(WARNING: This book may be too graphic and shocking for some readers.) He was the all-American boy murdering all-American girls. Bundy, a chilling enigma, was one of the most dangerous sex predator-deviants and serial-sex killers in the American history of crime. Dr. Dawson brings a clinical psychologist's perspective to the Ted Bundy interviews which he completed in 1988 and are now available for the first time after 25 years. Dr. Dawson conducted a series of interviews with Ted Bundy, poster boy for serial-sex killers, in 1988 while he was on Death Row in the Florida State Prison at Starke, Florida. Bundy, a psychopath without a conscience, was executed in January, 1989. Dr. Dawson provides a rare, exclusive, exciting and fascinating investigation and assessment inside the dangerous, paradoxical mind of this notorious serial-sex killer. Bundy's sordid mystique, the horror of his homicidal night-stalker, serial-sex killer rampage is explored in depth. Dr. Dawson, in these interviews, reveals Bundy's darkest secrets, elicits rape-murder confessions from Bundy and confronts the murderer of 30 to possibly over 100 young women and girls by probing his mind, examining and challenging Bundy's rationalizations. Bundy, a conundrum, finally answers questions about his mysterious crimes he's suppressed for many years. Some psychological theories are presented to shine valid, logical light on Bundy's repulsive, depraved, ghastly crimes of assault-abduction, torture-rape, mutilation, murder-necrophilia, dismemberment and cannibalism - at times he ate their flesh.
