Created by Connor Boyack, the series features the adventures of twins Ethan and Emily Tuttle as they explore various economic and political ideas. Each book tackles a specific topic, often inspired by the works of classical liberal thinkers such as Friedrich Hayek, Ludwig von Mises, and Frederic Bastiat. Since its inception, the series has grown to include numerous titles, workbooks, and supplementary materials, all aimed at making education about freedom and entrepreneurship accessible to younger audiences.

Author and Creation
