sofia coppola archive buy uk: Popular Music and the New Auteur Arved Ashby, 2013-10-30 MTV utterly changed the movies. Since music television arrived some 30 years ago, music videos have introduced filmmakers to a new creative vocabulary: speeds of events changed, and performance and mood came to dominate over traditional narrative storytelling. *Popular Music and the New Auteur* charts the impact of music videos on seven visionary directors: Martin Scorsese, Sofia Coppola, David Lynch, Wong Kar-Wai, the Coen brothers, Quentin Tarantino, and Wes Anderson. These filmmakers demonstrate a fresh kind of cinematic musicality by writing against pop songs rather than against script, and allowing popular music a determining role in narrative, imagery, and style. Featuring important new theoretical work by some of the most provocative writers in the area today, *Popular Music and the New Auteur* will be required reading for all who study film music and sound. It will be particularly relevant for readers in popular music studies, and its intervention in the ongoing debate on auteurism will make it necessary reading in film studies.

sofia coppola archive buy uk: Sofia Coppola Fiona Handyside, 2017-01-29 She has received numerous accolades including an Academy Award and two Golden Globes, and in 2004 became the first ever American woman to be nominated for a Best Director Oscar. From *The Virgin Suicides* to *The Bling Ring*, her work carves out new spaces for the expression of female subjectivity that embraces rather than rejects femininity. Fiona Handyside here considers the careful counter-balance of vulnerability with the possibilities and pleasures of being female in Coppola's

films - albeit for the white and the privileged - through their recurrent themes of girlhood, fame, power, sex and celebrity. Chapters reveal a post-feminist aesthetic that offers sustained, intimate engagements with female characters. These characters inhabit luminous worlds of girlish adornments, light and sparkle and yet find homes in unexpected places from hotels to swimming pools, palaces to strip clubs: resisting stereotypes and the ordinary. In this original study, Handyside brings critical attention to a rare female auteur and in so doing contributes to important analyses of post-feminism, authorship in film, and the growing field of girlhood studies.

sofia coppola archive buy uk: Democratizing Luxury Annika A. Culver, 2023-12-31

Democratizing Luxury explores the interplay between advertising and consumption in modern Japan by investigating how Japanese companies at key historical moments assigned value, or luxury, to mass-produced products as an important business model. Japanese name-brand luxury evolved alongside a consumer society emerging in the late nineteenth century, with iconic companies whose names became associated with quality and style. At the same time, Western ideas of modernity merged with earlier artisanal ideals to create Japanese connotations of luxury for readily accessible products. Businesses manufactured items at all price points to increase consumer attainability, while starkly curtailing production for limited editions to augment desirability. Between the late nineteenth and twenty-first centuries, control over family disposable income transformed Japanese middle-class women into an important market. Growth of purchasing power among women corresponded with Japanese goods diffusing throughout the empire, and globally after the Asia-Pacific war (1931-1945). This book offers case studies that examine affordable luxury consumer items often advertised to women, including drinks, beauty products, fashion, and timepieces. Japanese companies have capitalized on affordable luxury since a flourishing domestic mercantile economy began in the Tokugawa period (1603-1868), showcasing brand-name shops, renowned artisans, and mass-produced woodblock prints by famous artists. In the late nineteenth century, personalized service expanded within department stores like Mitsukoshi, Shiseidō cosmetic counters, and designer boutiques. Shiseidō now globally markets invented traditions of omotenashi, Japanese "values" of hospitality expressed in purchasing and consuming its products. In postwar times, when a thriving democracy and middle-class were tied to greater disposable income and consumerism, companies rebuilt a growing consumer base among cautious shoppers: democratizing luxury at reasonable prices and maintaining business patterns of accessibility, high quality, and exemplary service. Nationalism amid economic success soon blended with myths of unique Japanese identity in a mass consumer society, suffused by commodity fetishism with widely available brand names. As the first comprehensive history of iconic Japanese name brands and their unique connotations of luxury and accessibility in modern Japan and elsewhere, *Democratizing Luxury* explores company histories and reveals strategies that lead customers to consume these alluring commodities.

sofia coppola archive buy uk: The Queer Biopic in the AIDS Era Laura Stamm, 2021-12-31

The Queer Biopic in the AIDS Era offers a new account of the AIDS crisis and the emergence of New Queer Cinema. Author Laura Stamm asks why queer filmmakers repeatedly produced biographical films of queer individuals living and dead throughout the years surrounding the AIDS crisis. Queer filmmakers' engagement with the biopic evokes the genre's history of building life through the portrayal of lives worthy of admiration and emulation but it also points to another biopic history; that of representing lives damaged. By portraying lives damaged by inconceivable loss, queer filmmakers challenge the illusion of a coherent self presumably reinforced by the biopic genre and in doing so, their films open the potential for new means of connection and relationality. *The Queer Biopic in the Aids Era* features fresh readings of the cinema of Derek Jarman, John Greyson, Todd Haynes, Barbara Hammer, and Tom Kalin. By calling for a reappraisal of the queer biopic, this book also calls for a reappraisal of New Queer-Cinema's legacy and its influence of contemporary queer film. As a whole, this book pays particular attention to the biopic's queer resonances, opening up its historical connections to projects of education, public health, and social hygiene, along with the

production of a shared history and national identity.

sofia coppola archive buy uk: Fashion, Identity, Image Paul Jobling, Philippa Nesbitt, Angelene Wong, 2022-04-07 How has the fashion industry responded to turn-of-the-millennium non-binary identities? Do they have a supportive or exploitative relationship with queer, trans and ageing subjects? Fashion, Identity, Image unpacks these questions and many more in relation to clothing and representation, identity and body politics in British, European and American culture between 1990 and 2020. Jobling, Nesbitt and Wong explore issues of intersectionality and inclusivity through groundbreaking shows, including Maria Grazia Chiuri's 'We Should All Be Feminists' catwalk show for Dior (Spring-Summer 2017), Alexander McQueen's 'The Widows of Culloden' collection (Fall-Winter 2006), and the role of transgender models such as Oslo Grace since 2015. Looking to the future of our relationship with fashion, there's also an investigation of the android as a redemptive figure in Alessandro Michele's cross-cultural cyborg collection for Gucci (Autumn-Winter 2018/2019) and the impact of the ageing population with analysis of age and memory in work such as Magali Nougarede's Crossing the Line (2002), and pleasure and morality in fashion publicity since the 1990s for the likes of Calvin Klein, D&G and American Apparel.

sofia coppola archive buy uk: Truth Sean Cubitt, 2023-09-19 Ecologies of truth in a post-truth era. The problem with Neo-Nazis is not that they don't trust the media but that they trust them too much. White supremacists are absolutely convinced by their supremacy. They distrust technologies and climate change as much as the global poor because, as white Europeans, they believe they are exempt from exploitation. This book argues that the only truths possible in the 21st century are mobile, inventive practices involving everything European models of communication exclude: technologies, nature, and leftover humanity. Tracing histories of their separation, Truth analyzes the struggle between the new dominance of information systems and the sensory worlds it excludes, not least the ancestral wisdom that the West has imprisoned in its technologies. The emergent cybernetics of the 1940s has become the dominant ideology of the 21st century. Truth opposes its division of the world between subjects and objects, signals and noise, emphasizing that there can be no return to some primal Eden of unfettered exchange. Instead, these divisions, which have fundamentally reorganized the commodity form that they inherited, are the historical conditions we must confront. Drawing on a wide range of aesthetic practices, from literature, film, art, music, workplace media, scientific instruments, and animal displays, Truth seeks out ways to create a new commons and a new politics grounded in aesthetic properties of creativity, senses and perception that can no longer be restricted to humans alone.

sofia coppola archive buy uk: Lady Bird Rob Stone, 2022-11-17 Examining the ideas, philosophies and strategies that inform and enable a young woman's self-determination for a new century, this is a detailed, insightful study of Greta Gerwig's much-loved, influential and critically acclaimed film. Drawing on Transcendentalism, French feminist thought, Californian art and the work of iconic American essayist Joan Didion, Rob Stone approaches Lady Bird as a film about young women's self-determination in relation to other women and waves of feminist history. Structured to emulate the evolving conscience and emerging consciousness of the film's eponymous protagonist, this new volume in the Cinema and Youth Cultures series provides an incisive portrait of a particular American youth subculture struggling to assert its identity between the shock of 9/11 in 2001 and the global financial crisis of 2008. It also sensitively examines tensions between Gerwig and Lady

Bird, and between Lady Bird being set in 2002 and made in 2017. Written by an expert on American independent cinema and the dynamics of World Cinema, this volume explores strategies of self-determination that ignite in the friction between mothers and daughters and culminate in considerations of how the film's form and aesthetics lead to reflections on its philosophy and politics. Situating Lady Bird in the genre of youth movies and feminist film practice and culture, this book is ideal for students and researchers looking at wider dialogues and discourses about feminism, philosophy, gender, genre and American independent filmmaking.

De Cocteau a Kubrick y a los autores más actuales: cómo adoptan los gigantes de la dirección cinematográfica un estilo que les ha hecho únicos en el panorama del cine mundial y qué principios básicos siguen en la elección de sus temas y, lo más importante, por qué su cine nos interesa tanto. 50 directores excepcionales, entre ellos: Ingmar Bergman, Jane Campion, David Lynch, Ava DuVernay, Mia Hansen-Løve, Barry Jenkins, Agnès Varda, Jean-Luc Godard, Kathryn Bigelow y Guillermo del Toro. Este libro es una loa a profesionales llenos de talento del último siglo y el breve tramo del presente. Todos ellos son contadores de historias, responsables de su montaje y creadores de imágenes, si bien su estilo, sus recursos y su método son siempre únicos y personales; la tan heterogénea naturaleza del cine como medio de expresión significa que muy rara vez dos directores coincidan en sus objetivos. ¿Qué hace que cada una de estas personas sea un director o una directora excepcionales?
