The game allows players to create a party of up to six characters, each with unique classes and abilities. Strategic selection of classes ensures a balanced team capable of handling various combat situations and quests.

Choosing Classes

Each class in Icewind Dale has its strengths and weaknesses. Popular classes include:

- **Warriors:** Ideal for frontline combat, they can soak up damage and deal significant physical damage.
- **Mages:** Provide powerful spells but are vulnerable in direct combat.
- **Clerics:** Vital for healing and support, they can wield weapons and cast divine spells.
- **Thieves:** Essential for stealth, unlocking doors, and disarming traps.

A well-rounded party typically includes a mix of these classes, ensuring that players can handle a variety of challenges, from brute force encounters to complex puzzles.

Character Attributes

When creating characters, players should focus on key attributes that will enhance their chosen class.

Important attributes include:

- **Strength:** Crucial for melee characters.
- **Dexterity:** Important for ranged characters and thieves.

- **Wisdom:** Important for clerics and their spellcasting abilities.

Strategically allocating points to these attributes can create specialized characters that excel in specific roles, enhancing overall party performance.

Players should explore every nook and cranny, as many items and quests are missable if players rush through areas.

Combat Strategies

Combat in Icewind Dale can be intense and requires strategic planning. Here are some combat strategies to consider:

- **Positioning:** Place melee characters in the front lines while keeping ranged and spellcasting characters at a safe distance.
- **Target Priority:** Focus attacks on enemy spellcasters or healers first to reduce their threat.

This game is a completely separate story from the first 2, with different cast, different story, and even different art style. After many, MANY RPGs that I've played during 2020, playing Bravely Default 2 was a hard change, but not a bad one. Bravely Default II is a VERY RPG game, and by that I mean there are save points in dungeons, there are tents to heal up, tons of weapons and jobs, etc. This is a game where you cannot save anywhere, where save points won't heal your HP and MP, and when you need to grind to get stronger.
