

# the new jim crow review

**the new jim crow review** provides an insightful and thorough examination of Michelle Alexander's groundbreaking work that explores the systemic racial injustices embedded within the American criminal justice system. This article delves into the key themes, arguments, and critical reception of "The New Jim Crow," illuminating how the book exposes mass incarceration as a modern form of racial control reminiscent of historical Jim Crow laws. By analyzing the legal and social frameworks that perpetuate racial disparities, this review highlights the book's impact on civil rights discourse and criminal justice reform. Additionally, the article discusses the book's structure, use of evidence, and its role as a catalyst for activism and policy change. Readers will gain a comprehensive understanding of why "The New Jim Crow" remains a seminal text in understanding racial inequality in America today. The following sections provide a detailed breakdown of the book's content, themes, critical perspectives, and legacy.

- Overview of The New Jim Crow
- Core Themes and Arguments
- Legal and Social Analysis
- Critical Reception and Impact
- Legacy and Continuing Relevance

## Overview of The New Jim Crow

"The New Jim Crow: Mass Incarceration in the Age of Colorblindness" is a nonfiction book written by legal scholar Michelle Alexander, first published in 2010. The book presents a compelling argument that the U.S. criminal justice system functions as a racial caste system, systematically marginalizing African Americans and other minorities through policies such as the War on Drugs. Alexander traces the evolution of racial control from slavery to Jim Crow segregation and into the modern era of mass incarceration.

The New Jim Crow review recognizes the book's detailed historical context and its reliance on statistical data, legal cases, and personal narratives to build its case. Alexander argues that despite the formal end of legalized racial discrimination, new mechanisms have emerged to maintain racial hierarchy and social exclusion. The book challenges prevailing narratives about crime and punishment and calls for a reevaluation of policies that disproportionately affect minority communities.

## Core Themes and Arguments

The new jim crow review explores several key themes central to Alexander's thesis. The book identifies mass incarceration as the primary tool for racial control in the contemporary United States,

effectively creating a "racial underclass" through legal discrimination and social stigma.

## **Mass Incarceration as Racial Control**

One of the most significant arguments presented is that mass incarceration functions similarly to the Jim Crow laws by relegating millions of African Americans to a permanent second-class status. Once labeled as felons, individuals face legal discrimination in employment, housing, voting rights, and access to public services.

## **The War on Drugs and Racial Disparities**

Alexander highlights how the War on Drugs, initiated in the 1980s, disproportionately targeted black communities despite comparable drug usage rates among racial groups. This policy led to skyrocketing incarceration rates among African Americans, which the book argues was a deliberate strategy to maintain racial hierarchy under the guise of law enforcement.

## **Legalized Discrimination and Social Exclusion**

The book details how the criminal justice system's label of "criminal" enables widespread discrimination that is legally sanctioned. This includes barriers to employment, denial of public benefits, exclusion from jury service, and disenfranchisement, which cumulatively perpetuate racial inequality long after release from prison.

## **Legal and Social Analysis**

The new jim crow review assesses Alexander's in-depth legal analysis and sociological insights into systemic racism. The book meticulously documents how laws and policies have evolved to sustain racial caste through ostensibly race-neutral language and practices.

## **Constitutional and Legal Framework**

Alexander critiques the Supreme Court decisions and legislative actions that have facilitated mass incarceration. She explains how the courts have upheld discriminatory practices under the premise of criminal justice, sidestepping the civil rights protections that applied during the Jim Crow era.

## **Impact on Communities and Families**

The social ramifications of mass incarceration extend beyond the prison walls, affecting families and communities. The book discusses how disenfranchisement and economic marginalization destabilize communities of color and perpetuate cycles of poverty and crime.

## **Intersection with Economic Inequality**

The book also connects racial mass incarceration with broader economic inequalities, illustrating how criminal records limit economic mobility and exacerbate wealth gaps. Alexander's analysis reveals a systemic pattern where race and class intersect to deepen social stratification.

## **Critical Reception and Impact**

The new jim crow review examines the critical acclaim and scholarly debate generated by Alexander's work. Since its publication, "The New Jim Crow" has been hailed as a transformative contribution to understanding racial injustice and criminal justice reform.

## **Academic and Public Response**

Scholars have praised the book for its comprehensive research and persuasive arguments, often incorporating it into law, sociology, and African American studies curricula. At the same time, some critics argue that the book's depiction of systemic racism in mass incarceration oversimplifies complex legal and social dynamics.

## **Influence on Policy and Activism**

The book has inspired numerous advocacy groups and policy makers to reconsider harsh sentencing laws and to promote reforms aimed at reducing racial disparities in the criminal justice system. Its impact extends to movements such as Black Lives Matter and campaigns for prison abolition.

## **Controversies and Discussions**

While widely influential, "The New Jim Crow" has sparked debates about the extent to which race alone drives mass incarceration, with some commentators emphasizing other factors such as crime rates or socioeconomic status. These discussions have contributed to a more nuanced understanding of the issue.

## **Legacy and Continuing Relevance**

The new jim crow review concludes by addressing the enduring significance of Michelle Alexander's work in contemporary discourse on race and justice. Over a decade after its release, the book remains a foundational text for activists, scholars, and policymakers.

## **Ongoing Criminal Justice Reforms**

The book's call to dismantle the racial caste system has influenced legislative efforts to reform sentencing laws, improve reentry programs, and address racial profiling and police violence. These reforms reflect the book's lasting influence on public policy.

## **Educational and Cultural Impact**

"The New Jim Crow" continues to be widely taught and discussed, fostering greater awareness about systemic racism and encouraging critical examination of the criminal justice system. Its concepts have permeated popular culture and academic discourse alike.

## **Future Challenges**

Despite progress, challenges remain in eradicating the structures that Alexander critiques. Ongoing debates about policing, sentencing, and racial justice underscore the need for continued vigilance and reform inspired by the book's insights.

- Mass incarceration disproportionately affects African Americans
- The War on Drugs fueled systemic racial discrimination
- Legalized discrimination extends beyond imprisonment
- Criminal justice policies perpetuate economic and social inequality
- The book has sparked significant policy and activist responses

## **Frequently Asked Questions**

### **What is the central theme of 'The New Jim Crow' by Michelle Alexander?**

The central theme of 'The New Jim Crow' is the systemic racial discrimination embedded within the American criminal justice system, particularly focusing on mass incarceration as a form of racial control akin to the Jim Crow laws.

### **Why has 'The New Jim Crow' received significant attention in recent years?**

'The New Jim Crow' has gained attention due to ongoing discussions about racial inequality, police brutality, and criminal justice reform, highlighting the book's relevance in understanding systemic racism today.

### **What are some criticisms mentioned in reviews of 'The New Jim Crow'?**

Some criticisms include that the book may oversimplify complex issues, overemphasize the role of the war on drugs, or underrepresent other factors contributing to mass incarceration.

## **How does 'The New Jim Crow' explain the connection between the war on drugs and racial disparities in incarceration?**

The book argues that the war on drugs disproportionately targets African Americans, leading to higher arrest and incarceration rates, which perpetuates racial caste systems similar to Jim Crow-era segregation.

## **What impact has 'The New Jim Crow' had on social justice movements?**

'The New Jim Crow' has influenced activists, policymakers, and educators by providing a framework to understand mass incarceration as a racial justice issue, fueling campaigns for criminal justice reform and racial equality.

## **Is 'The New Jim Crow' considered a reliable academic source?**

Yes, 'The New Jim Crow' is widely regarded as a seminal scholarly work, supported by extensive research and legal analysis, though readers are encouraged to consider multiple perspectives.

## **How accessible is 'The New Jim Crow' for general readers?**

While the book is scholarly, Michelle Alexander writes in a clear and engaging style, making complex legal and social issues accessible to a broad audience interested in social justice.

## **What solutions does 'The New Jim Crow' propose to address mass incarceration?**

The book advocates for ending the war on drugs, dismantling the racial caste system in the criminal justice system, and promoting policies focused on rehabilitation and social equity.

## **Where can I find detailed reviews of 'The New Jim Crow'?**

Detailed reviews can be found in academic journals, major newspapers like The New York Times and The Guardian, and platforms like Goodreads and Amazon where readers share their insights.

## **Additional Resources**

1. *The New Jim Crow: Mass Incarceration in the Age of Colorblindness* by Michelle Alexander

This groundbreaking book argues that the U.S. criminal justice system functions as a contemporary system of racial control, akin to the Jim Crow laws. Alexander explores how mass incarceration disproportionately affects African Americans and creates a racial underclass. The book challenges readers to rethink the fairness and equity of the justice system and its impact on civil rights.

2. *Locked In: The True Causes of Mass Incarceration—and How to Achieve Real Reform* by John F. Pfaff

Pfaff critiques common narratives about mass incarceration, offering a fresh perspective backed by extensive data analysis. He explains why previous reforms have failed and proposes practical solutions to reduce prison populations effectively. This book complements the arguments in *The New Jim Crow*.

Jim Crow by highlighting systemic issues.

3. *Invisible No More: Police Violence Against Black Women and Women of Color* by Andrea Ritchie  
Ritchie sheds light on the often-overlooked experiences of Black women and women of color with police violence. The book expands the conversation on racial justice beyond incarceration to include policing and systemic abuse. It is a crucial companion to discussions about mass incarceration and racial discrimination.

4. *Just Mercy: A Story of Justice and Redemption* by Bryan Stevenson  
This memoir recounts Stevenson's work as a lawyer fighting wrongful convictions and advocating for marginalized individuals in the criminal justice system. The book humanizes the systemic issues highlighted in *The New Jim Crow* through compelling personal stories. It emphasizes the need for mercy and reform in the justice system.

5. *Race to Incarcerate* by Marc Mauer  
Mauer provides a detailed history and analysis of the explosive growth of incarceration in the United States, emphasizing racial disparities. The book examines policies and political decisions that have fueled mass incarceration. It is an essential resource for understanding the systemic roots of the problems discussed in *The New Jim Crow*.

6. *From the War on Poverty to the War on Crime: The Making of Mass Incarceration in America* by Elizabeth Hinton  
Hinton traces the historical development of mass incarceration, linking it to policy shifts in the 1960s and 1970s. The book argues that political strategies aimed at controlling poor and minority populations contributed to the rise of the prison state. It offers historical context that deepens the analysis presented in *The New Jim Crow*.

7. *Are Prisons Obsolete?* by Angela Y. Davis  
Davis challenges the very notion of prisons as a solution to social problems and advocates for abolitionist perspectives. The book critiques the prison-industrial complex and explores alternatives to incarceration. It provides a radical framework for thinking about criminal justice reform beyond incremental changes.

8. *Golden Gulag: Prisons, Surplus, Crisis, and Opposition in Globalizing California* by Ruth Wilson Gilmore  
Gilmore investigates the political economy behind California's prison boom, connecting it to broader issues of economic crisis and racial capitalism. The book explores how economic forces and state policies converged to expand incarceration. It complements *The New Jim Crow* by showing the intersection of race, economy, and incarceration.

9. *Policing the Black Man: Arrest, Prosecution, and Imprisonment* edited by Angela J. Davis  
This collection of essays by legal scholars examines the systemic biases Black men face at every stage of the criminal justice process. The book offers a comprehensive look at how race shapes policing, prosecution, and sentencing. It is an important resource for understanding the mechanisms of racial control discussed in *The New Jim Crow*.

**the new jim crow review: The New Jim Crow** Michelle Alexander, 2020-01-07 One of the New York Times's Best Books of the 21st Century Named one of the most important nonfiction books of the 21st century by Entertainment Weekly, Slate, Chronicle of Higher Education, Literary Hub, Book Riot, and Zora A tenth-anniversary edition of the iconic bestseller—one of the most influential books of the past 20 years, according to the Chronicle of Higher Education—with a new preface by the author It is in no small part thanks to Alexander's account that civil rights organizations such as Black Lives Matter have focused so much of their energy on the criminal justice system. —Adam Shatz, London Review of Books Seldom does a book have the impact of Michelle Alexander's *The New Jim Crow*. Since it was first published in 2010, it has been cited in judicial decisions and has been adopted in campus-wide and community-wide reads; it helped inspire the creation of the Marshall Project and the new \$100 million Art for Justice Fund; it has been the winner of numerous prizes, including the prestigious NAACP Image Award; and it has spent nearly 250 weeks on the New York Times bestseller list. Most important of all, it has spawned a whole generation of criminal justice reform activists and organizations motivated by Michelle Alexander's unforgettable argument that we have not ended racial caste in America; we have merely redesigned it. As the Birmingham News proclaimed, it is undoubtedly the most important book published in this century about the U.S. Now, ten years after it was first published, The New Press is proud to issue a tenth-anniversary edition with a new preface by Michelle Alexander that discusses the impact the book has had and the state of the criminal justice reform movement today.

**the new jim crow review: Summary of the New Jim Crow** Michelle Alexander, FastReads, 2017-04-06 Don't miss this summary of Michelle Alexander's controversial and eye-opening book: *The New Jim Crow: Mass Incarceration in the Age of Colorblindness*. This FastReads' Summary provides chapter synopses, key takeaways, and analysis to help you fully digest this stunning and explosive criticism of the modern racial caste system in America. What Will You Learn from Reading This Book? The history of racism, slavery, Jim Crow, and modern discrimination in America Evidence behind the systematic incarceration of black people in America How the stigma of black criminals isn't just for criminals The viscous cycle of crime and recidivism in black communities The racially-driven double standards that penetrate the American justice system How these current injustices were intentionally engineered to replace the old Jim Crow and maintain racial inequality Book Summary Overview Obama's election as the president might have seemed like the dawn of a new era of colorblindness in America, but Alexander argues that we are far from eradicating racism—we have just redesigned it. Alexander also presents sufficient evidence to help the reader come to terms with the horrifying realities of modern racism. Ultimately, she concludes that although the prison system is supposed to reform people, it acts primarily as method of control and servitude in America—very much like slavery. Alexander's disarming voice and candor make this an incredible book, despite the grimness of its overarching themes. Click Buy Now with 1-Click to Own Your Copy Today! **the new jim crow review: Summary of the New Jim Crow** Instaread, 2016-04-06 Summary of *The New Jim Crow* by Michelle Alexander | Includes Analysis Preview: *The New Jim Crow* argues that the ongoing War on Drugs and the resulting mass incarceration of African Americans is the moral equivalent of Jim Crow. Beginning in the seventeenth century, institutions emerged in colonial America that contributed to the creation of a racial caste system. America's current racial caste system builds upon the legacy of both chattel slavery that existed in the United States prior to the Civil War and on the system of Jim Crow laws that designated African Americans to second-class citizenship in many parts of the American South prior to the civil rights movement. This racial caste system is perpetuated across the country by members of both political parties. It has resulted in a large number of African American men who cannot vote, serve on juries, or find employment and housing. Discrimination against convicts is legally accepted and widespread... **the new jim crow review: Summary & Review of The 100 Best Non Fiction Books** Nelson KJ, Summary & Review of *The 100 Best Non Fiction Books* is a curated collection of the most influential and thought-provoking nonfiction works throughout history. From ancient philosophical texts to contemporary works of science and memoir, this book offers a diverse range of topics and authors that have shaped the nonfiction genre. With concise summaries and balanced reviews for each of the 100 books, this guide is a valuable resource for anyone interested in exploring the depth and breadth of nonfiction literature.

**the new jim crow review: Summary | the New Jim Crow** FastDigest-Summary, 2018-04-08 A Complete Summary of *The New Jim Crow: Mass Incarceration in the Age of Colorblindness* *The New Jim Crow* is a book written by Michelle Alexander. The book is about the increased percentage of incarceration among the African-American population in the United States and the segregation that is imposed on them and that controls them. The new Jim Crow is actually a continuation of the Jim Crow legal system which was present in the United States of America prior to the Civil War. Back then, the African American people were deemed second-class citizens, which meant that they had no rights. This meant that African-American people had no right to vote, no right to participate in the judicial or legal system, and had no representatives of their own in the entire legal system. The mistreatment of the African American people did not end when these things ended; in fact, the problems regarding segregation of African-American people are still present today. Michelle Alexander's book is here to show us the truth about segregation, which is often hidden through political promises or even negligence. *The New Jim Crow* is an interesting, eye-opening book, which everyone should read in order to understand the issues of continued racial segregation in the United States. Our summary is divided into several sections: first we will summarize the book, and try to learn as much as we can about what the author is trying to say. After this, we will have an analysis of the book and then a quiz with answers to test your knowledge. Finally, we will give you a short conclusion just to review everything we have learned. So, let's get started. Here Is A Preview Of What You Will Get: - In *The New Jim Crow*, you will get a summarized version of the book. - In *The New Jim Crow*, you will find the book analyzed to further strengthen your knowledge. - In *The New*

Jim Crow, you will get some fun multiple choice quizzes, along with answers to help you learn about the book. Get a copy, and learn everything about The New Jim Crow .

**the new jim crow review:** *The Political Roots of Racial Tracking in American Criminal Justice* Nina M. Moore, 2015-01-26 The race problem in the American criminal justice system persists because we enable it. The tendency of liberals to point a finger at law enforcement, racial conservatives, the War on Drugs, is misguided. Black as well as white voters, Democrat as much as Republican lawmakers, President Obama as much as Reagan, both Congress and the Supreme Court alike; all are implicated. We all are 'The Man'. Whether the problem is defined in terms of blacks' overrepresentation in prisons or in terms of the disproportional use of deadly police force against blacks, not enough of us demand that something be done. *The Political Roots of Racial Tracking in American Criminal Justice* is the story of how the race problem in criminal justice is continually enabled in the national crime policy process, and why.

**the new jim crow review:** *Jim Crow's Last Stand* Thomas Aiello, 2019-09-02 A remnant of the racist post-Reconstruction Redeemer sociopolitical agenda, Louisiana's nonunanimous jury-verdict law permitted juries to convict criminal defendants with only nine, and later ten, out of twelve votes: a legal oddity. On the surface, it was meant to speed convictions. In practice, the law funneled many convicts—especially African Americans—into Louisiana's burgeoning convict lease system. Although it faced multiple legal challenges through the years, the law endured well after convict leasing had ended. Few were aware of its existence, let alone its original purpose. In fact, the original publication of *Jim Crow's Last Stand* was one of the first attempts to call attention to the historical injustice caused by this law. This updated edition of *Jim Crow's Last Stand* unpacks the origins of the statute in Bourbon Louisiana, traces its survival through the civil rights era, and ends with the successful effort to overturn the nonunanimous jury practice, a policy that officially went into effect on January 1, 2019.

**the new jim crow review: Cultural Complexes and the Soul of America** Thomas Singer, 2020-05-07 *Cultural Complexes and the Soul of America* explores many of the cultural complexes that comprise the collective psychic-filtering system of emotions, ideas, and beliefs that possess the United States today. With chapters by an international selection of leading authors, the book covers ideas both broad and specific, and presents unique insight into the current state of the nation. The voices included in this volume amplify contemporary concerns, linking them to themes which have existed in the American psyche for decades while also looking to the future. Part One examines meta themes, including history, purity, dominion, and democracy in the age of Trump. Part Two looks at key complexes including race, gender, the environment, immigration, national character, and medicine. The overall message is that it is in wrestling with these complexes that the soul of America is forged or undone. This highly relevant book will be essential reading for academics and students of Jungian and post-Jungian ideas, politics, sociology, and American studies. It will also be of great interest to Jungian analysts in practice and in training, and anyone interested in the current state of the US.

**the new jim crow review:** *From the War on Poverty to the War on Crime* Elizabeth Hinton, 2016-05-02 How did the land of the free become the home of the world's largest prison system? Elizabeth Hinton traces the rise of mass incarceration to an ironic source: not the War on Drugs of the Reagan administration but the War on Crime that began during Johnson's Great Society at the height of the civil rights era.

**the new jim crow review:** *Nation of Victims* Vivek Ramaswamy, 2022-09-13 The New York Times bestselling author of *Woke Inc.* and a 2024 presidential candidate makes the case that the essence of true American identity is to pursue excellence unapologetically and reject victimhood culture. Hardship is now equated with victimhood. Outward displays of vulnerability in defeat are celebrated over winning unabashedly. The pursuit of excellence and exceptionalism are at the heart of American identity, and the disappearance of these ideals in our country leaves a deep moral and cultural vacuum in its wake. But the solution isn't to simply complain about it. It's to revive a new cultural movement in America that puts excellence first again. Leaders have called Ramaswamy "the

most compelling conservative voice in the country” and “one of the towering intellects in America,” and this book reveals why: he spares neither left nor right in this scathing indictment of the victimhood culture at the heart of America’s national decline. In this national bestseller, Ramaswamy explains that we’re a nation of victims now. It’s one of the few things we still have left in common—across black victims, white victims, liberal victims, and conservative victims. Victims of each other, and ultimately, of ourselves. This fearless, provocative book is for readers who dare to look in the mirror and question their most sacred assumptions about who we are and how we got here. Intricately tracing history from the fall of Rome to the rise of America, weaving Western philosophy with Eastern theology in ways that moved Jefferson and Adams centuries ago, this book describes the rise and the fall of the American experiment itself—and hopefully its reincarnation.

**the new jim crow review: *Fault Lines*** Voddie T. Baucham, 2021-04-06 In this powerful book, Voddie Baucham, a preacher, professor, and cultural apologist, explains the sinister worldview behind the social justice movement and Critical Race Theory--revealing how it already has infiltrated some seminaries, leading to internal denominational conflict, canceled careers, and lost livelihoods. Like a fault line, it threatens American culture in general--and the evangelical church in particular.--From publisher's description.

**the new jim crow review: *Deterritorializing/Reterritorializing*** Nancy Ares, Edward Buendía, Robert Helfenbein, 2017-05-10 This volume features scholars who use a critical geography framework to analyze how constructions of social space shape education reform. In particular, they situate their work in present-day neoliberal policies that are pushing responsibility for economic and social welfare, as well as education policy and practice, out of federal and into more local entities. States, cities, and school boards are being given more responsibility and power in determining curriculum content and standards, accompanied by increasing privatization of public education through the rise of charter schools and for-profit organizations’ incursion into managing schools. Given these pressures, critical geography’s unique approach to spatial constructions of schools is crucially important. Reterritorialization and deterritorialization, or the varying flows of people and capital across space and time, are highlighted to understand spatial forces operating on such things as schools, communities, people, and culture. Authors from multiple fields of study contribute to this book’s examination of how social, political, and historical dimensions of spatial forces, especially racial/ethnic and other markers of difference, shape are shaped by processes and outcomes of school reform.

**the new jim crow review: *Free Speech and Intellectual Diversity in Higher Education*** Paul Carrese, Carol McNamara, James Stoner, 2023-06-19 The essays in *Free Speech and Intellectual Diversity in Higher Education* reflect diverse perspectives on one of the most pressing issues in higher education--the controversies over freedom of speech and its relation to intellectual diversity. Does the First Amendment apply on campuses and do its principles clarify or obscure the issues surrounding campus speech? What, after all, is the basis for those principles, and how do they relate to the purposes of the university? Is free speech truly effective without a diversity of perspectives, and to what extent is such diversity found at universities today? Does free speech discourage the inclusion of minorities or previously excluded groups? Are there specific policies that can address the issue of free speech on campuses today in ways that are fair to all parties and to the interests at stake?

**the new jim crow review: *The First Civil Right*** Naomi Murakawa, 2014 In *The First Civil Right* is a groundbreaking analysis of root of the conflicts that lie at the intersection of race and the legal system in America. Naomi Murakawa inverts the conventional wisdom by arguing that the expansion of the federal carceral state--a system that disproportionately imprisons blacks and Latinos--was, in fact, rooted in the civil-rights liberalism of the 1940s and early 1960s, not in the period after.

**the new jim crow review: *Cheap on Crime*** Hadar Aviram, 2015-02-06 After forty years of increasing prison construction and incarceration rates, winds of change are blowing through the American correctional system. The 2008 financial crisis demonstrated the unsustainability of the

incarceration project, thereby empowering policy makers to reform punishment through fiscal prudence and austerity. In *Cheap on Crime*, Hadar Aviram draws on years of archival and journalistic research and builds on social history and economics literature to show the powerful impact of recession-era discourse on the death penalty, the war on drugs, incarceration practices, prison health care, and other aspects of the American correctional landscape.

**the new jim crow review:** *The Ethics of Interdependence* William F. Felice, 2016-07-15 In this powerful book, William F. Felice argues that a new range of human rights duties for individuals, nation-states, and global institutions has emerged in our modern interconnected era. He investigates the compelling ideas of ethical interdependence and new global human rights duties in four case studies: mass incarceration in the United States, LGBT rights in Africa, women's rights in Saudi Arabia, and environmental rights in China. Felice argues that in all four cases a "human rights threshold" has been surpassed, and urgent action is needed to address unacceptable levels of human suffering. Beginning with a primer on how the international community through the United Nations has codified international human rights law, Felice explores the conflicts between rights, problems of compliance, and the difficulties that emerge when cultural and religious rights are privileged over the rights of individuals and groups. He shows that a robust normative framework of global governance and global citizenship is central to the actualization of human rights protection for all.

**the new jim crow review:** *Mothers of the Military* Wendy M. Christensen, 2018-08-09 *Mothers of the Military* examines the distinctive kinds of support required during an increasingly privatized war, specifically material, moral and healthcare support. Mothers are a particularly key part of the current support system for service members, and Wendy Christensen follows the mothers of U.S. service members in the War on Terrorism through the stages of recruitment, deployment, and post-deployment. Bringing to light the experiences and stories of women who are largely invisible during war—the mothers of service members. Over 2.5 million members of the U.S. military have deployed to Iraq or Afghanistan during the now 16 year-long war. Each service member has loved ones—spouses, parents and children—who provide necessary emotional and physical support during deployment. This book has three goals. The first is to make mothers' experiences during wartime visible. The second is to interrogate what support means during war. Finally, it examines the impact of war support on mothers' political participation. Ideally, civilians provide moral approval of war, patriotism, and extend understanding and appreciation of the sacrifice enlistees and their families are making. But, in these long wars, public and political approval has plummeted. It is not surprising this narrow slice of Americans dealing with the daily realities of war feels increasingly separate from civilians. Military families are isolated from those Americans who are able to ignore the war or offer superficial expressions of patriotic gratitude. Mothers occupy a complex gendered location during wartime. Even though women are now serving in combat positions, women have historically held down the home front, where family labor is still assigned disproportionately to women. However, the military does not treat mothers and fathers equally. The military assumes fathers will be supportive of service, and calls on them to be proud of the courageous decision their child has made. They consider mothers, on the other hand, potential impediments to service, not wanting their child in harm's way. Through each stage of service, mothers take on different kinds of support for their child, for the military, and for war policy. At each stage of war, mothers are prescribed a gendered support position. In recruitment material, the military assumes mothers will be emotional and worried about enlistment, so they appeal to mother's love and need for their child to be safe. During deployment, mothers provide supplies and moral support. Declining enlistment numbers and a long war have led to multiple deployments and unprecedented burdens on military families. These mothers step in to help with childcare and finances. Furthermore, mothers are overwhelmingly, according to military studies, the ones providing mental and physical healthcare when veterans need it. As providers of critical systems of war support, mothers bear much of the burden of the current wars. War provides mothers a way to participate in the national project, but the uneven burden of being a constant "supporter" further marginalizes their citizenship. The gendered support role the military designs for mothers is not designed to facilitate active democratic citizenship but rather to

make it seem natural that they, too, fall in line with the chain of command. Mothers of the Military, as a whole, asks how the acts of supplying material, moral, and medical support end up so often marginalizing mothers as citizens from the political process and under what conditions do mothers resist?

**the new jim crow review:** Digest; Review of Reviews Incorporating Literary Digest , 1902

**the new jim crow review: Trauma-Informed Juvenile Justice in the United States** Judah Oudshoorn, 2016-08-23 Most youth who come in conflict with the law have experienced some form of trauma, yet many justice professionals are ill-equipped to deal with the effects trauma has on youth and instead reinforce a system that further traumatizes young offenders while ignoring the needs of victims. By taking a trauma-informed perspective, this text provides a much-needed alternative—one that allows for interventions based on principles of healing and restorative justice, rather than on punishment and risk assessment. In addition to providing a comprehensive historical overview of youth justice in Canada, Judah Oudshoorn addresses the context of youth offending by examining both individual trauma—including its emotional, cognitive, and behavioural effects—and collective trauma. The author tackles some of the most difficult problems facing youth justice today, especially the ongoing cycles of intergenerational trauma caused by the colonization of Indigenous peoples and patriarchal violence, and demonstrates how a trauma-informed approach to youth justice can work toward preventing crime and healing offenders, victims, and communities. Featuring a foreword written by Howard Zehr, case stories from the author's own work with victims and offenders, questions for reflection, and annotated lists of recommended readings, this engaging text is the perfect resource for college and university students in the field of youth justice.

**What is the Difference Between `new object()` and `new {}` in C#?** Note that if you declared it `var a = new { }; and var o = new object();`, then there is one difference, former is assignable only to another similar anonymous object, while latter

**When to use "new" and when not to, in C++? - Stack Overflow** You should use new when you wish an object to remain in existence until you delete it. If you do not use new then the object will be destroyed when it goes out of scope

**Difference between 'new operator' and 'operator new'?** A new expression is the whole phrase that begins with new. So what do you call just the "new" part of it? If it's wrong to call that the new operator, then we should not call

**Refresh powerBI data with additional column - Stack Overflow** I have built a powerBI dashboard with data source from Datalake Gen2. I am trying to add new column into my original data source. How to refresh from PowerBI side without

**html - target="\_blank" vs. target="\_new" - Stack Overflow** 0 The target attribute of a link forces the browser to open the destination page in a new browser window. Using \_blank as a target value will spawn a new window every time

**How to get to a new line in Python Shell? - Stack Overflow** Yeah it works, but two questions: 1.where did you learn this, in Python tutorial? 2.This is too unnatural, is there a way i can just type Enter to go to a new line, like in most IDEs?

**Create a branch in Git from another branch - Stack Overflow** 2. To create a new branch from the branch you do have checked out: `git branch new_branch` This is great for making backups before rebasing, squashing, hard resetting,

**New 2025 YZ250X - Yamaha 2 Stroke - ThumperTalk** Gonna give a two stroke a try for this seasons enduro championship in D36 after 3 years on 450's. Slowly going through it one or two changes at a time. Will share thoughts. First

**How do I create a remote Git branch? - Stack Overflow** I created a local branch. How do I push it to the remote server? UPDATE: I have written a simpler answer for Git 2.0 here

**Creating an empty Pandas DataFrame, and then filling it** If new row values depend on previous row values as in the OP, then depending on the number of columns, it might be better to loop over a

pre-initialized dataframe of zeros or grow a Python

**What is the Difference Between `new object()` and `new {}` in C#?** Note that if you declared it `var a = new { }; and var o = new object();`, then there is one difference, former is assignable only to another similar anonymous object, while latter
