensign USNR, 1355 AIO, in early September 1953 at Naval Station, Newport, Rhode Island, to my first honorable discharge at Treasure Island on August 27, 1957 was in preparation to an understanding of World War II and the Cold War.

strands answers 22 july: *Catholicity and the Covenant of Works* Harrison Perkins, 2020-08-01 James Ussher (1581-1656), one of the most important religious scholars and Protestant leaders of the seventeenth century, helped shape the Church of Ireland and solidify its national identity. In *Catholicity and the Covenant of Works*, Harrison Perkins addresses the development of Christian doctrine in the Reformed tradition, paying particular attention to the ways in which Ussher adopted various ideas from the broad Christian tradition to shape his doctrine of the covenant of works, which he utilized to explain how God related to humanity both before and after the fall into sin. Perkins highlights the ecumenical premises that underscored Reformed doctrine and the major role that Ussher played in codifying this doctrine, while also shedding light on the differing perspectives of the established churches of Ireland and England. *Catholicity and the Covenant of Works* considers

how Ussher developed the doctrine of a covenant between God and Adam that was based on law, and illustrates how he related the covenant of works to the doctrines of predestination, Christology, and salvation.

strands answers 22 july: The Strategic Defence and Security Review and the National Security Strategy Great Britain: Parliament: House of Commons: Defence Committee, 2011-08-03

This report notes mounting concern that UK Armed Forces may be falling below the minimum utility required to deliver the commitments that they are currently being tasked to carry out let alone the tasks they are likely to face between 2015 to 2020 when it is acknowledged that there will be capability gaps. The Committee is concerned that UK Armed Forces will be continually operating at the maximum level envisaged by the Defence Planning Assumptions. The Committee is not convinced that this aspiration can be achieved by co-operation with our allies given the challenges of aligning political with operational needs. The SDSR identified seven military tasks and the Defence Planning Assumptions that underpin them. However the Review fails to show how decisions such as those on the Aircraft Carriers and Nimrod MRA4 will lead to the Armed Forces being able to undertake those military tasks. The Committee has serious concerns over the realisation of what is called Future Force 2020, the Government's intended shape of the Armed Forces from 2020, particularly as the provision of the necessary resources is only a Government aspiration, not Government policy. The MoD must reform, and ensure substantially improved transparency and control over, its finance and budgetary practices. When committing to undertake new operations the Government should state from the outset where that operation fits in the Defence Planning Assumptions and which of the military tasks it is meeting. The Committee is concerned that the Government seems to have postponed the sensible aspiration of bringing commitments and resources into line, in that it has taken on the new commitment of Libya while reducing the resources available to MoD.
